## COUNCILLOR SIDDALL HEAD OF N.B. UNION

Closing meeting of Interesting and Profitable Session Held in Newcastle—Much Business Done, IN ST. STEPHEN NEXT.

Special to The Standard. Newcastle, Oct. 12.—The Union of New Brunswick Municipalities, concluded a most successful convention here this afternoon by electing Councillor S. Siddall, of Port Elgin, as president and choosing St. Stephen as the next place of meeting.

A vast amount of work was transacted at both sittings today and it was decided to ask the Government to co-operate in granting much desirable legislation. One thing that seemed to impress the meeting was the necessity of having greater advertising of legislation affecting municipalities. Mr. Kelley of St. John urged that the municipalities should have a representative constantly at legislature. He commended secretary McCready for his work. The question of taxation evoked a prolonged discussion and arguments for the present system as well as many for a change were presented.

Ald. Stuart's motion empowering municipalities to change their system of assessment if they deem it advisable was carried and his resolution in re qualification for candidates for municipal honor was not voted on owing to the fact that sufficient notification in the opinion of many had not been given.

Mayor Rell's motion asking the Government to provide means for giving more extended advertising to bills affecting municipalities was carried. Coun. Cochrane's resolution asking that the Government so amend the statutes as to have a uniform date throughout the province for municipal elections and that term of office be three years was also passed.

St. Stephen was chosen as the place for the next convention, the union accepting the kind invitation of Coun. Polley, Ald. Hiltz, Coun. Reid, and others from that county. The election of officers resulted as follows: Coun. Siddall, president, Port Elgin. Coun. Polley, Vice-President, St. Stephen. Town Clerk McCready, Hon. Secretary, Fredericton. The executive will comprise the retiring president, Dr. Sterling, Ald. Farrell, Fredericton; Coun. Cochrane, St. Martins; Coun. Hiltz, St. Stephen; Town Clerk Murray, Sackville; Mayor Pedolin, Newcastle; Ald. Price, Moncton; Ald. Potts, St. John; Ald. Alexander, Restigouche; Es-Varden McMillin, York; and Ald. Toronto, Oct. 12.—The Canadian Manufacturers' Association concluded its business sessions today after passing a number of resolutions. A committee was appointed to investigate the question of the Workmen's Compensation Act and watch for any legislation along this line. ## CHINA FACES REVOLUTION

Continued from page one. Thousands of soldiers have joined the mutiny in Hu-Peh. Many Manchus have been killed and the terrified people are fleeing from the cities into the country carrying their belongings. The Manchus have been opened and the criminals liberated. There has been fighting in the streets but the most stringent orders have been issued that the lives of foreigners and their property shall be respected.

An American expedition which was despatched from Hankow to Wu-Chang for the purpose of aiding the revolutionaries there returned here today with all the missionaries with the exception of Miss R. A. Kemp of the Episcopal Society, the members of the Roman Catholic mission, including sisters, and the London mission, who declined to depart.

There was a brief exchange of shots today between the Wu-Chang forces and a loyal Chinese cruiser. The firing ceased after the British and Japanese officials had protested in an undignified manner.

Preparing to Fight. Peking, Oct. 12.—The Chinese government has withdrawn the danger of the revolution in Hu-Peh province. General Yin Ching, who has been in the city since the outbreak of the revolution, has left this evening for Pao-Ting-Ping one hundred miles to the south of Peking. The fourth division of the army is making hasty preparations to leave tomorrow for Hankow. An imperial edict issued today ordered the immediate despatch of two divisions of the troops to the disaffected provinces. About twenty thousand of the troops are Manchus. It is against the wishes of the revolutionaries have risen.

At the same time orders have been issued for the assembling in the provinces of the forces of the government which are to unite with the land forces against the rebels. According to the official report at least ten thousand have been destroyed. Twenty thousand troops have mutinied in the province of Hu-Peh alone. It is said that they captured modern guns at Wu-Chang. There is an unconfirmed report that the revolutionaries occupied Chang Sha on Oct. 10th. Extra precautions have been taken in Peking to prevent a rising and large bodies of troops are guarding the palace.

Railway Lines Torn Up. Hankow, Oct. 12.—It is reported that the railway line between Hankow and Hanyang has been cut. The southern capital, capital of Kiang-Su, the yamens of the viceroys and Tairars have been destroyed. Twenty thousand of the Peking and Hankow Railway have been torn up and the bridges burned. The situation is most serious. The revolutionaries have occupied Hankow unopposed.

Another Town Captured. Paris, Oct. 12.—A Peking despatch says that the rebels have captured Yokohama. Yokohama lies about 80 miles to the southwest of Wu Chang.

Good Attendance at Fair. Taking into consideration the unfavorable weather conditions which prevailed last evening, the attendance at the Around the World Fair was a large one. The fair proved an excellent place in which to spend the evening, and the large crowd thoroughly enjoyed the many attractions found at the fair. The City Cornet Band provided the music during the evening, and furnished an excellent programme. The winners last evening were: Ladies' team, consisting of Mrs. McCormack, the latter winning in the deciding toss. On the bowling alley, R. Butler and Wm. Connolly tied, Connolly winning in the final string. The prize for the boys' team was again won by J. Spearheads. The fair will be continued this evening. The 62nd band has kindly volunteered to give a concert this evening.

