

Educational Journal of Western Canada.

August-September, 1899.

Vol 1. Brandon, Manitoba, No 5.

TEACHERS

WHO ARE UP-TO DATE

recognize the fact
that the practice of Total Abstinence tends to longevity
and are not surprised when they are told that

The Temperance & General Life Assurance Co.

had a lower mortality in its Temperance
Section than has ever been recorded by any other
Company anywhere for a similar period
of time. The T. & G. is the Total
Abstainers' Company in Can-
ada and is therefore

THE BEST COMPANY FOR THE BEST RISKS.
