SOME MAGNIFICENT SCORES

Made by the Canadians at Bisley Yesterday.

POSSIBLE UPON POSSIBLE

And Numerous Ties Will Have to be Shot Off Later On.

Lieut. Davidson Rather Fell Down at the 500 Yards Range in the Second Stage of the Queen's—Blair, Kerr and White Among the Forty-Niners—Capt. White Scored High at the 600—The Canucks Made Great Scores in the Graphic Match—The Garden Party.

Bisley Camp, July 22.—(Telegram cable.)—The second stage of the Queen's Prize is being fired to-day in charming weather. The conditions governing this stage of the contest for the blue ribbon of the National Rifle Association are these: Queen's Prize—Second stage—Squadded competition. Distances, 500 and 600 yards (aggregate). Number of shots, 10 at 500, and 15 at 600. The places of the 300 competitors to be decided by their aggregate scores in the first and second stages. The first 100 will be entitled to fire in the third stage.

Nine of the regular Canadian team had qualified to shoot in the second stage, and their scores at the 500-yard range were as follows:

Blair, Sergt H C, 78th Batt......	49
Corrigan, Sergt R, 59th Batt......	46
Davidson, Lieut R J, 8th R Rifles..	40
Davidson, Capt W H, 8th R Rifles..	45
Kerr, Corp H, 48th Highlanders..	49
Langstroth, Tr A, 8th Hussars....	47
Broadhurst, Sergt J, Royal Scots...	44
Ross, Lieut W L, 13th Batt......	47
White, Capt W J B, 14th Batt.....	49

At the 600 yards range in the second stage of the Queen's Prize the Canadians scored as follows:

Blair....................	63
Corrigan................	63
Kerr....................	68
Broadhurst.............	62
White..................	69

It is also likely that Blair and Corrigan will have places in the final 100.

Kerr, Broadhurst and White are sure to have qualified for the third stage of the Queen's Prize, which will be fired on Saturday.

For the Graphic.

Every member of the Canadian team was entered for The Graphic competition to-day. The event is open to all-comers. The first prize is a silver cup, price £52 10s, and framed sketches, price £10 10s each, given by the proprietors of The Graphic, and £340 added by the N. R. A. Distance 500 yards. No. of shots, 7; entrance fee, 10s; first prize, The Graphic Cup; five prizes of three sketches in frame and £5, 10 of two sketches in frame and £5, five of £5, 30 of £3, 75 of £2.

The skill of the Canadians in The Graphic contest evoked intense enthusiasm. No less than sixteen of the twenty scored 31 points or over; seven had 33; four 32, two 31, and three pinked the bullseye every time. It was a splendid exhibition of skilful marksmanship. The enthusiasm grew in volume when Lieut. Ross, Corp. Kerr and Sergt. Broadhurst, in shooting off their ties with possibles, each again tied the other, scoring a bullseye at each shot.

Magnificent Shooting.

The scores made by the Canadians in The Graphic were as follows:

Blair, Sergt H C, 78th Batt......	33
Carter, Lieut R S, 93rd Batt.....	33
Corrigan, Sergt R, 59th Batt.....	31
Davidson, Lieut R J, 8th R Rifles..	33
Davidson, Capt W H, 8th R Rifles..	32
Drysdale, Sergt J, P W Rifles.....	33
Garson, Sergt D, 13th Batt.......	33
Kinnear, Lieut G S, 8th Hussars..	32
Kerr, Corp H, 48th Highlanders....	35
King, Lieut W C, 45th Batt.......	33
Langstroth, Tr A, 8th Hussars....	29
Marks, St-Sergt J W, 6th Fusiliers	27
Miller, Gunner W, 5th R C A......	32
Broadhurst, Sergt J, Royal Scots..	35
Ross, Lieut W L, 13th Batt......	35
Skedden, Col-Sergt E, 13th Batt...	31
Smith, St-Sergt, 59th Batt.......	32
Swaine, Pte W, 14th Batt.........	29
White, Capt W J B, 14th Batt....	29
Windatt, Corp C A, R G..........	32

In the St. George's Vase competition yesterday Capt. White of the 14th Battalion secured the 181st place, winning £2.

Davidson's Winnings.

Lieut. Davidson of the 8th Royal Rifles won the cup offered by Sir Donald Smith, the Canadian High Commissioner. The same officer also won £15 of the Mountstephen prize. Sergt. Corrigan, Trooper Langstroth, Sergt. Broadhurst, Corp. Kerr and Capt. Davidson each captured £5 of the Mountstephen prize. The aggregates which counted were those compiled by colonial marksmen in the first stage of the Queen's Prize, St. George's Challenge Vase and the Martins Cup.

It is probable that four of the Canadian contingent will qualify for the second stage of the St. George's Challenge Vase competition.

