

J. W. LAWRENCE COLLECTION

NEW GUIDE
TO
THE ENGLISH TONGUE.

IN FIVE PARTS.

CONTAINING

- I. Words, both common and proper, from one to six syllables; the several sorts of monosyllables in the common words being distinguished, by tables, into words of two, three, and four letters, &c. with six short lessons at the end of each table, not exceeding the order of syllables in the foregoing tables. The several sorts of polysyllables also, being ranged in proper tables, have their syllables divided, and directions placed at the head of each table for the accent, to prevent false pronunciation; together with the like number of lessons on the foregoing tables, placed at the end of each table, as far as to words of four syllables, for the easier and more speedy way of teaching children to read.
- II. A large and useful table of words that are the same in sound, but different in signification; very necessary to prevent the writing of one word for another of the same sound.
- III. A short, but comprehensive Grammar of the English Tongue, delivered in the most familiar and instructive method of question and answer; necessary for all such persons who have the advantage only of an English education.
- IV. A useful collection of Sentences in prose and verse, divine, moral, and historical; together with a select number of Fables, adorned with proper sculptures for the better improvement of young beginners.
- V. Forms of Prayer for Children, on several occasions.

The whole, being recommended by several Clergymen and eminent Schoolmasters, as the most useful performance for the instruction of Youth, is designed

For the Use of Schools

IN GREAT BRITAIN AND IRELAND, AND IN THE SEVERAL ENGLISH
COLONIES AND PLANTATIONS ABROAD.
