HEADQUARTERS

R. HICKMAN & CO

For Good Things to Eat.

OUR expenses, comparatively speaking, are trifling. We buy for spot cash from the manufacturer that will sell the cheapest, and have all the advantages the markets afford at the present day. We want trade too quick and are too anxious for plenty of customers not to please you in the price and quality. If same goods can be got for less elsewhere, money will be cheerfully refunded. Goods not represented untruthfully. Give us a trial.
