CONDENSED FOR BUSY READERS. Canadian. House at Ottawa yesterday discussed the steamer for Hudson's Bay expedition and the dismissal of officials for offensive partisanship. Nothing but talk resulted. Chamberlain men have put up whiskey to contain a glass, superior brands 15 cents. Mr. Laurier has invited a number of leading military officers to accompany him to London, among whom are three Conservatives. Minister of Railways Blair takes the stand that the C.P.R. ought not to get legislation which will block other railways in the Crow's Nest Pass. Seventeen steamships will be fitted up with cold storage appliances before the season. An eloquent John Three Rivers has created a sensation in society circles of the trifolium town. Important changes have been made in the management of the C.P.R. Mr. Thomas Blair will be manager of the line east of Port William and Mr. William Whyte has similar control of the lines west.

Foreign. The Boer Government has repealed the immigration law which the British Government objected, and which has caused so much friction. Kruger has come down. London newspapers comment bitterly against the U. S. Senate for rejecting the arbitration treaty. Representative King of Utah has introduced in the House at Washington a resolution for the annexation of Hawaii. A joint resolution has also been introduced at Washington favoring the general principles of international arbitration. The Canadian pavilion at Flavel is now believed 150 persons lost their lives in the Paris calamity. The Metal Army reserve forces have been called for active duty. Mrs. James Brown-Potter's millionaire father-in-law has cut her off without a cent. The triple alliance between Germany, Austria and Italy has been renewed for six years. Germany and Austria have now joined in the demand for intervention between Greece and Turkey.

Jockey Brown of Toronto was thrown and injured at Nashville. BURTON WILL COME HERE. Will Be Brought from St. John, N.B., on a Charge of Securing Money by False Pretences. Horace Greeley Burton is a nice young man whose parents live at 211 Jefferson street, Sandusky, O., but he is thought by the police of several cities, including Toronto, to be a swindler. Last March he was arrested here, charged with obtaining money by false pretences, but the police of St. John, N.B., when they became cognizant of his arrest, showed such anxiety to get hold of him that he was sent to the Maritime Provinces with a St. John officer. The charges against him there were of \$2000 from a New York City publishing house, for which he had been acting as agent. He was tried yesterday and Inspector March last night received a telegram the effect that he was acquitted. He was re-arrested, however, in order that he might be returned to the Toronto authorities. To-day Detective Black leaves for St. John to bring Burton back. The charges which Burton will have to answer here are obtaining \$2500 under false pretences from E. H. Gill, and attempting to obtain in a similar manner \$2000 from one John Bannan. When he came to Toronto he was accompanied by a young woman from St. John, who he told the police was his typewriter. He rented room 5 in the Confederation Life Building and claimed to represent the Dominion Company National Book Concern, 232 Dearborn street. He advertised for travelers to whom he agreed to pay \$12 a month for handling the firm's goods, and it was necessary for the applicant to pay a small sum as a guarantee of good faith when an agreement was signed. Gill who claims to have been a victim in the "Heir, heir" of the House of Commons, saw some men suddenly fling up the river and fall face downwards, but the Greek fire in the main was ineffective. Before 5 o'clock the last village north of the river had been taken. Then the village of Vassil and the entrenchments near the river were stormed with considerable loss to the Turks, and the battle ceased at night. The banking division having established itself behind the Greeks and cut off the best line of retreat to Athens.

BLACK EYE FOR C.P.R. A Couple of the Company's Bills Stand Over. MR. BLAIR SHOWS CAUTION Nothing to Be Done to Block Other Roads in the Crow's Nest Pass.

EX-Judge Clark, It Would Seem, Was Got on the Wrong Side of the Matter of Railways.—Mr. Blair says Many People Want the Government to Build this Road. Needed Line in the Mining Regions of British Columbia.—Gravel Cleared Coming to Canada to West His Line.

Ottawa, May 6.—(Special).—The Crow's Nest Pass Railway matter was up again at the Railway Committee to-day. Judge Clark, for the Canadian Pacific Railway, appeared on behalf of the bills. They were respecting the Trail Creek and Columbia Railway Company and respecting the Columbia and Kootenay Railway and Navigation Company. He spoke of the Columbia and Kootenay Railway and said that it was purely in the hands of the Canadian Pacific Railway. Col. Donville opposed the charter on the ground that the privileges asked in them might block other railway building in connection with the Crow's Nest Pass. Mr. Lount asked that Mr. Blair be heard from on the matter. Mr. Blair said that there was a good deal of truth in what Col. Donville said. It would be very much better if the Canadian Pacific came to Parliament in its own name and asked such legislation rather than in the name of other companies. If no particular urgency was shown for the bill he would suggest that it should stand over until the government's policy as to the Crow's Nest Pass was announced. Sir Charles Fipps asked when this policy would be announced. Mr. Blair replied that the government was busy with other important matters, and had to let this subject stand over as soon as a decision was reached he would announce the same to the committee. There were many people who wanted the government to build this Crow's Nest Pass Road. That was a matter which had to be considered. Mr. Clark said the C.P.R. had not yet declared its intention to build through the Crow's Nest Pass. Mr. Blair: It is in your annual statement, Mr. Clark. No. Mr. Blair: Even if it is not there, I have had the personal assurance of the vice-president of the Canadian Pacific that the company does intend to build through the Crow's Nest Pass. The bill was allowed to stand over.

