Inds Cure for Rheumatism after Suffering Fifty Years!

ow 83 Years Old - Regains Strength and Laughs at "URIC ACID"

Joos Fishing; lack to Business, Feels fine! How others may do it!

"I am eighty-three years old and I do not suffer from rheumatism ever since I came to the army, over fifty years ago. Like any other, I spent money freely for so-called 'cures,' and I have read about 'Ururic Acid' until I could almost taste it. I could not sleep nights or walk without pain; my hands were so sore and stiff I could not hold a pen. But now I am again in active health and can walk with ease or write a day with comfort. Friends are surprised at the change."

HOW IT HAPPENED. Mr. Ashelman is only one of thousands who suffer from years, owing to the general belief in the old, false theory that "Ururic Acid" causes rheumatism. This erroneous belief induced him and legions of unfortunate men and women to take long treatments. You might just as well attempt to put out a fire with oil as to try and get rid of your rheumatism, uric acid and like complaints, by taking treatment supposed to drive Ururic Acid out of your blood and body. Many physicians, and scientists now know that Ururic Acid never did, never can and never will cause rheumatism; that it is a natural and necessary constituent of the blood, that it is found in every newborn babe, and at without it we could not live.

HOW OTHERS MAY BENEFIT FROM A GENEROUS GIFT. These statements may seem strange to the folks, because nearly all sufferers have all along been led to believe the old "Ururic Acid" humbug. It took Ashelman fifty years to find out the truth. He learned how to get rid of the true cause of his rheumatism, uric acid and recover his strength in "The Inner Mysteries," a remarkable book that is now being distributed by an authority who devoted over twenty years to the scientific study of the trouble. If any reader of The Evening Times-Star wishes a copy of this book it reveals startling facts overlooked by doctors and scientists for centuries. It simply sends a postcard or letter to P. Cleaver, 285-13 Street, Halliwell, Maine, and it will be sent by return without any charge whatever. Send it! You may never get this opportunity again. If not a sufferer yourself, send this good news to some afflicted friend.

THE NATION PROGRESSES

to the extent of the thriftiness of its citizens. A Policy in The Manufacturers Life is the easiest and most practical way to save. Our investments in Government and Municipal Bonds provide funds for development, and our farm mortgage investments enable the farmer to extend his holdings and increase production. All classes are benefited, as the greater the production and development, the larger the volume of trade. The fighting strength of the country is thus made more effective. YOUR CUP OF TEA

Your cup of Tea means much to you. It is more than an item in the daily fare. It is the one thing that "rounds off" or "spoils" an enjoyable repast. Tea is fortunately so cheap in this country that there are few who cannot afford Choice Tea. The cost per pound is only slightly higher than ordinary Tea, while the increased pleasure you get from every cup you make is worth many times the difference. It is true also, that a FLAVOR-FULL Tea like KING COLE Orange Pekoe will actually spend further—that is, make more cups to the pound. KING COLE Orange Pekoe is prepared particularly for lovers of Choice Tea.

INSPECTED ROADS

Hon. P. J. Vennart, minister of public works, W. A. Leudon, controller general, and P. J. Hughes, barrister-at-law, Fredericton, on Thursday afternoon accompanied E. S. Carter on an inspection

trip of the new Marsh Road and Rothery Road, as well as the Gondola Point Road, as far as it extends. They were very much interested in the splendid work that has developed in all this section.

F. G. Spencer has taken over the Opera House at Campbellton and the theatres at Dalhousie and Athol. S. C. Hurley of St. John, who has been the manager at Woodstock, will look after the new houses, which are all being renovated.

Music Lovers Amazed by Edison's Daring Test

All told, 2,000,000 music lovers in Canada and the United States, on more than 1500 different occasions, have gone to one of their local theatres filled with curiosity regarding a startlingly novel musical recital to which they had been invited.

In each case they have come away amazed at the almost unbelievable demonstration which had taken place before their very eyes, and ears—the most daring test of a phonograph or talking machine ever made. They saw a noted Edison artist stand beside

The NEW EDISON

"The Phonograph with a Soul"

They heard the instrument sing in the artist's voice—in other words, re-create her voice. Presently the artist herself began to sing note for note with the instrument. Musically trained ears strove in vain to distinguish the faintest shade of difference between the actual voice and the Re-Creation. Then, suddenly and without warning, the artist ceased singing, leaving the instrument to continue the air alone. Only by watching the artist's lips did the audience know that she had ceased singing and that they heard the instrument alone. This is the famous Edison Tone Test.

Only Edison makes this test. Only Edison can make this test, because only the New Edison actually re-creates the human voice and the music of human-played instruments with every tone quality and every shade of expression. Ordinary phonographs, and talking machines, merely reproduce.

If you have not been fortunate enough to witness an Edison Tone Test, you may at least hear Edison's wonderful new phonograph at our store. Make the time to suit your convenience.
