## **GOVERNMENT IS** GRAPPLING WITH UNEMPLOYMENT COULDN'T DO

King cabinet and is being kept under view from day to day, according to a statement made today by Hon. James Murdock, the new minister of labor. For the present the new government is carrying on the programme of relief laid down by its predecessor, bearing one-third of the cost of relief work, where the provinces and municipalities each assume one-third of the cost, but whether or not this proposal will be amended or continued will depend on the further consideration of the King cabinet.

Mr. Murdock believes that between large and March 31 employers and works.

To all women to be strong, healthy and happy instead of sick and wetched. But how can a woman be strong and healthy when day in and day out she has to go through the same routine of work, sweeping, dusting, cooking, washing, etc. Is it any wonder that the heart becomes affected and she gets irritable and nervous, has hot flushes, faint and dizzy spells, smothering and sinking spells and can't seep at night.

To all women two be strong. now and March 31, employers and work-men engaged in the building trade should fight out all their difficulties so that there could be work for all throughout the summer months. He is appealing both to builders and members of the stationary trades unions "to take the bull by the horns" and not have repeated in this crisis of Canada's national affairs the deadlock of last year when some of the best months of the summer went by without any building being done because

CONSERVATIVES NOT TO OPPOSE THE HON.

GEORGE P. GRAHAN

(Canadian Press Despatch.)

Windsor, Ont., Jan. 6—Conservatives of South Essex at a largely attended meeting held at Essex yesterday unanimously adopted a resolution to offer no opposition to the candidacy of Hon. George P. Graham, who returns to the constituency next week for endorsement. A Liberal convention has been called for Jan. 10 and a Progressive gathering had been summoned for the day after. J. D. Arnew has been spoken of as a probable Progressive candidate.

Asprolax is a combination treatment, and acts as an anti-pyretic, which reduces the fever; an expectorant, which loosens the phlegm, relieves the congestion and stops the cough; a laxative, which opens the bowels, and an antiseptic which retards germ growth and prevents the spread of infection.

It is delightful to take and produces no unpleasant after-effects whatever. Even children take it readily, and it acts on all, both old and young, with the same gratifying results.
