A WORD TO THE AGED.—Are you
troubled with Asthma, sore throat, and cough? Do
not injure yourself by taking large doses of phos-
phoric acid, or other violent remedies, but try
AL TALETS, which act gently and certainly on the
lungs and throat. They cannot do harm, and always
afford relief. Price, One Shilling, sterling at MORTON'S
Medical Warehouse, by
G. E. MORTON & CO.

The great object of the physician
ought ever to be, the application of the proper remedy
to the proper place, at the proper time, and be fails
in curing disease just as he fails in carrying out this
practical principle. Durno's Snuff reaches the spot
in all cases of catarrh, sore throat, and pain in the
head.

Nothing Nauseous in it. Have
you reason to suppose that your children are troubled
with worms? If so, you will be glad to learn that all
that is necessary is to get a bottle of DRYAN'S
TASTELESS VERMIFUGE for twenty five cents and
give three or four doses of it. There is no difficulty
with this Vermifuge and every family will find it
with a blessing.

When the ladies passed from tight
sleeves to very large ones, not a few died or were
disfigured by burns from the balloons on their arms
catching fire. At present, the form of distribution is
rheumatism, tricholox, and every form of cold—
Sufferers should remember that the Mountain Indian
Liniment, cures Rheumatism, and Dr. Stone's Cough
Lixir, is an effectual remedy for Coughs and Colds.

**Dr. Wm. Abbott's Medicated BIT-
TERS** is the best medicine ever used for Spring and
Summer complaints. It has been more liberally pa-
tronized than any other in this country. It is the
same Bitters which has restored so many invalids to
health throughout the New England States during
the past thirty years.

N.B. Beware of imitations.

They tell me I am handsome yet,
And all the ladies say,
"Do look at him, the dear old man
Grown younger every day."
And when each friend asks, "At your age,
How came you to be so well?"
I always answer, "I have used
The California Pills."

Among the Romans cosmetics were
early in use. Chalk and Rouge were employed then
as now for the face, and depilatory for the removal
of obnoxious hair. The wife of Nero is said to have
invented an unctuous paste, in esteem among the
ladies of that period, as a softener of the skin; but
no where do we read of any save or ungentle of such
universal celebrity, for the speedy cure of sores, cuts,
bruises, burns, and every wound, as the popular
ointment introduced by a Russian Soldier into Ame-
rica, and known as the Russia Salve, sold everywhere.

Men have not become great by one
great deed, but by an accumulation of good ac-
t—This constitutes the reputation of Durno's Snuff, its
universal good effects.

THE GREAT FAMILY REMEDY.

G. W. Stone's Vegetable Liquid Cathartic.

The public do not require to be told that a
mild, safe, and reliable Cathartic in a liquid
form, agreeable to the taste, and one which
purges without violence, is a desideratum in
medicine. This fact will be admitted by all.
Such a discovery has been often attempted, but
without success, until the introduction of the
above named Remedy.

No patent medicine ever met with such
ready approval by physicians as this. Many
regular practitioners are using it daily, all of
whom have spoken of it in the highest terms
of praise. Persons for the want of a better
have been obliged to resort to the use of drastic,
nauseous and oftentimes injurious purgatives,
which cause more or less depletion, and fail to
accomplish the object for which they are taken;
on the contrary they often increase the diffi-
culty and render the patient less curable. This
invaluable remedy is composed of barks, roots
and seeds, the medical properties of which are
exactly adapted to the cure of these complaints
for which it is recommended. This medicine
is not intended simply as a cathartic; its value
as such is insignificant, when compared with
its power of purifying the blood from all hu-
mours, regulating the action of the bowels,
during dyspepsia, restoring the appetite, pro-
ducing a healthy action of the liver, freeing the
stomach from bile, and invigorating and
strengthening the whole system. It is a cer-
tain cure for the Piles, and those suffering from
that complaint should give it a trial. For all
diseases of the Bowels it cannot be recommend-
ed too highly. In Summer Complaints, Di-
arrhoea, Cholera Morbus, &c., it will be found
invaluable.

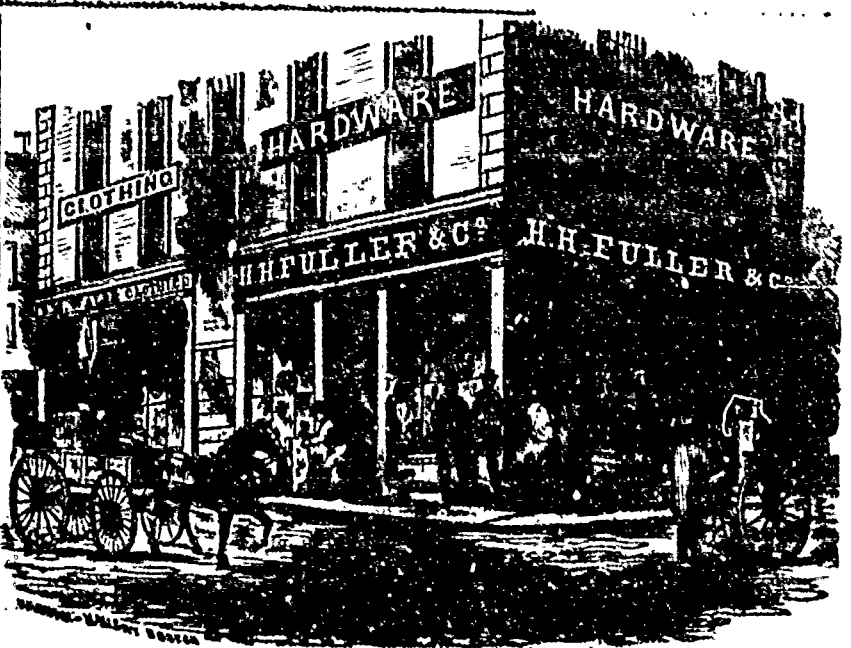

Loss of Appetite, Indigestion, general De-
bility, &c. are often caused by wind in the
Stomach, which this remedy will dispel at
once. It is an excellent remedy for Sea Sick-
ness. Those having occasion to travel by
water, will find this a valuable remedy.
