

**THE AMOUNT YOU SPEND**

is not what counts; it's the value you get for your money—particularly in medicines. Ordinary ointments, for instance, are composed largely of cheap animal fats, with very little medicinal ingredients. Zam-Buk, on the contrary, is all medicine. Zam-Buk's healing power is, thus, so superior to that of other ointments, that it cures when ordinary ointments and more expensive treatments fail.

Madame A. Lariviere, of 671 Rodman St., Fall River, Mass., writes: "For three years I suffered terribly with eczema. I used numerous ointments, without results, and the various doctors who gave me treatment acknowledged that the case was beyond them. Finally, I went to a specialist, but although I paid him a large fee, I received no benefit. Then I heard of Zam-Buk and commenced using it, in conjunction with Zam-Buk Soap. I shall never forget the relief it gave me. It ended the irritation and burning sensation, drew out the inflammation and soreness, and perseverance resulted in a complete and permanent cure. I am convinced that Zam-Buk is the only treatment for eczema."

Zam-Buk is just as good for ulcers, abscesses, old wounds, running sores, blood-poisoning, ringworm, pimples, boils, piles, cuts, burns, scalds and all skin injuries. 50c. box, 3 for \$1.25. All druggists or Zam-Buk Co., Toronto.

**BILINGUAL CASE COSTS TO REACH \$150,000 TOTAL**

Province Will Have to Bear \$100,000—Legal Fees are \$50,000

It is estimated that the entire cost of the bilingual litigation through the Ontario courts and the Privy Council, will exceed \$150,000, of which \$100,000 will be borne by the province. These figures cover court costs, legal fees, traveling and other expenses incidental to the trials. The costs assessed by the courts will total \$25,000. In the first appeal before the Privy Council, which resulted in favor of the province, the province is allowed its costs, but in the second appeal the decision in which was adverse, the Ottawa Separate School Commission appointed by the government, must pay the costs of the city of Ottawa and Quebec Bank, parties in the action.

The legal fees which the government must pay will alone reach \$50,000. This sum covers the fee of Sir Robert Finlay, who was retained by the government, and those of Messrs. W. N. Tilley and McGregor Young, government counsel. The traveling expenses will, in addition, represent \$5,000.

**PIG IRON ADVANCES \$1 A TON IN TWO DAYS**

Pittsburg, Nov. 4.—Pig iron prices continue to advance in the Pittsburg district, \$1 a ton having been added in the last day or two, with premiums appearing yesterday and today for small lots for prompt shipment. One sale was reported at \$36 a ton for foundry iron. Trade authorities say that since Oct. 1 pig iron has advanced an average of \$8.50 a ton, or more than one-half as much as it advanced during all of 1915.

**"NO LONGER BRITISH EMPIRE; A BRITISH COMMONWEALTH NOW"**

Bishop of Worcester Says No Peace Will Be Concluded Until Allies' Cause Has Been Won.

New York, Nov. 6.—Speaking at a luncheon given in his honor here today by the Pilgrims of the United States, Right Rev. Hayshe Wolcott Yeatman-Biggs, Bishop of Worcester, England, asserted that the role which English people believe that the most thoughtful Americans desire to play is that their nation shall be "hailed by all the world as the herald of true peace and of progress which gives to every nation, big or little, a place in God's sun."

"When peace comes, it would be indeed helpful if the neutral countries lent a hand in the adjustment of all our furniture, in the adjustment of those social conditions which will make for a lasting commonwealth. That is what we aim at. We are tired of the word 'empire.' I do not think we want any longer to talk of the British Empire. We want to talk of the British brotherhood and the British commonwealth."

**BETHLEHEM STEEL TO SPEND \$90,000,000**

Amount Will Be Used in New Construction Work and Additions in Next Two Years.

The Bethlehem Steel Corporation is planning to spend \$90,000,000 in new construction work and in additions to existing plants in the next two years. Some details of Bethlehem's expansion became known last summer, after the Pennsylvania Steel Company was bought but Charles M. Schwab emphasized the scope of the undertaking in a speech made last Thursday at a luncheon given him in St. Louis by the Members Conference of the Business Men's League. According to The Iron Age Mr. Schwab said:

"In the face of a certain amount of opposition on the part of the directors of the corporation with which I am affiliated, I have insisted upon spending \$90,000,000 within the next two years for improvements, beginning immediately."

**OTTAWA STANDS BY TEMPERANCE ACT OF ONTARIO**

Dominion Refuses to Issue Bonded Warehouse Licenses While Prohibition is in Force

Ottawa, Nov. 7.—The Ottawa government is refusing to issue bonded warehouse licenses in Ontario during the period that the Ontario Temperance Act is in force.

