NEWSPAPER SUSPENDS HAD BRIEF EXISTENCE

Times Blames Combination of Unforeseen Circumstances For Action.

HAMILTON, Nov. 10 .- The Ontario Newspapers' Corporation, Limited, have made the following statement tonight: "It has been found necessary to suspend publication of the Hamilton Morning Times. This has been brought about by a combination of circumstances, largely uncontrollable, which culminated today in the inability of the management to secure sufficient printers to make the issue of tomorrow's edition possible. It had been un-WOODSTOCK, Nov. 10.—After being of requisite size owing to this cause. able since Monday to publish papers

when all the facts are considered. The proposal to establish a morning newspaper in Hamilton as it presented itself to the promoters a few months ago seemed feasible, and even attractive as a commercial undertaking. Events, however, in the business world have developed so quickly and unexpectedly as to prejudice a successful operation of the enterprise which this company has undertaken.

Mr. Spracklin today held a conference with his squad of liquor sleuths, during which a vigorous campaign was mapped out. The whole district is to be sourced and closer vigilance than here-tofore maintained along the whole river front between Essex County and Michigan.

Rev. Spracklin will enter the pulpit relieved. I always became completely relieved.

Hamilton Morning Times, who also is president and general manager of the Canadian Newspapers, Service, Limited, tonight made the following statement:

"Canadian Newspaper Service, Limited, was separate and distinct from the Hamilton Times. The company purchased from the Ontario Newspapers' Corporation, Limited, the plant and business of the Canada Ready Print Company and amalgamated it with the Canadian Newspaper Service, Limited. The business of the Canadian Newspaper Service, Limited. The business of the Canadian Newspaper Service, Limited. Is not affected by the suspension of the Hamilton Morning Times."

If the plant and business of the Canadian Newspaper Service, Limited, is not affected by the suspension of the Hamilton Morning Times."

If the plant is probable he will either preach in Sarnia or Chatham, His own pulpit will be filled by a speaker from Detroit.

Many Congratulations.

Today the Spracklin home was besided with congratulatory messages by wire, telephone and mail, as well as by personal calls. The minister denied himself to all visitors except those who submitted to rigid scrutiny before entering his residence. This was to prevent any possibility of violence, such as has been widely threatened.

Just what will be the outcome of the controversy existing in the local liquor butting forces between two factions.

Ignores Threats.

Ignoring rumored and telephoned threats of violence, Rev. J. O. L. Spracklin is planning more determined crusades against rum forces than ever. An intensive campaign is being planned to embrace the whole county and today he recommended the appointment of four additional officers to assist him in his work. Crown Attorney Rodd after considering the names suggested and the plan for increasing activities tonight forwarded the recommendation with his approval to Attorney-General Raney.

Mr. Spracklin today held.

The longer the cough sticks, the more serious menace it becomes to your health.

There is no remedy that will relieve coughs—coughs that won't let go—like Dr. Wood's Norway Pine Syrup.

It has a healing and soothing action on the air passages, and at the same time acts as a disinfectant of the respiratory organs, destroying the germs that produce serious lung complications.

A possible solution of the difficulty is suggested in a well-grounded story that, following the appointment of W. E. Gundy as magistrate for the border, License Inspector Mosseau will be named magistrate to handle cases originating in Sandwich, Ford City and other parts of the County of Essex.

In the event of the naming of Inspector Mosseau as magistrate, it is spector Mosseau as magistrate, it is certain, border officials declared tonight, that Mr. Spracklin would be promoted as a reward for his services to the department, to the position of chief license inspector of the county, in succession to Mr. Mosseau.

TORONTO, Nov. 10.—Representatives of Southwestern Ontario municipalities and of the Union Gas Company continued negotiations all day today at the Parliament Buildings, but reached no settlement. Negotiations will be continued in Toronto next week. The board of five, under the chairmanship of Gas Commissioner Estlin, had another conference with Premier Druty, and late in the afternoon met all the municipal representatives in further discussion.

The gas company insisted on a winter rate of 50 cents and a summer rate of 75 cents. The municipalities, through their representatives, offered 40 cents, but the two different forces could not come to terms. The company has now some contracts at 50 cents and 75 cents, and could not see its way clear to establishings a rate of 40 cents with the remainder. The municipalities were equally insistent not to go beyond 40 cents. Meantime gas is being supplied to all the municipalities. municipalities were equally insistent not to go beyond 40 cents. MAY TRAIN TEACHERS OF TECHNICAL WORK AT OTTAWA SCHOOL

OTTAWA, Nov. 10.—(By the Canadian Press.)—Although no decision has been made in the matter, it seems likely that, in the event of the Federal and Provincial Governments agreeing to the establishment of a central institution for training teachers of technical education that institution will be located at Ottawa. It will be remembered that the interprovincial conference on technical education, which was held in Ottawa last month, and included representatives from practically every province of the Dominion, went on record as being in favor of establishing such an institution.
