

31. *ONCHIDELLA CARPENTERI*, W. G. Binney, Proc. Ac. Nat. Sci., Phil., 1860, 154.

Not taken by myself, but said by Binney to occur from Straits of Fuca to Gulf of California. As nearly all the mollusca recorded from the Straits of Fuca have also been found on the Vancouver coasts, it is most probable that this also occurs there. It is much smaller than *O. borealis*, and hence may have escaped my notice.

32. *CARYCHIUM EXIGUUM*, Say, sp.

*Pupa exigua*, Say, Journ. Acad. Nat. Sci., II, 375. (1822).

? = *C. minimum*, Müll. Verm. Hist. pt. II, p. 125. (1774).

Common at Comox and Salt Spring Island, but not observed near Victoria.