The Railway Committee to-day passed bills to confirm an agreement between the C.P.R. and the British Columbia Railway, respecting the Crow's Nest Pass. The bills respecting the Crow's Nest Pass, the Columbia and Kootenay Railway and Navigation Company, respecting the Columbia and Kootenay Railway and Navigation Company, and respecting the Crow's Nest Pass. The bills were passed by a majority of 10 to 7.

LOVE ALWAYS WINS. Religion Was No Bar in This Interesting Case. TWO THREE RIVERS PEOPLE Went Quietly to Montreal and Called in Archdeacon Evans. DOHERTY BOUND TO DIE. A Toronto Man Suffering from Mental Trouble Makes Two Attempts at Suicide in Two Days. Patrick Joseph Doherty, an unmarried man about 35 years of age, who has been residing with his mother and sister at 254 George-street, is tired of life and during the past two days he has made two suicidal attempts to leave this world—once by cutting his throat and the next time by gassing his wrist. At about 2 o'clock yesterday he went to the Colman manufacturing company as a laborer and of late he has been mentally and despondent and has imagined that someone is seeking to do him injury. During the last 12 months he has been in medical treatment for mild mental trouble. Doherty's suicidal attempt was made at his throat at the house on George-street, but was discovered before the wound had been made and was looked after by Dr. McKernin. He was taken to the hospital. The wound was not a serious one and it was sewn up and bandaged. The attendants at the hospital had much trouble, however, in preventing Doherty from tearing away the bandage, and his actions were such that a close watch upon him was necessary in order to prevent him doing himself further injury. Mr. Doherty Postmaster-General, has gone to Washington as a representative of Canada to the International Postal Congress. The Senate will probably adjourn from to-morrow till Wednesday of next week. Salada' Ceylon Tea is restful. The World in Review. Between 7 and 10 o'clock last evening the telephone in the Wood editorial room kept ringing. The news reached the little office in Toronto, very interested in the result of the election. A cablegram received here this evening denies the statement that the wife of the late Mr. De Mott, the leader of the Catholic party in France, and who is well known in Canada, was killed at the recent disaster in Paris.

THE WANDERERS SUPPORT THEM. Toronto's Progressive Bicycle Organization Expresses Itself as Unanimously in Favor of Sunday Cars. President Wilson was in the chair at the regular monthly meeting of the Wanderers' Bicycle Club last night, when the progressive members of this celebrated organization adopted the following resolution, moved by Mr. Merrick and seconded by Mr. G. F. Sharkey, without a dissenting voice: That the Wanderers place themselves on record as being favorable to Sunday cars as a convenience to the public and not detrimental to the interests of the members of this club, and that a copy of this resolution be furnished the press.

KRUGER COMES DOWN. Transvaal Parliament Repeals the Immigration Law THAT HAS CAUSED FRICTION But of Course It Is Not Done on Great Britain's Demand. The Step Was Taken Because the Neighboring States Did So. Like the Law—One of the Ministers Has Resigned as a Protest Against the Action of the Volksraad—A Review of the Question as Presented by Mr. Chamberlain to the Earl of Rosemond, with the Colonial Secretary's Instructions to that Effect. Pretoria, May 6.—The Volksraad held a protracted secret session yesterday to discuss the answer to be made to the despatches of Mr. Chamberlain, British Secretary of State for the Colonies, which demanded a repeal of the Transvaal immigration law. To-day the Volksraad repeated the law, not because it was a breach of the London Convention, but because it was distasteful to neighboring states. Mr. Coetzer, the Transvaal State Attorney, has tendered his resignation in disapproval of the repeal. Mr. Chamberlain's Position. The position taken by Mr. Chamberlain on the subject of the Transvaal Alien Immigration law, No. 20, of 1886, was stated in his despatch to Lord Rosemond, the British High Commissioner at the Cape, under date of Dec. 13, 1896. He said to Lord Rosemond: "Inform the Government of the South African Republic that Her Majesty's Government can not, in view of article 13 of the London Convention, admit that the Government of the South African Republic has a right of expelling or restricting foreigners who are not shown to have failed to conform to the laws of the republic, and that Her Majesty's Government reserves the right of objecting to proceedings under the act which may amount to a breach of the convention. "Inform the Government of the South African Republic that Her Majesty's Government is advised that the Alien Immigration law infringes article 14 of the London Convention, inasmuch as by it new and burdensome conditions, in most cases probably impossible to fulfil, are imposed on persons who, under the convention, are at full liberty to enter and reside in the South African Republic on condition of conforming to its laws. "You will state that Her Majesty's Government appreciates the repeated assurances of President Kruger that the Government of the South African Republic has no intention of departing from the terms of the London convention, and, therefore, feels confident that it will not attempt to enforce the law."
