**TO YOUNG
MEN AND WOMEN
OF AMBITION.**

The object of the FEDERAL BUSINESS COLLEGE is to meet the rapidly increasing demand in all parts of Canada for thoroughly competent Book-keepers, Stenographers and Commercial Teachers.

Young men and young women, who are ambitious to secure the honors and emoluments accruing from the possession of a high-class business education, are invited to consider the facilities afforded by this institution.

The Course of Study is complete, symmetrical and practical. The faculty is composed of the best talent the country affords.

The Commercial Course is designed to give preparation for business life with the least possible sacrifice of time and money; while the Shorthand Course affords such instruction in Shorthand, Typewriting, Correspondence, Language, etc., as enables the student to become a capable Stenographer in the shortest possible time.

Instruction in this institution is confined to those things of which young men and women are certain to find most urgent need when they cross the threshold of preparatory life and are confronted with the realities of practical affairs.
