In Heavy Fighting Germans Force Back Line Slightly at One Point—Severe Air Combats Saturday and Many Bombs Dropped.

AUSTRO-GERMANS MEET REVERSE IN ZARKOV REGION, BUT WIN AT OENX

Partial Offensive Undertaken by Enemy in Direction of Brody in the Zarkov District Ends in Complete Failure for Teutons Whose Losses Are Great.

London, Aug. 11.—The official statement from British headquarters in France issued tonight reads: "This morning the enemy again attacked our new positions on the Ypres-Menin road, after heavy fighting pressed back our line, slightly in the Glencors Wood. In the neighborhood of the Ypres railway we gained ground on the right bank of the Steenbeek. A further 140 prisoners were captured by us in the course of the day. "Yesterday, for the first time in ten days, a full day's fighting was possible. Enemy aircraft showed itself in a great many places, attempting to prevent our artillery work and attacking our bombing machines.

Fighting Severe.

"In spite of their efforts a great deal of observation work was carried out by us. A large number of photos were taken, many targets on the ground engaged effectively with machine gun fire and, in the course of the day and night, six hundred tons of bombs were dropped on enemy air-dromes, ammunition depots, and other points of military importance. Fighting was very severe all day and the enemy was encountered in large formations. Ten German machines were brought down by our anti-aircraft fire. Others were driven down out of control and another was driven down out of control by gunfire. Twelve of our machines are missing."

Many Children Die From Summer Complaint

When They Could Be Saved by Using
**DR. FOWLER'S
EXTRACT OF WILD STRAWBERRY**

There is not a Summer passes without thousands of people, especially infants, being attacked by Summer Complaint. The prostration, often verging on collapse, which sometimes accompanies this disease makes it one of the most serious and dangerous we have to contend with during the hot months. A remedy which will quickly offset the vomiting, purging and the profuse diarrhoea is Dr. Fowler's Extract of Wild Strawberry.

Mrs. Thomas M. Theriault, Grand Anse, N. B., writes: "My three children were very sick with Summer Complaint during the hot days last Summer. I thought one day that they would die, and I didn't know what to do to cure them. I happened to have one of your almanacs in the house, and found by reading about Dr. Fowler's Extract of Wild Strawberry that it was a good remedy. I at once got two bottles, and they perfectly cured them. I recommend everybody to use this wonderful remedy."

When you ask for "Dr. Fowler's" get that you get it. It has been on the market for the past 72 years. You don't experiment when you buy it. Price 35c. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

Petrograd, Aug. 11.—The official statement from the war office today reads: "Western Russian front. There have been fusillades, these attained more intensity in the direction of Zida. The partial offensive undertaken by the enemy on Thursday in the direction of Brody, in the Zarkov region, ended in complete failure for him. The enemy was repulsed everywhere and his losses were great. "Roumanian front: Enemy attacks in the valleys of the Rivers Sereth and Suchawa, in the region of Terecheni and Gadikaba, were repelled in the region of the upper reaches of the River Bobra. The enemy succeeded in driving our troops back slightly. To the southwest of Oena, during the course of the day, stubborn battles took place. The enemy made a series of energetic attacks and towards evening forced the Roumanian troops to retire about a verst to the east of the Wraschi-Ondroscul line. "During the course of Friday the enemy continued to develop a large scale offensive to the west of the Fok-shani-Marasch railway and toward evening forced our troops to retire across the River Ruchaltza. To the east of the railway we succeeded in repulsing all attacks, capturing about 100 prisoners. Toward evening our troops recrossed two places to the southern bank of the Suchawa. "Caucasus front: No change has taken place. Enemy airplanes dropped bombs on the railway station at Lodetchno."

At Atlantic Port, Aug. 11.—Recent labor riots in Lisbon, during which 100 soldiers and 85 civilians were shot in the streets or killed by bombs thrown from housetops, were described by Gilbert L. Robinson of New York on his arrival here on Wednesday. Mr. Robinson spent nearly three months in Portugal in the interests of an American shipping firm and said that several of the labor unions struck for a seventy per cent. increase in wages on account of the high cost of living occasioned by the war. When they held open demonstra-

The labor unions were organized on a basis of solidarity and were very active in their demands for higher wages and better working conditions. The government was forced to make concessions to the labor unions, but the situation remained tense. The labor unions were very active in their demands for higher wages and better working conditions. It was watched carefully and soon a submarine was seen to emerge from behind it. The gunner on the steamer had his weapon ready and directly the submarine showed itself he fired. He hit the undersea boat with his first shell. A second shot struck the conning tower and a third turned the submarine over and it began a nose dive. Its crew clambered on deck and waved white handkerchiefs. The steamer wasted no time in the vicinity, but left the saving of the Germans to a patrol boat that came up.

CITY OF BOSTON WILL START SIX PUBLIC MARKETS

Municipality Will Cut Out Middlemen's Profits on Produce.

Boston, Aug. 12.—The city of Boston is to open six public markets this week. It is hoped that much of the present abundance of garden produce in the suburbs will in this way reach consumers at moderate prices. Public markets owned and operated by a number of cities in the state have proved successes, the municipalities buying direct from the producer and selling at sufficient advances to cover expenses.

PRICES OF TOBACCO WILL BE ADVANCED IN U. S. SHORTLY

Ten Cent Packages Will Cost Twelve Cents and Fifteen Cent Packages Eighteen.

Boston, Aug. 12.—Tobacco and manufactures of tobacco are to be advanced in price shortly, and it is probable the ten-cent package will cost twelve cents and the fifteen cent package eighteen cents. War conditions are said to be responsible. Retailers and wholesalers are beginning to feel the strain and it is stated that several big corporations have decided to do away with cut prices. Cigarettes are expected to go higher. The scarcity of Havana tobacco and the new war tax measure are two of the reasons given for the pending advance.

Bathurst, Aug. 11.—A sad drowning accident occurred in the shallow water of Bathurst Basin, when Amos Chaisson, the 12 year old son of Mr. and Mrs. Joseph Chaisson fell from a small raft on which he was playing and when his body was taken from the water, a short time later, all efforts failed to resuscitate him.

The first confirmation was contained in a copy of a newspaper sent by a friend and was in the form of her mother's obituary notice. The second closely following the first was a letter giving the details of her mother's last sickness and death.

STRANGE CASE FROM ALASKA

Former Sunbury Woman Learns by Telepathy of the Death of Her Mother.

Fredericton, Aug. 11.—A curious case of telepathy comes from far off Alaska, the recipient of the curious message being a nurse in Flat City Hospital in that territory, and the person from whom it came, her mother, who died at her home in Wasila, Sunbury county, a few miles from Fredericton. Mrs. S. F. Patchell, formerly of Fredericton, was aware of the death of her mother, Mrs. Mary Wade of Wasila, before an obituary notice appeared in any local paper. As she slept in her room in Flat City Hospital on the night of May 24 last, her mother appeared at her bedside. Mrs. Patchell awoke, and so great was the impression made upon her that she was unable to sleep again that night. She took the appearance as an indication that her mother had passed from this mortal world and marked down the date expecting certain confirmation of her presentiment.
