DAVIES BEAT SPENJOS. After a spiendid exhibition at the Victoria theatre on Friday night by Tom Davies, champion of British Columbia, and Nick Spenjos, ex-champion Graeco-Roman wrest-ler of Greece, the former was declared the winner by Referee Wriglesworth. Spenjos failed to win on the conditions of the con-tract, namely, to throw Davies three times within 90 minutes. He succeeded in pin-ning the Nanaimo man's shoulders to the mat twice inside the time specified. The first was made in 35 minutes by an arm hold and the breaking of Davies's bridge by strength and weight. and when time was called the Victoria eleven was in the lead. Columbia braced up to a considerable extent in the second portion of the contest. Victoria, however, still pressed hard

and scored before their opponents were able to obtain any advantage. From this the Columbias did better work and made several assaults on the city team's goal which required all the skill of Goward and Gowen to repulse. Finally, through some pretty combination, Cecil Berkeley managed to put the ball past Jones, custodian for Victoria, scoring Columbia's first and only goal. No further score was made on either side.

Victoria subjected the opposing stronghold to a persistent bombardment, but the defence was equal to the occasion and nothing resulted.

As already stated, the change in the lineup of the local eleven improved the playing wonderfully. Lieut. Lewis, as centre forward, was a tower of strength, securing two of the four goals scored. He was well supported by S. Lorimer and Tye on one wing and J. Lorimer and Menzies on the other. The half backs worked together well and the full backs put up their usual splen-