Town councillor of Newcastle, Sec. Town Treasurer, McCready, Sec. Town Clerk Murray, Sackville; Mayor Pedolin, Newcastle; Ald. Price, Moncton; Ald. Potts, St. John; Ald. Alexander, Restigouche; Es-Varden McMillin, York; and Ald. Wallace, Sussex.

Votes of thanks were extended to the retiring president, the Mayor and

## ARTESIAN WELL BOREAS HAVING MUCH TROUBLE

Quest for Water Supply for Partington Pulp and Paper Mill Being Conducted Under Difficulties.

The contractors engaged in boring an artesian well for the Partington Pulp and Paper Company at Fairville, are having their share of troubles. They have been boring one of the deepest artesian wells in the country—a well nineteen inches in diameter. Some days ago a piece of machinery fell down the hole, which is seventy feet deep, and blocked the boring auger. They have tried various ways of removing the obstruction without success so far, though they hope to succeed in raising the piece of machinery and saving the hole.

The Partington Company decided some time ago to sink a number of artesian wells with the object of securing a supply of fresh water for their mill. The company now draws nearly a million gallons of water a day from the Spruce Lake system and if as they expect they are able to obtain a sufficient supply for their needs from artesian wells and relieve the West side water system of the big draft upon it, there should be a big improvement in the pressure on the Lancaster Heights, the residents of which have been continually complaining of an inadequate supply since the city undertook to supply the mill with water.

When the matter of installing a pump on the Lancaster Heights for the purpose of increasing the pressure on the water and sewerage Board, it was reported that there was a chance of the pulp mill getting its supply of artesian wells, and in view of this possibility it was decided to allow the question of installing a pump to lie over.

## ITALY CARRIES WAR

Continued from page one. The proclamation concludes by announcing that Italy desired that Tripoli should remain the land of Islam under the protection of Italy.

Amistice is Denied. Rome via Frontier, Oct. 12.—That an armistice has been arranged between Italy and Turkey, as reported from Berlin, is strenuously denied by the Italian government. A despatch from Tripoli to the Giornale d'Italia says that the Turkish government, being unable to command directly with Munir Pasha, commander of the former Turkish garrison at Tripoli, has telegraphed to the Turkish consuls at Tunis and Algiers to instruct him to resist as long as possible.

Consular reports have reached the Italian government stating that 30 Italian volunteers, equipped on the Hedjaz Railroad on the boundary line between Egypt and Syria were landed at Krak, Syria, early in October.

The Landing at Tripoli. Tripoli, Oct. 12.—Nineteen transports arrived in the harbor this morning. They brought the second part of the Italian army expeditionary corps which is to occupy Tripoli. The landing of the troops, artillery, ammunition and horses began immediately. When the transports were sighted the forts saluted and the colors of the Italian flag were run up over the fortifications and principal buildings of the town. Great crowds of Europeans and natives in characteristic costumes lined the shore. Entering the harbor, cheers from the transports could be heard replying to the noisy welcome from the shore. There was a great waving of rifles, hats and handkerchiefs.

Governor Borea, D'Olmo commandant Cagliari, Mayor Hassan Karamanli and several Arab chiefs went to the pier and personally welcomed the officers and men as they came ashore. The landing was conducted expeditiously, the experience of yesterday being utilized to advantage today. The Bersaglieri Sappers are busy constructing wooden huts for the accommodation of the troops, the barracks being inadequate.

A part of the force landed today was sent to occupy Benghazi and Derna, Bombah and Tobruk. Smaller garrisons will be established at Marsa, Susa, Tokra, Medina, Sebda, Hessa, Misurata and a few other points. To Expel Maltese. Rome, Oct. 12.—Advises received from Tripoli state that the Italian governor, Rear Admiral Borea, D'Olmo has been ordered to expel several Maltese who were attached to the Turkish troops, and have shown a disposition to resist the innovation. Their attitude has surprised the Italians.

The officers are finding great difficulty in holding the soldiers within bounds as the latter are anxious to march on the enemy in the interior. Soldiers have now replaced the sailors on duty, and the advance posts have been extended to several miles around Tripoli. It is evidently the purpose of the Italians to gradually push their lines to the Ghuriana hills where the remnant of Turkish troops have retired. News from the interior is contradictory. Some reports have it that Munir Pasha, the commander of the Turks is about to surrender, while according to others, he is gathering a large army in preparation to resist indefinitely.

Opposed to Indemnity. Rome, Oct. 12.—The Corriere d'Italia affirms that the government is opposed to indemnifying Turkey for Tripoli.

## ANNUAL CONVENTION DISCIPLES OF CHRIST

Opening Session Held Last Night, in Douglas Ave. Christian Church—Business Meeting Commences Today

The opening session of the annual convention of the Disciples of Christ in Nova Scotia and New Brunswick, in the Douglas Avenue church last night, was well attended by the delegates and general public, the building being filled.