Lieut. Ross, Sergt. Broadhurst and Corp. Kerr have been ordered to again shoot off their ties in The Graphic prizes.

The Garden Party.

The garden party at the Canadian quarters to-day was a great success. An excellent luncheon was served. Major J. J. Mason, who is in charge of the Canadian squad, presided at the function. Hon. Lieut.-Col. J. M. Gibson, Provincial Commissioner of Crown Lands, was also present, together with these prominent persons: Sir Donald Smith, Canadian Commissioner to England; Howard Vincent, Col. McKinnon, Sir Henry Fletcher, many of the Australian and Cape officers and the Rajahs.

Major Mason, in welcoming the guests, made a capital speech, that was acknowledged by regular visitors to have been the best made by any Canadian commandant at Bisley. He thanked the N. R. A. for the many acts of kindness shown the Canadian team, and he assured those present that they could rely upon the Canadian volunteers for support of England in case of trouble.

Lieut.-Col. Gibson, in his speech, expressed the hope that friendship would long continue between the National Rifle Association and the Dominion Rifle Association. Sir Donald Smith spoke in a similar strain. Sir Henry Fletcher thanked the Dominion Rifle Association for passing the resolution complimentary to him for doing all that he possibly could to forward the erection of the building used as the headquarters for the Canadian squad.

Mrs. Mason was also present.

Mrs. Col. Gibson was also among the ladies at the garden party.

Lots of Ties.

Sergt. Garson, Lieut. Ross and Staff-Sergt. Smith are among the prize winners in The Graphic competition. Lieut. King, who wins 82s 6d in the same contest, shoots off a tie with 16 others. Lieut. Ross will also have to shoot off a tie in The Graphic.

The names of Sergt. Corrigan, Capt. Davidson and Lieut. Kinnear will probably be found in the prize list of the Daily Telegraph competition.

Sergt. Garson has qualified for one of the hundred who will compete in the second stage of the St. George's Challenge Vase match on Saturday. Garson fired a tie off to-day, scoring a possible 35 with his seven shots.

Daily Telegraph Match.

The Daily Telegraph match was shot to-day. This match is open to all-comers, the first prize being a cup, donated by the proprietors of The Daily Telegraph. The N. R. A. add £300 to the prize list. The distance is 600 yards, and the number of shots seven. There are 112 prizes altogether.

In this competition the Canadian scores were as follows:

Blair, Sergt H C, 78th Batt.......	30
Carter, Lieut R S, 93rd Batt....	31
Corrigan, Sergt R, 59th Batt....	33
Davidson, Lieut R J, 8th R Rifles..	30

ALREADY IN THE YUKON.

The Diamond Jubilee Co. Sent a Representative in April Last to the Scene.

With far-reaching foresight the management of the Diamond Jubilee Mineral Development Company as far back as last April, when the company was being organized, arranged to send a representative to the famous Yukon district. It was the desire of the directors to despatch a reliable expert, a gentleman with engineering training and mining knowledge, to this district from which rumors were coming of wondrous discoveries of gold. It was not the intention of the Company to divulge the fact until they had received word direct from their representative and obtained a number of properties in this new mineral district. The recent discoveries have occurred, however, in advance of all expectations and shows the foresight of the management of the Diamond Jubilee Company in being so early on the scene. A representative of the Diamond Jubilee is now on the Klondike and is furnishing the Company with complete details of the district, and has instructions to secure options or obtain control of rich properties. He is now in a position to do so before the rush and boom take place, and there is every expectation that the shareholders of the Diamond Jubilee Company will be in a position to reap the fullest amount of the benefit that may accrue from operations in this district.

Information will be given at the Head Office of the Company, 7 and 9 Toronto-street, where the shares can also be purchased, or by H. S. Mara, York Chambers, Toronto-street, Toronto.

THE LOST PARADISE.

Work Has Been Started on a Most Valuable Property.

The Kootenaian, Kaslo, B. C.

During the past few days another property tributary to Kaslo has been placed under active development work. We refer to the Lost Paradise group behind the famous Blue Bell mine on Kootenay Lake, about nine miles from Kaslo. A contract has been let to sink on the lead a shaft 6x4, and two shifts are now hard at work. Men will also be put on to strip the vein at intervals of about thirty feet, the intention of the management being to thoroughly prospect the property both on the surface and underground.

