

November 18, 1932.

Professor E.R. Adair,
Department of History,
McGill University.

Dear Professor Adair,

I have your note of the 10th with reference to the invitation you have received to read a paper before one of the sections of the International Conference of Historians to be held at Warsaw next summer. I am glad that you have accepted and that you will appear there as a representative of McGill. If there be anything in the nature of credentials will you kindly let me know. Before you leave on your vacation next spring I shall see what can be done by way of a contribution towards your expenses.

Yours faithfully,

Principal.
