To correctly Estimate the Value of a Journal

JUDGE it by the extent to which its subscription list represents the substantial element of the profession or trade to which it caters---does it reach the man with the purchasing power.

Judged along these lines the Canadian Engineer occupies a unique position for reaching the Engineers, Contractors, Purchasing Agents, &c., &c.

RAILWAY ENGINEERING

By **CECIL B. SMITH, Ma. E.**

Treats chiefly of location, construction and maintenance, thus enabling the young engineer to take a more intelligent interest in and general understanding of the general principles on which railways are surveyed, constructed and operated. Care is taken to give only what is fairly well tried and established. It gives each part its due importance, the combination of the whole subject technically considered as a ground work for future study.

A 200 Page Treatise, Fully Illustrated.

The Price is \$1.50.
