## Ice Cream

The Most Economical Dessert

It costs less than other desserts in money—and nothing in time or trouble.

It is the Ideal Dessert because it is not only itself a highly nutritious food but also, like all milk products, it carries the "unidentified something" which we now know to be necessary to make other foods available to sustain life and growth.

ICE CREAM MAKES AN IDEAL LIGHT LUNCH.

It will take the place of Meat.  
It is Cooling.  
It is Refreshing.  
It is Stimulating.

Dear Mr. Reid:—  
It was with great interest and pleasure that I assisted at the private screening of your photo-play entitled The Confession. It is such plays as this that christianizes the stage and the screen. 'Tis a pity that more of them are not written. Would that every man, woman and child could witness The Confession.

May your photo-play bring with it all the good intended.
