BRIEFLETS.
Mr. Dwight L. Moody, the famous Evangelist, has grown enormously stout.
Rev. Fr. Tourangeau, S.J., sang High Mass at the Immaculate Conception Church last Sunday.
Mr. F. X. Waldron, who lately taught school in the Dauphin country, has returned to Winnipeg.

Mr. Bertram Garnett, a descendant of the martyr Fr. Garnett, S.J., and an old Stonyhurst boy, is now in Winnipeg.

The Reverend Oblate Fathers Nicoll, Brady, M.O'Reilly, John O'Brien and Stanley, are now engaged with the Very Rev. Father Ring, O.M.L., in preaching Missions in the United States.

There was graciousness as well as humor in the way the Free Press quoted our headless item on prayers for rain. Our clever contemporary entitled it "How the rain came." Now we trust our c. c. is duly grateful.

We learn from "The Owl," that the students of Ottawa University will be highly favored this year in that their annual retreat will be preached by the Very Rev. Father Ring, O.M.L., one of the most famous Oblates in the British Isles.

An old Papal Zonave, one of the few surviving heroes of Patay, Colonel Melizan was lately ordained priest by his own brother, the Oblate Archbishop of Colombo. The two priests who assisted the Archbishop in the ceremony were also brothers of Colonel the Rev. Father Melizan.

At latest advices from Victoria, B.C., the Catholic clergy there were still ignorant of any further details about the death of Bishop Lemmens. The Cathedral and Bishop's House are still draped in black, and the very mention of the late lamented Prelate's name is enough to make many of his friends weep.

Mr. N. Germain, of St. Boniface, is gradually sinking. At 74 years of age he still preserves his habitual cheerfulness, though he is fully aware that his days are numbered. May the Lord lighten his great sufferings. Our venerable friend has received the last Sacraments and is quite ready to obey the Master's call.

Charles Anderson Dana, the singularly gifted editor of the New York Sun is dead. Whatever may have been his faults, the Catholics and the Irish element in America will ever cherish the memory of a man, who, while far ahead of his contemporaries in learning and mental grasp, never pandered either to the great Protestant tradition against the Catholic Church nor to the fashionable prejudice

against Ireland's sons. The Sun was always keenly appreciative of all that is best in the children of the Church and ever spoke lovingly and with infinite relish of the lovable traits of the Irish race.

Monsignor Frain leaves for the South to-day. During his sojourn at St. Boniface Hospital he has endeared himself to all who have had the privilege of meeting him, and will carry with him their best wishes for continuance in recovered health. They will long remember the venerable prelate and his kindly and edifying conversation.

His Grace has improved wonderfully since our last issue. On Sunday morning at half past five he was able to offer up the Holy Sacrifice after more than six weeks of illness, and in the afternoon he felt strong enough to leave his room and walk outside the hospital. In fact, so marked is the improvement that the Archbishop intends to sing in his Cathedral the solemn Mass of Requiem next Friday for the repose of the soul of his late Fr. General, the Very Rev. J. B. L. Soullier. All our readers will rejoice with us over His Grace's recovering and join in thanksgiving to God.

DRINKING POISON.

Many a man who would be startled at the bare thought of sitting down and deliberately drinking a dose of poison, allows himself to be regularly and systematically poisoned day after day by accumulations of bile in the blood.

When the liver fails to do its regular work of filtering this bilious poison out of the circulation, it goes on poisoning the entire constitution just as surely as if a man was drinking prussic acid. Every part of the body is polluted. The digestive juices are suppressed and weakened. The kidneys and skin are clogged with impurities and the lungs and bronchial tubes overloaded with morbid secretions which eat away the delicate tissues, and bring about bronchitis and consumption.

All the diseases caused by this subtle process of bilious poisoning are cured by the marvelous alterative action of Dr. Pierce's Golden Medical Discovery. It directly increases the liver's natural excretive and purifying powers; gives the digestive and blood-making organs power to manufacture an abundance of red, rich, healthy blood.

It drives out all impurities, and vitalizes the circulation with the life-giving elements which restore perfect nutrition and solid muscular power. It makes fresh, pure, rich blood. It brings back appetite and nerve force and good healthy flesh. No matter how far gone people seem to be, if there is anything left to build on, the "Golden Medical Discovery" will build you up again.

"In August 1895, was taken down in bed with a burning and severe pains in my stomach and under my shoulders, and dizziness in my head," writes Ira D. Herring, Esq., of Needmore, Levy Co., Fla. "My home physician was called and he said my symptoms were more like consumption than anything else. I lingered in this way seven months trying different kinds of medicine. Nothing that I ate would digest, and I had great distress in my stomach. I was persuaded to try some of Dr. Pierce's remedies or to see what he thought of my case. I wrote him and received an answer stating that my suffering was from indigestion and torpid liver, and advising me to take Dr. Pierce's Golden Medical Discovery. The first bottle gave pleasing results. I have taken four bottles of the 'Golden Medical Discovery' and three small vials of the 'Pleasant Pellets.' I am able to do my work and eat what I could not before I took these medicines."

