

CASUAL COMMENTS.

The Water Works Committee are no doubt hugging themselves with satisfaction because they have succeeded in...

They might for instance, take into consideration the question of saving the amount now paid for collecting water rates by making water free to all citizens...

This mention of the Street Railway makes me mad. If there's anything I hate it's getting whapped in a fight, especially when it's so near a win as the Street Railway fight was...

There's a terrible fuss being made about the boozing going on at Ottawa and Quebec. The papers are filling col-

umn after column with spicy accounts of the rascals and virtuous elements...

No doubt they stole it but so do hundreds of men who make what is called a fortune. It is only a question of how it is done...

With is this? Why do we look on with such complacency while men and women are despoiled of the wealth they so hardily produce for the pittance called wages...

I think he does, but there are no more honest preached against this same respectable member, not many editors written calling attention to his deceptions...

I wish it was amusing to note our inconsistency, but the complacency with which we are inconsistent is maddening...

This is a perfect future now for trimmed fowls but the fowl. Credit here is the training most in use and some expensive devices are possible in this department...

"SCAB" UNIONS. S. A. S. Editor of the St. Louis Democrat writes that he has been asked to report on the united labor organizations of St. Louis...

The waterworks of the city of St. Paul were once private property. The city bought and operated the plant. The cost of water was reduced to the citizens nearly one-half and the city still derived a large income from this source...
