## PETITION TO WIND UP COMPANY

Affairs of A. E. Hamilton Co. Ltd. Before Judge McLeod—Holders of Mortgages in Possession

On behalf of W. H. Thorne & Co., J. H. A. Fairweather today presented a petition to Mr. Justice McLeod for the winding up of the A. E. Hamilton Co. Ltd., S. E. Bastin, for the company, applied for a postponement on the ground that counsel associated with him in the case were at Ottawa and would not return until next Thursday. His Honor granted the postponement and adjourned the case until Saturday, May 13th, at 11 a. m. In the meantime he would appoint Thomas H. Somerville liquidator.

Mr. Bastin said that the mortgagee D. O'Connell, who holds a first mortgage on the property for \$10,000 and directors who hold a second mortgage for \$5,000, went into possession two days before this application had been made.

The provisional liquidator was ordered to take possession of all the property, if any, owned by the company not covered by mortgage; he was also instructed to enter into a bond on his own recognizance to the amount of \$5,000 and to obtain two securities for the amount of \$2,500 each.

The following lawyers represented the creditors:—Cyrus Inches, Chas. F. Sanford, G. Earle Logan and D. K. Hazen. The value of the property was estimated at \$80,000.

## CELEBRATE CROWNING OF KING GEORGE

Meeting of Societies and Organizations Here Planned—The Ferry Problem—The Power Bill

A special meeting of the common council will be held this afternoon to discuss the New Brunswick Power Company's application for letters patent and to deal with the ferry problem. A partial report will be received from the committee appointed to consider the various inaugural addresses and among the recommendations it is understood will be one to provide for calling a public meeting of representatives of societies and organizations to discuss plans for holding a demonstration on the day of the coronation of King George, June 22.

The ferry superintendent has received a telegram in reply to his message asking for additional information regarding the steamer Newport, but it throws very little more light on the subject. It is probable that a representative of the James Fleming Company will be present at the meeting to explain about the probable cost and time necessary to build another steamer like the dignitary.

In connection with the New Brunswick Power Company's bill, a meeting of the council of the board of trade was held this morning and resolutions passed will be forwarded to the council for this afternoon's meeting. The substance of the resolutions is that the company should not be allowed to tear up the streets or put in poles without first obtaining the consent of the city.

## SOME TROUBLE OVER THE OFFICERS' CLUB'S ROOMS

Janitor Brennan in Court and Regiment Officers, Too—A Settlement To Be Reached

Three years ago the position of caretaker of the Officers' Club of the 62nd Regiment in St. Andrew's Bank building was vacant, and Patrick Brennan and his wife were given the free use of the rooms allotted that dignitary with the understanding that the big room of the club and the stairway would be kept clean. They had occupied the rooms since that time, and Mrs. Brennan attended to the duties of keeping the quarters of the club in order. According to the statements of both parties, there was no question of rent mentioned, but the caretaker's flat was to be occupied by Mr. and Mrs. Brennan in return for the janitor's services performed.

This spring notice was served on Mr. Brennan that he must vacate the premises, but he declined to acknowledge the notice, claiming that "occupation was not servitude," and demanding wages in return for the use of the rooms. He said today he felt was due him. He was arrested this morning on a warrant charging him with non-payment of wages, and a fine of \$20 or two months in jail was allowed to stand against him, after he had promised with much protestation to vacate the premises within a week.

He said this morning before Judge Ritchie in the police court that there was no assault on Major Frost intended. The complainant, however, asserted that he had put his arm on his shoulder yesterday when he went to the court to discuss the matter. Brennan would not let the new incumbent's furniture be moved in, but agreed to this morning after considerable argument.

When the fine was struck, the wife of the defendant left the court, but returned in a few minutes saying that she could not get into the flat. While the case was being argued in court, some one had secured the door of the premises with a padlock, and they were barred out. It is expected that the matter will be amicably settled as it was left with all hands to arrange.

## FALLS INTO RIVER

In his eagerness to procure enough kindling wood to keep his stoves going Samuel Hector, colored, who resides at Indiantown, was given a rather sudden ducking in the icy water at Indiantown this morning. He was picking up some of the drift wood floating about the wharves, and just happened to reach out a little too far for a piece. He lost his balance, and went head first into the river.

The water was just a trifle too cold to suit his taste, so he decided that it was no place for him. He called for help and his shouts were heard by a man named Brophy, who ran to the wharf and succeeded in hauling him out. Outside of being thoroughly soaked, he was none the worse for his ducking, and meandered home to get dried out.

## THE MANUEL R. CUZA.

At the office of Peter McIntyre, agent for the wrecked schooner Manuel R. Cuza, it was stated today that the crew were aboard the vessel all day Monday and were therefore in a position to make fast had a tow-boat gone down. It is probable that an effort will be made to get some of the sails off the sunken schooner. It was said that half of the Cuza's masts were out of water at low tide and she is lying in about eight fathoms at low tide.
