

HAMILTON HAPPENINGS

BECAME SO ATTACHED TO HORSE, WOULDN'T SELL IT

Sixteen Year Old Lad Stole It To Satisfy Girl Who Was Pressing Him for Money.

HAMILTON, June 30.—(Special).—Because he needed money with which to satisfy the demands of a girl who was pressing him for funds, it is alleged that John Horning, a 16-year-old farm hand of Beverly, stole a horse and buggy from James Ashton, a Glanville farmer. According to a witness in the police court this morning, the lad became so attached to the horse that he had stolen that he changed his mind about selling it, and would not part with it. The boy was before Magistrate Jeffs this morning, and was committed for stealing the horse and wagon. Horning's mother attempted to end her life by taking carbolic acid when he was arrested a few days ago. Her condition was considered serious at first, but it is now thought she will recover.

Because Isaac Robinson wrapped his leaking gas pipes with common twine in an effort to stop the escape of gas and did not notify the company of the matter, Judge Monk this morning gave judgment against him for a gas bill amounting to \$28.85. Robinson claimed the bill was exorbitant.

Henry Dunham bought from W. A. Ross a mare, which, according to Mr. Ross' advertisement, any lady could drive. Mr. Dunham could not make the mare go, and to-day asked the law to compel the return of \$220, the purchase price of the animal. Judge Monk reserved his decision, and suggested that Mr. Ross refund the money and take back the mare.

John J. Cline, 527 East Barton-st., was painfully, but not seriously injured, by being thrown from a rig which he was driving, when he collided at the corner of Main and John-sts. this evening with a wagon driven by Silas Flower of Caledonia. He was taken to the city hospital, where Dr. Rennie dressed his wounds.

Short circuiting of two wires in an electric landing owned by Sheriff Middleton, set fire to the machine on South James-st. this evening, and before the arrival of the fire department, the vehicle was badly damaged.

The Baptists of the city propose to occupy a new church in the south-western part of the city. There are now seven churches of that denomination in the city.

Joseph Haze, a laborer, lost the fingers of his left hand this morning by the explosion of a dynamite cap with which he was playing.

Nothing has been heard of the whereabouts of Chas. Widdicombe, who disappeared from his boarding house here on Tuesday, under peculiar circumstances.

On Lake Trips To-day.

An extra holiday schedule will be in effect on the lake to-day, to provide for the traffic. The Modjeska and Macassa will leave Toronto at 9 and 11 a.m., 3, 5.30 and 10.15 p.m., and leave Hamilton at 8 a.m., 12 noon, 2.15, 7.30 and 8.30 p.m. A 75-cent fare is in force good on all trips.

VICTORIA-ST. EXTENSION WIDER.

The works committee yesterday decided to make the Victoria-street extension 71 feet wide. It developed that if the width of 66 feet were adhered to there would be an unsaleable strip 5 feet wide left on, so this will be added to the width of the proposed new section of the street, and will not call for any additional expenditure.

THREE NEW CIVIC AUTOS.

The works committee have approved of the purchase of three new cars for the city engineer's department, one for the waterworks staff and two for place horses in the roadway branch.

HAVE STRUCK OIL.

The Electrical Development Company have struck oil on their right of way a couple of miles this side of Brampton. Nine wells have been sunk and about fifty barrels of oil are being pumped a day.

They Are a Disfigurement.

On recommendation of the city engineer, the works committee have decided to ask the city collector to apply for the authority necessary to compel the C.P.R. and G.N.W. Telegraph companies to remove some old wooden poles from Yonge-street. The engineer calls them a disfigurement to the street.

CRESCENT POINT

is conceded by all to be the most attractive site along the Lake Shore road for a home. Only a short distance from High Park. Take car at Sunnyside to Stop 17 or 18. Plan at C. White & Co., 55 Victoria, St. 5485.

A Correction.

The World is informed that Harvey Kirvan, the young man who was drowned in the bay on Wednesday, did not board at 13 Isabella-st., but he had visited friends there a month ago.

Nurses for Tuberculosis Work.

The civil health department has secured the services of another nurse in connection with its tuberculosis campaign. Miss Eunice Dyke, a graduate of Johns Hopkins Hospital, will be associated with Miss Janet Wilson, who is attached to the Toronto General Hospital. Miss Dyke will have her headquarters at St. Michael's Hospital.

HARVARD EIGHT WINS

Defeats Yale All the Way in Annual Race at New London.

NEW LONDON, Conn., June 30.—For the fourth successive time Harvard eight defeated its old rival Yale on the Thames river, this afternoon. From the start Harvard never had a moment when Harvard did not have the race in hand, and in the last mile the crimson blades dipped with such ease that it gave the spectators an impression that they were not in a moment making a sport. Yale rowed beautifully all the way, but did not have the driving power of Harvard, however. The race was made spectacular by the tight over-the-boards work of Atwood, the aviator, who several times circled, and then bringing thousands to their feet in wild enthusiasm as he dipped to the water just as Harvard swept over the line. Then he landed on shore.

Both crews finished in grand condition. The official time was: Harvard, 22 min. 41 sec.; Yale 23 min. 40 1/2 sec.

EFFICIENCY of

Packard MOTOR CARS

ASK THE MAN WHO OWNS ONE

THE Kreuger Brewing Company of Newark, N. J., uses six Packard trucks. They run ten hours a day and each truck averages fifty miles, carrying a full load. Seventy-five miles in a day is not uncommon. The six trucks replace fifteen two-horse teams and effect a substantial saving in delivery cost.

Packard trucks are most efficient in long hauls—3 tons, 12 miles an hour. Ask for catalog and arrange for a demonstration.