The pastor of the church, Rev. J. C. B. Appel delivered a pleasing welcome address to these present Rev. H. B. Bell, of Summerside, P. E. I., and Rev. H. R. Chase, of Halifax, followed with strongly evangelistic appeals. The actual business sessions of the convention will open this morning. The gathering will be brought to a close Sunday evening.

The following are the names of the attendance from outside points: W. R. Wentworth, Letete, N. B.; L. G. McNichol, Mascarene, N. S.; Peter Lawson, Grand Manan, N. B.; J. Stockford, Burt's Cove, N. S.; Rev. H. C. Lambert, Lower Cove, N. S.; Rev. H. B. Bell, Summerside, P. E. I.; Rev. John Ward and wife, Montserrat, P. E. I.; A. M. Gaetz, Charles McMoran and E. A. Payson from Newport, N. S.; Rev. E. J. G. Haines, Rev. H. R. Chase, wife and son Fred, Mrs. Moore and son Fred, H. Watson and Miss Blanch Tulloch from Halifax, N. S.; Dr. Murray and wife, from Louisbourg, N. notes, checks, bills of exchange and paper money. The government has also declared its intention to conform to the declaration of London, although Turkey is not a party thereto. Reports from Yemen say that Imam Ya Iyaz has proclaimed a holy war. The ministerial meeting of the two parties in the chamber of deputies today indicated a probability of the early fall of the cabinet. The ministerialists intend to attack a joint meeting in order to present a united front in the time of a national crisis, and the oppositionists adopted a resolution that they would refuse to vote confidence in the new ministry.

The ministerialists, needing passage of a resolution in favor of resisting Italy to the end with reprisals and by every means in the country's power, it is doubtful if the grand vizier will conform to this policy, in which case the cabinet's fate is sealed. There is an unconfirmed report tonight however that the committee of union and progress is now willing to negotiate peace.

Big Forge in Tripoli. Rome, Oct. 12.—With the landing of 22,000 troops in Tripoli and another convoy soon to follow with 15,000 more the Italian government feels that the occupation will soon be completed and that Turkey will accept the inevitable.

The most interesting news from Tripoli outside of the safe landing of the soldiers, is that relating to the presence there of former Premier Sonnino, leader of the constitutional opposition in the Chamber of Deputies, and Count Giolitti, who was minister of foreign affairs in the Sonnino cabinet. They acted quite as secretly as Premier Giolitti did in expelling the troops and their arrival in Tripoli was entirely unexpected.

They expressed the intention to follow the troops so that they may personally be acquainted with the problems which Italy must solve, and that he got out of the new colony. Both Sonnino and Count Giolitti are experts in agriculture, and strove during their whole political career to bring about improvements in the moral, commercial and economic conditions in southern Italy. Undoubtedly their chief object is to ascertain how the possession of Tripoli-Tana may help in the regeneration of the south.

The officers are finding great difficulty in holding the soldiers within bounds as the latter are anxious to march on the enemy in the interior. Soldiers have now replaced the sailors on duty, and the advance posts have been extended to several miles around Tripoli. It is evidently the purpose of the Italians to gradually push their lines to the Ghuriana hills where the remnant of Turkish troops have retired. News from the interior is contradictory. Some reports have it that Munir Pasha, the commander of the Turks is about to surrender, while according to others, he is gathering a large army in preparation to resist indefinitely.

## CANADA HAMBURG LINE MAY RUN FROM BOSTON

A press despatch from Boston yesterday said: "By an arrangement perfected by the New York, New Haven and Hartford Railway, this city is to be the terminus of a line of Canadian Pacific Railway steamers running to Rotterdam, according to an announcement made last night. The arrangement, which will give Boston a weekly freight service to Rotterdam is to go into effect during the coming winter. St. John, N. B., has hitherto been the entry port of the Rotterdam line."

There is some error about the above statement. The Canadian Pacific Railway never had any ships on the Hamburg and Rotterdam route, but the Canada Hamburg Line put two steamers, the Barcelona and Samland on the route last season on the understanding that if sufficient freight offered they would continue the sailing from this port.

Both steamers when they left this port for Hamburg and Rotterdam, had very small outward freights; the two cargoes were valued at \$206,478, being all Canadian goods. This it is assumed in the reason why the line will try Boston this coming winter.

BOSTON OARSMAN WINS IN THE SENIOR SCULLS. Boston, Mass., Oct. 12.—The senior sculls premier event of the regatta of the New England Amateur Boating Association on the Charles river today was won by Everett Hope of the Boston Athletic Association by a length over Paul Withington. Representatives of the Metropolitan Rowing Club of New York, had to be content with second place in the two events in which they were entered, the senior double sculls and the Centipede race, both of which were won by the Union Boat Club of Boston.

Watertown, N. Y., Oct. 12.—Oliver E. Morey, aged 55, a retired soldier, living on the outskirts of Madison Barracks, was burned to death early today when his house was practically destroyed by fire. The cause of the fire is unknown.
