Thrifty as Those of Other

The statement of the Penny Bank for the months of November and December shows that the school children of London are not quite so thrifty in regards to putting pennies in the bank as children in other cities of the same size. The average deposit made in the penny bank for the months of November and December by each pupil was 18 cents. Cape Croker Reserve children ciaim the highest average, that of 75 cents for each pupil for the months of November and December. The average amount deposited in the Penny Bank by school children all over Canada per month was 35 cents.