"I was tired all the time," writes J. Edward Davis, Esq. (Care Geo. F. Lasher), 147 North 10th Street, Philadelphia, Pa. "In the morning felt as if I had never slept, was too languid to eat, was troubled with pimples, boils, dizziness, back ache and hollow cheeks. At one time I had twenty-eight boils on my back. I became very despondent and said to myself there is no use taking medicine, nothing can cure me. One day a friend of mine told me what a cure he had performed on a child who had a bad disorder of the blood or something to that effect. I was skeptical at first and said it would not do me any good. At last one morning I woke up and found a beating pulsation in my neck, front and back. In three days I had four boils, so situated on my neck that I could not turn either way. Then I commenced to take Dr. Pierce's Golden Medical Discovery. This medicine together with Dr. Pierce's Pellets, did wonders for me.

After the first three bottles it was no new thing for folks to say: 'Hello, Ed., I didn't know you;' or 'Say, Davis, what's become of those pimples you used to have?' I took about ten bottles of the 'Golden Medical Discovery.'"

It would save doctor bills for any family to have a copy of Dr. Pierce's splendid thousand-page free book, "The People's Common Sense Medical Adviser," explaining the laws of life and health in clear and interesting language, with many valuable suggestions and receipts for curing common ailments by simple home-treatment. It has over three hundred illustrations and colored plates. A strong paper-bound copy will be sent absolutely free on receipt of 31 cents in one-cent stamps, to pay the cost of customs and mailing only. Address, World's Dispensary Medical Ass'n, Buffalo, N. Y. A handsome cloth-bound, beautifully stamped copy will be sent for 50 stamps.

Many of the North American Indians were magnificent specimens of physical manhood. This was due, largely, to their active outdoor life. Nevertheless, they had the wisdom to know that an active life in the open air alone would not keep a man healthy. They had their medicine-men, who gathered herbs from field and forest and brewed decoctions to assist the natural processes of the various vital organs.

Modern civilized men do not as a usual thing recognize the same necessity until it is too late. They ignore medicine until they are within the grasp of some serious or fatal disease. The time for a man to begin taking medicine is when he begins to feel out of sorts. If a man is thoroughly well and healthy he does not feel that way. If he does feel that way he may be pretty sure that he is half sick. When he is half sick it does not take long before he is "whole-sick." Dr. Pierce's Golden Medical Discovery is the best medicine for a man when he is sick or getting sick. It puts him all right all round. It puts his stomach right to begin with, and that is the most important point. It puts his liver right, and that is the second most important point. It purifies his blood and fills it with the life-giving elements of the food he eats, and that is the third important point. It drives out all disease germs and impurities of every description. It makes the appetite keen and hearty. It is the greatest blood-maker and flesh-builder. It cures 98 per cent. of all cases of consumption, weak lungs, spitting of blood, obstinate coughs and kindred ailments. Thousands who were given up to die have testified to their recovery under this marvelous medicine. An honest dealer will not urge a substitute for the sake of a little extra profit. He gives you what you ask for.

St. Boniface College.

THE ONLY Catholic College In America...

That competes annually with half a dozen Protestant Colleges & Collegiate Institutes.

In proportion to the number of its pupils, St. Boniface College...

Has Won... More Scholarships

Than any of its Protestant Competitors.

Read the following extract from the Northwest Review, July 8th, 1897:—
The students of St. Boniface College came off with even more than usual success. They captured the two scholarships for Greek, Achille Rousseau, of the previous year, winning the coveted \$40 over 26 competitors from his own and other colleges, and Jean Arpin the corresponding \$25 in the Preliminary over twenty competitors. As our candidates numbered only eight against forty from three other colleges, this double victory redounds greatly to their credit. Moreover Achille Rousseau was fourth out of seventy-seven in Latin and Algebra, Antonin Dubuc was first out of one hundred and thirty from St. Boniface, Winnipeg, Portage La Prairie, Brandon and Regina, in the Latin of the Preliminary. The French and His story scholarship of \$40 in the Previous was won by Fortunat Lachance. In the Latin course of Mental and Moral science, Marius Cinq-Mars took his B. A. degree with first class honors and the Silver Medal, while Noel Bernier and E. J. Golden divided the two scholarships in the Junior B. A. year, receiving \$100 each. The only other student in this year, Gustave Rocan, obtained first class marks in all the honor papers of his course. The St. Boniface candidates maintained their long established reputation for thoroughness in the pass subjects, Cinq-Mars being second out of twenty-eight in Latin and first out of thirty-three in Physics. Not one of the St. Boniface men failed in anything.

DEAR SIR,
Your Dr. Morse's Indian Root Pills are the best selling pills in the market. This is a fact. I speak with knowledge on the subject, as I have been dealing in various kinds of pills, and sell more of Morse's than any other.
If any one does not believe this I ask him to write any of my customers about it, or better still, I ask him to try a box and see if he will then use any other. I hope I may always have them. Yours gratefully,
H. M. G. BARRY.
