THE WAR NEWS.

The reports which come from the Carpathian region indicate that the most desperate hand-to-hand fighting of the whole war has been taking place there during the last few days, attack and counter attack with the bayonet following each other until the battle ground was literally strewn with dead. A Petrograd correspondent says that the fighting has been waged "with the utmost ferocity by Germans and Russians alike."

While there has been very little fighting along the Belgian and French lines during the last few days, there is a rumor that the Germans are preparing for another attack on the British lines on the road to Calais. A similar rumor was current a week ago, but no such movement developed. Today's reports tell of important gains by both British and French.

CITIES AND THE LAND.

Settlement camps as a sure for slim conditions is the subject of a little book, let written by Mr. Alfred Fitzpatrick, Superintendent of Camp Education for Ontario. Supt. Fitzpatrick believes that churches and other organizations, as well as municipalities could do an immense amount of good by placing immigrants or other persons on the land in camp settlements, and assisting in supporting them while they cleared their land and became self-supporting.

In beginning his discussion of the subject, Supt. Fitzpatrick points out that the great problem for Canada today is to assimilate the diverse foreign population, and at the same time maintain our moral standards. In our large cities slums grow more crowded, while on the other hand there are millions of acres of unsettled land upon which people could make homes for themselves and become productive factors in the life of the country.

The British foreign office has ordered the cargo of the American steamer Wilmington into a prize court. The government at Washington has not yet made any pronouncement on the question. It has, however, sent a note to Britain pointing out that the frequent and continued use of neutral flags by the ships of belligerents might produce dangers to neutral ships to which they should not be subjected, and it has also sent a note to Germany asking how the German Admiralty proposes to carry out its recent proclamation of a war on merchant ships, and warning Germany that an attack on a vessel flying the American flag, without first learning whether the ship was entitled to fly that flag, would be likely to bring about serious complications.

When Willie is cross and will not "mind up," when he's dull and will not study his lessons, don't take down the birch-rod, and don't call him a naughty boy. It's quite likely that Willie has adenoids.

In this connection Supt. Fitzpatrick quotes from an address by Mr. George Bury of the Canadian Pacific Railway, who said:—"Why not get back to first principles and make an endeavor to get the people where every person who will acknowledge the truth knows they should be—the land?" Mr. Bury pointed out that there was an abundance of land ready for the plough, while people in the cities were studying how best to solve the problem of the unemployed. "Why not," he asks, "make an organized effort among the citizens to get this land in such a shape that thousands of men who want to may establish homes and thus be doing something to solve not

only the problem of the unemployed, but the question of living? This is an economic question which the country must solve." Mr. Bury protested against the idea that everything must be done by the government. He would have strong organizations to deal with its own district, and ask the cities "to devote as much energy to promoting the industry of the farm as they attempted to do in promoting the industries of the cities."

Supt. Fitzpatrick urges that cities and municipalities should unite their efforts to enable families to establish themselves on a homestead. Even if one community or municipality undertook to establish and support only a few families the aggregate would amount to a good deal, and he sees no reason why a church should not support a family on the frontier, as well as a missionary in foreign lands. He insists that it is for individuals, churches and other organizations and municipalities to undertake this work, prove that it is practicable, and then call upon the government to assist and enlarge the work.

"Where do you suppose we get our savings?" He laughs but who laughs last? asked Mrs. Blinks of her husband. "Probably some Englishman first," said he, "I replied Mr. Blinks. "He was doubtless trying to set a national falling in a favorable light."

The late Archbishop of Canterbury, dropping into a London East End church, sang with his force in a hymn with whose tune and time he had not the faintest acquaintance. A working man in his pew whispered loudly to him at the conclusion:—"Gaffer, if you can't sing, don't upset the whole bloomin' congregation 'provis' it."

The man taken yesterday and now on the payroll included in addition to the officers mentioned: I. Ferris, W. H. Smith, H. Armstrong, Charles Doherty, Roy A. Peters, G. L. Stewart, D. D. Fraser, H. E. Payne and C. M. Woodrow, all of whom are in the service.

Two more privates of the Princess Patricia's Light Infantry have been killed in action.

Francis Bamford of Hibernia, Queens county, has received word from the British admiralty that his young son has been wounded in a naval action, on H. M. S. Tiger, in the north sea.

