

ANOTHER BRANCH OF S.P.C. FORMED

Lovers of Animals Organize at New Denmark, Victoria County.

Carl H. Jensen of Salmonhurst, N. B., sends to S. Merritt Wetmore of the S. P. C. the news that a branch of the Society for Prevention of Cruelty to Animals has been organized at New Denmark, Victoria County. He reports as follows:

"At a meeting called by H. W. Hansen, an authorized vice-president of the N. B. S. P. C., it was decided to organize a branch of the N. B. S. P. C. at Salmonhurst. Sixteen persons desired to become members and paid a membership fee of \$1. The following officers were elected: President, H. W. Hansen; vice-president, Henry Brinkman; secretary, Carl H. Jensen; treasurer, Martinus Adams; George Hansen, Peter L. Hansen, Mike Jensen, Andreas C. Jensen, Hans E. Jensen, Swan Swanson, Fred E. Paulson, Anton Johansen, Earl G. Hansen, Peter B. Hansen were elected as a vigilant committee. We hope to increase the membership to 100 if possible. As many are interested in this cause we may expect new members every meeting. I am enclosing a copy of our by-laws and hope they will meet with your approval and acceptance. There are a few cases of neglect among the farmers here, and would like to have your advice as to procedure in like cases. I am referring to an all too common case in many districts in New Brunswick, namely semi-starvation of horses, cows and pigs. These are not cases of brutal abuse, or wilful cruelty, and the cattle may be able to walk or stand up and show no signs of disease, but will be only living skeletons, owing to a probable shortage of their only feed—oat or buckwheat straw.

"I hope our branch will be approved so we will be able to start work."

KINGS CO. FAMILY TO VISIT CLYDE

Mr. and Mrs. James Buckley and family, of Model Farm, are to sail on Saturday, April 19, on the steamship Marburn for Scotland. They plan to visit in Scotland and Ireland and expect to be away about 10 months. Mrs. Buckley has been looking forward to a return visit to her people in Rothesay, Scotland, after an absence of nearly five years in Canada, and their friends wish them a pleasant trip.

MEMORIAL TO SOLDIER.

A handsome burnished brass memorial tablet is being displayed in the window of a King street jewelry firm. The tablet will be placed in St. John's (Stone) church. It has the following inscription: "In loving memory of Captain Francis Russell Winter, M. C., 26th N. B. Battalion, C.E.F., killed in action at Lens, France, Aug. 15, 1917." The work on the tablet is very beautiful. The lettering is of black and there is a simple border design of black. In the centre at the top is the raised crest of the

26th Battalion, a piece of art work that is exceptionally well done. The tablet was made in St. John on the order of relatives of Captain Winter.

SAILS CLOSE TO WIND.

It was pretty close figuring for the General Public Hospital last year. The annual report, recently prepared, shows that receipts were \$191,226.71 and expenditures \$191,206.46 with 2,628 patients receiving treatment, an average of 141.6 each day. The total number of hospital days was 51,677 and the

With Alabastine and a Coarse Sponge Wonderful Opaline Tints are Attained

ANYONE with a desire for handsome walls, and guided by the Alabastine tint chart, can have beautiful effects in halls, stairways, living rooms, bedrooms, kitchen or bathroom by the use of Opaline Work. You can easily express your individual artistic taste in any room. First you cover the wall with one coat of Alabastine in the usual way, mixed according to directions on the package. Then, with a sponge having coarse or fair-size openings and cut flat against the grain, you apply the colors desired from separate dishes.

Over a soft-toned background beautiful flecked or mottled effects are produced. The surface attained does not show spots or finger-prints like a plain surface, and as you know, Alabastine does not rub off.

In home, store or office these Opaline Tints provide a most artistic and sanitary finish. Pleasing figured effects may be chosen to harmonize with furnishings and fabrics such as chintz, cretonne and silk, usually at less than half the cost of suitable papers. Complete directions for attaining Opaline effects with Alabastine will be furnished by paint dealers or by the makers of Alabastine. Your painter will apply Opaline Tints or you can do it yourself. "It's easy—Get a sponge and try it." Ask your dealer or send to us for sample cards of Alabastine Tints and Opaline Effects, also our Stencil Catalog.

Save the Stencil Premium Label on the bottom of every package.

POINTS TO REMEMBER ABOUT ALABASTINE

Mixes equally well in hot or cold water. Does not stain, peel nor "set" when left to stand. Can be easily washed off with water and sponge, and can be re-coated several times without removing first coat.

Always smells sweet and clean.

Alabastine Opaline Effects are of unusual beauty and take the place of wallpaper. More sanitary, more economical. Hide bad wall conditions, and will not show marks or stains.

Here Is a Paint That Saves Money as well as the Surface

The following is an extract from a letter that we will show on request:—

"Another old-time painter, Mr. H. Brawn, had a large house that he had already primed, and he figured that it would take seven gallons to put on the second coat. We persuaded him to try Floglaze Exterior, and we sent six gallons to do the job. After it was completed he had two gallons left, having finished the job with four gallons instead of seven."

Floglaze Exterior will cover 500 square feet, two coats, to the gallon ---a saving of 25% in material over any other kind of paint. It will give 25% greater wearing value---a saving in renewal and labor charges.

Buy Your Paint on the Basis of Annual Service Cost Per Thousand Square Feet

You would not buy lumber by the cord. You buy it by board measure. For maximum value buy your paint on the basis of the amount of surface it will cover and the number of years it will last. Paint covering 300 to 350 square feet, two coats, and selling at approximately \$4.35 per gallon, will cost \$12.40 per thousand square feet. If it lasts three years its annual service cost would be \$4.14.

Floglaze EXTERIOR will cover 500 square feet, two coats, to the gallon, and last at least four years. This gives a cost of \$12.40 per thousand square feet, and an annual service cost of \$3.10. FLOGLAZE gives a more enamel-like surface, holds its gloss longer and gives 25% better protection than lead and oil or any other paint.

What Determines Paint Value?

Paint value cannot be determined by the price per gallon.

It must be found in the extent to which it will cover and in the length of time which it will protect and preserve.

The real value of a paint is therefore arrived at on the value of service given annually per square foot or per thousand square feet. In other words, it is necessary to find the yearly cost of paint per thousand square feet.

Low-priced paint, covering 300-350 square feet, and lasting not more than two years, invariably gives the highest annual cost.

The highest priced paint, covering 500 square feet, and lasting at least four years, undoubtedly gives the greatest annual service value per thousand square feet.

From a decorative standpoint, the higher priced paint has more permanent colors, gives a better finish and retains a more lasting appearance.
