sible for France to withdraw her troops from the Alps to the eastern frontier merely on account of the support of the British navy.

"Consequently," writes General de Lacvoix, in words which are endorsed by prominent French statesmen on nearly every shade of opinion, "It is incorrect to state that the support of the British fleet will enable Prance to throw half amillion more men on the reastern frontier at the beginning of a war. It will in way modify the employment or distribution of her forces, and England must very size that during this period, which state the will give France will consist exclusively of the effective aid of her themselved to the state that he will give France will consist exclusively of the effective aid of her themselved the season will consist exclusively of the defective aid of her themselved the season will consist exclusively of the defective aid of her command of France at sea, while reasts aids her of the command of France at sea, while reasts aids her of the command of France at sea, while reasts and she on the so-called and the season of the command of France at sea, while reasts and she continues.

As for the idea that agland should aid France at sea, while reasts and she continues.