Recruiting for the third contingent proceeded satisfactorily yesterday. The names taken yesterday and now on the payroll included in addition to the officers mentioned: I. Ferris, W. H. Smith, H. AFRAID SHE WAS DYING

Suffered Terribly Until She Took 'Fruit-a-lives'

St. Jean de Matha, Jan. 27th, 1914. "After suffering for a long time with Dyspepsia, I have been cured by 'Fruit-a-lives.' I suffered so much that I would not dare eat for I was afraid of dying. Five years ago I received samples of 'Fruit-a-lives.' I did not wish to try them for I had little confidence in them, but, seeing my husband's anxiety, I decided to do so and at once I felt relief. Then I sent for three boxes and I kept improving until I was cured. While sick, I lost several pounds, but after taking 'Fruit-a-lives,' I quickly regained what I lost. Now I eat, sleep and digest well—in a word, I am completely cured, thanks to 'Fruit-a-lives.' MADAME M. CHARBONNEAU.

'Fruit-a-lives' is the greatest stomach tonic in the world, and will always cure Indigestion, Sour Stomach, 'Heartburn,' Dyspepsia and other Stomach Troubles. 60c. a box, 4 for \$2.50, trial size 25c. At all dealers or send on receipt of price by Fruit-a-lives Limited, Ottawa.

LIGHTER VEIN.

"Have you a careful chauffeur?" "Very. He never runs over any one unless he's sure he can make a getaway."

"Where do you suppose we get our savings?" He laughs but who laughs last? asked Mrs. Blinks of her husband. "Probably some Englishman first," said he, "I replied Mr. Blinks. "He was doubtless trying to set a national falling in a favorable light."

THE 1ST. OF THE 6TH.

Today commences our sixth year in business.

Five years ago we started a small Watch Repair business. Shortly after an Optical Parlor was added. As the business grew we bought a few diamonds, then some Gold Goods. In September, 1910, we moved to our present address, since which to us rather important move, we have been adding constantly to our stock.

We have today one of the FINEST STOCKS IN THE COUNTRY.

Notwithstanding the bad conditions of general business, our last year was our BEST YEAR.

This year we are in a position to take our cash discount on all goods bought. We intend selling everything just a little bit lower on that account.

We wish to thank our many customers for their kind patronage.

BREAD is Better Than Eggs or Meat

YOU get more nutriment or food value from Bread—dollar for dollar—than from either eggs or meat.

This statement, which was recently made by food specialists, is particularly true of BUTTERNUT BREAD, which is rich in the strongest health-giving, body-building properties of the best Canadian wheat. BUTTERNUT BREAD is clean, tempting, appetizing, with a flavor quite its own. Have you had some?

The Joy of Good Health Is Now Experienced

Nervousness, Dizzy Spells and Sleeplessness Are Now a Thing of the Past.

This is a cheerful letter from Mrs. Peacock, and should bring joy to the heart of many a reader of this paper. Dizzy spells and sleeplessness are symptoms of exhausted nerves, and are the bug-bear of many women, who do not know just what treatment to use.

You can read Mrs. Peacock's letter and take courage for she has proven that Dr. Chase's Nerve Food does indeed cure for these troubles. So pleased was she with the results obtained that she writes other women to know about this food cure. Mrs. Thomas Peacock, 21 Hallowatha street, St. Thomas, Ont., and whose front

husband is conductor on the Wabash Railway, states:—"I was quite run down in health, was very nervous, did not sleep well, and had frequent dizzy spells. Believing this to be the result of an exhausted nervous system, I began using Dr. Chase's Nerve Food, and can say that this medicine did me a world of good. It entirely freed me of the symptoms stated above, built up my health generally, so that to-day I feel 'at 1 am quite all again.' In a more recent letter Mrs. Peacock writes:—"Dr. Chase's Nerve Food has done me a world of good, and I would be pleased to tell everybody and in nearly every issue of this paper you will find letters about Dr. Chase's medicine. If this one does not describe your case watch for others or write to us. Dr. Chase's Nerve Food, in a box, 6 for \$2.50, all Dealers, or Edmondson Bates & Co., Limited, Toronto."