Applicants for such licenses have received replies from the department of inland revenue announcing the government's decision in the matter. A month ago a circular was issued by a prominent firm of distillers in the province to former shop licensees pointing out that Clause 189 of the Ontario Temperance Act would appear to permit upon payment of excise duties, direct deliveries to private customers in Ontario from any bonded warehouse provided orders for delivery are received from without the province. It was urged that former shop licensees should apply to Ottawa for bonded warehouse licenses and obtaining it do business under these conditions.

Members of the Ontario License Board when advised of this circular stated a debatable question was raised which only the courts could determine. The action of the Ottawa government in refusing to grant any bonded warehouse licenses in future terminates the manner and likewise disappoints a dozen or more former shop licensees who had made application to Ottawa to do business from a bonded warehouse.

There are at present about twenty bonded warehouses in Ontario which received their licenses before the Ontario Temperance Act was passed. These will apparently be allowed to do business until the end of the federal license year, Dec. 31, but it is unlikely their licenses will be renewed after that date.

**CITY OF MONTREAL MUST PAY \$500 FOR EGG SEIZURE**

Montreal, Nov. 6.—This city was condemned today by the court of appeals to pay John Layton & Company, Ltd., of London, England, \$500 compensation for the seizure of \$100,000 worth of Chinese frozen eggs, shipped from Hun Kow, China, by way of Liverpool, to Montreal, in October, 1910, the seizure having been on the ground that the frozen eggs were not wholesome and suitable for food. The company sued for \$58,000 damages, and the action was dismissed by the superior court in June, 1915, and the company appealed, with the result that the shipment of canned eggs consisted of 288 tons, and fifty tons were forwarded to Toronto.

**LOOK!**

If you were told of a new discovery for the treatment of coughs, colds and bronchitis, as certain in its action on all chest troubles as anti-toxin is on anthrax, or vaccination on small-pox, wouldn't you feel like giving it a trial?

Peps is the discovery! Peps are little tablets, containing certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapour, and are at once breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs. In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence their work of healing.

**FREE TRIAL** Cut out this article, write across it the name and date of this paper, and mail it (with 1c stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 50c. box.

**DR. DUMBA IS RETIRED.**

Washington Expects Austria Will Now Send Another Envoy.

Vienna, Nov. 7.—Dr. Theodore Constantin Dumba, former Austrian Ambassador to the United States, at his own request has been retired from the diplomatic service by the Emperor.

Washington, Nov. 7.—Acceptance of the resignation of Dr. Constantin Dumba is taken by state department officials as a plain indication that the Austrian government is about to name a new diplomat representative to Washington.

Dr. Dumba returned to Austria after he was declared to be persona non grata by the United States government more than a year ago, and the fact that Austria has not sooner accepted his resignation from a post in which he could not serve was looked upon as showing that Emperor Francis Joseph desired to express displeasure with the United States in this fashion.

In a salt mine at Forde, Roumania, there is a gallery known as the Joseph Gallery, where one may hear his voice echoed and re-echoed sixteen times.

**TO SAVE TROUBLE**

When the housewife is preparing home made dishes with cold meat which has been left over, she tries to give a new relish to the dish by adding various kinds of spices and flavorings. How frequently the result is a failure! Just a little too much pepper and the dish is too hot, or a slight error in the mixing, and one particular flavor dominates all the others.

The wise home-cook has recently made up her mind that the ideal way of flavoring all made-up dishes, soups, etc., is to have a bottle of the real H. P. Sauce at hand, for the express purpose of enriching soups and gravies.

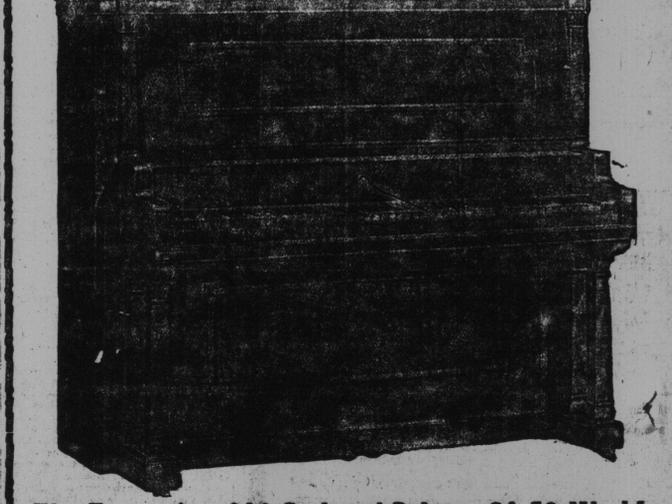

In each bottle there is delicious blending of the choicest Oriental fruits and spices, and pure malt vinegar; it is not beyond the mark to say that a bottle of H. P. is a crust in itself.

Just a spoonful added—that's all and the success of the dish is assured. What trouble it saves! No wonder the best housewives always keep a bottle of H. P. Sauce handy, it is useful in so many ways. Just a few drops in the soup, or with hot or cold meat, fish or even bread and cheese, it is delicious and gives quite a new enjoyment to the meal.