Many people have visited this property lately, and it is the consensus of opinion that it has indications of becoming a very valuable property. The lead is at least twelve feet wide and is of a most promising character. There is a solid body of quartz thoroughly impregnated with galena, which carries both gold and silver to the value of about $9 per ton, which will make very valuable concentrating ore. In addition to this there are several streaks of clean galena ore, assays of which have gone 47, 50, 66, 106, 109, 112 and 148 ounces of silver, and from 47 to 73 per cent. lead. In addition to these assays from this clean galena have yielded $15 in gold. When it is considered that this property is within one mile of the lake shore, and that a wagon road can be built to the now existing road for about $200, it will be seen that the property has every chance to become one of the producing mines in the Ainsworth-Slocan district. There are three claims in the group. The Lost Paradise, Hidden Treasure and Easter. The property is under bond to the Western Canadian Gold Fields Company, and it is the intention of the company to push development in the most vigorous manner. This company has only recently been organized in the east, and is to be congratulated upon having secured so fine a property. The officers of the company are: President, A. R. McLaren, M. P., manufacturer of the Imperial cheese, Stratford; Vice-President, Samuel Bassett, Toronto; directors, Hon. Geo. E. Foster, M. P., ex-Finance Minister of Canada, J. C. Coates, C. E., President Ottawa Gas Company, Ottawa, and Charles B. Murray, Toronto; Secretary, S. J. Sharpe, Toronto; General Manager, Herbert Cuthbert.

The John Dwyer Gold Mining Co. of Toronto, Limited.
(No Personal Liability.)
TRUSTEES: A. R. Boswell, Q.C., ex-Mayor of Toronto; C. C. Robinson of Toronto, Barrister; W. H. Knowlton, Esq., of Toronto, and Ex-Ald. Thomas Davies, Esq., of Toronto; are preparing to fit out a prospecting party to locate and operate claims on the Klondyke, in Yukon.
The party will consist of competent prospectors, under an experienced leader, and will start early in August next.
For this purpose the company offer a block of stock, strictly limited to 60,000 shares, at 10 cents a share, par value of one dollar each. All applications filed in the order received.
This is the most valuable proposition yet laid before the public. The company own and are operating a very rich property containing 240 acres in Eastern Algoma, on which there are six well-defined veins of free-milling blue-black gold-bearing quartz. The main shaft is now down 40 feet and shows splendid results.
All subscribers will share in both enterprises and are thus assured of a safe home investment and the best possible prospects of a rich return from the Klondyke Expedition, this being the first and best-equipped party to leave Ontario for that district.
The Authorized Capital of the Company is only $450,000. All Treasury Stock. No shares given away for figureheads. No Promoters' Stock. Wire, write or call at the Company's Offices

YUKON GOLD
We have been appointed agents for the formation of a Syndicate to operate in the great YUKON gold district, and will receive subscriptions up to $3000 in 300 shares of $10 each.
The YUKON is a poor man's mining country, where the precious metal can be taken out at very small cost, and the object of this Syndicate is to confine the number of subscribers to as few as possible, thereby making the profits all the more for each.
Mr. E. E. POWELL of Seattle, Wash., U.S., who has before been in the Alaska gold districts, and who is an experienced mining man, has been engaged by this Syndicate, and will go to the YUKON country almost immediately.
Subscriptions will be booked in order as received,

Proposed Capital Stock $2,000,000. Divided into 2,000,000 Shares of $1.00 Each. Fully Paid and Non-Assessable. No Presentations of Stock for Use of Prominent Individual Names.
TO BE INCORPORATED.
The Company is an auxiliary company of the Rossland Gold Mining, Development & Investment Company, will be under the same management and conducted on same successful lines as the parent company, and is formed for the purpose of acquiring and operating valuable properties in the Klondyke-Yukon district. The company anticipates sending three expeditions out this summer.
Every $10 Subscription Will Yield Hundreds,
and the company solicits the confidence of investors on the "Rossland's" record.
Single individuals have taken out $50,000 to $100,000 in a season, and with the capital at command and ability to secure the best of locations, the company can confidently expect to distribute a mint of money among its shareholders. The Company's advantages to investors are immense, and those desiring to interest themselves in it are urged to act promptly, as navigation closes in October.
From The Toronto Globe, July 21, '97,
Attention is called to the advertisement of the Yukon Mining Co., the head office of which is at 16 Melinda-street.
It is the purpose of the company to equip an exploration party for the Klondyke-Yukon district, this summer, and as they will be supplied with all improved appliances for obtaining the gold, enormous returns may be anticipated. The thorough business principles on which the Rossland company has been conducted and the success which has attended the efforts of the management are the best assurance to the public generally of the energy, enterprise and conservative methods which will obtain in the conduct of the new company. The last report of Mr. G. A. Farini, the mining engineer of the company, regarding the properties in the Kootenay is of the most satisfactory description and shows the desirability in any such venture of the possession of experience, shrewdness and devotion to the interests of the stockholders on the part of the officers of the company.
The Subscription List is now open. Shares will be allotted in order received in blocks of 100 shares and up—at 10c a share. Address
