

DISTURBANCES IN BULGAR CAPITAL

(Continued from Page One.)
London, Sept. 29.—The news from Bulgaria which comes through various channels, compels the belief that the Prussia of the Balkans is not merely seeking a breathing spell but really wants peace. All the evidence indicates that she needs it grievously and must have it.

The German pretense that Premier Malinoff was acting on his own responsibility finds no confirmation. King Ferdinand's crown apparently is at stake and he is trying to save his dynasty.

The Bulgarian finance minister and the commander in chief are now on their way to the front, according to the newspaper "Vaterland," which adds that an American attaché will participate in the negotiations.

While Bulgaria has been disintegrating for months as a factor in the war her military defeat has brought matters swiftly to a crisis. Her armies are separated and not only are beaten but two of them are scattered in flight with their German allies sharing the same fate. Yesterday's official report from the front speaks of the number of prisoners taken and points out that most of them were Germans.

Sofia May Fall.

Occupation of Sofia by Allied troops is a possibility of the near future. The terms of the Allies are plain but stringent. Bulgaria will not be allowed to withdraw from the war and

assume the position of a near neutral. She must surrender and give up what territory she has gained by arms as well as some privileges of transit and the same usefulness she yielded to Germany while professing neutrality. There is even a suggestion that she may be required to use her army on the side of the Entente.

The answer of the Allies is an ultimatum. "The Allied powers have no further conditions to propose," says the semi-official pronouncement.

Germany's Policy.

Germany's policy in this crisis is learned from the newspapers of that country. She is trying to rush reinforcements to Bulgaria. One report says heavy contingents are going and on their way will show themselves in Sofia to reassure the people of the Balkan capital. Germany will not let Bulgaria make peace if she can prevent it by force or persuasion.

May Be a Race.

There may be a race between the German army and the Allies to reach Sofia. Germany is supposed to have six divisions in Rumania which may be able to send to Bulgaria. She hardly can withdraw troops from the western front during the greatest struggle she has experienced there. Probably Austria also will be called upon for help.

The latest developments seem to confirm reports that King Ferdinand's long absence from his kingdom during the summer was because he was afraid to remain there. German papers are now speaking freely about their allies.

"From the day of Malinoff's appointment," says "Vorwarts," "it was well known in political circles that our alliance was in the greatest danger. In addition to the cabinet's pre-Entente sentiments there is an extraordinarily ardent desire for peace on the part of the people whose food for months has been crumbling and indigestible maize bread. Even if the supporters of our alliance should succeed in getting the 10 per cent we should induce in no illusions regarding the value which the preservation of the alliance can still have for Germany."

Vienna Conference.

Amsterdam, Sept. 29.—Emperor Charles presided at a meeting of the Crown Council at Vienna yesterday, according to a despatch to the Berlin "Tagblatt." The session lasted into the night, and the chief subject was the foreign situation, particularly Bulgaria.

The British Reply.

London, Sept. 28.—Great Britain has replied to the Bulgarian request for an armistice. The reply, it is stated, is fully covered by the answer given to the Bulgarian representatives by the commander of the Allied army on the Macedonian front. By this reply it is perfectly well defined that no military operations can be suspended.

At the same time, regarding the proposal that duly accredited Bulgarian representatives should confer with the Allies on the question of

peace, it has been made quite clear to the government that such a peace necessarily involves a complete rupture with the Bulgarian government with Turkey, Germany and Austria-Hungary.

Demand Guarantees.

The Allied governments necessarily demand every guarantee which they consider necessary to them to safeguard their military operations, and prevent the despatch of German troops to Bulgaria.

In discussing the Bulgarian proposal, it is pointed out the Allies have no intention of attempting to make a final territorial settlement in the Balkans, which obviously must be a matter for consideration at the peace conference. The question, it is stated, is one of the conclusion of such a military agreement that would prevent any further danger from the Bulgarian side to the operations of the Allies in the Balkans.

Implies Demobilization.

This implies the demobilization of the Bulgarian army or its employment elsewhere against Bulgaria's present allies.

No steps in the territorial questions involved will be taken without the fullest co-operation and support of Greece and Serbia, but one of the essentials of any preliminary agreement must be the evacuation of Bulgaria of all territory outside Bulgaria proper, occupied by her armies since the outbreak of the war.

If the terms laid down, which have been despatched to Sofia, are not acceptable to the Malinoff government, the Allied powers, it is added, will rest with Bulgaria to find other representatives who can accept these conditions.

THE CHANGES ON C.G.R. LINES

Effective Sept. 29th. Service to P.E.I. via Cape Tormentine.

Time changes effective on September 29th, on Canadian Government Railway Lines, will only slightly affect trains leaving St. John. No. 14 "Express," which connects with No. 200 Eastbound "Ocean Limited" for Halifax at Moncton, will leave at 2:10 p.m. instead of 12:30 noon, and will not run on Sundays. No. 10, the "Night Express," will depart at 11:35 p.m. The "Maritime Express" will be the daily train between Halifax and Montreal after the change, and the "Ocean Limited" will run daily except Sunday out of Halifax.

Passengers for Prince Edward Island will make connection by taking No. 18 Express leaving at 7:10 a.m. connecting at Sackville with train leaving for Cape Tormentine at 1:00 p.m. No. 18 will wait twenty-seven (27) minutes at Sackville for dinner, and the new restaurant in the station will cater to the needs of travellers desiring lunches or meals. Passengers for the island will have ample time to enjoy a meal there.

There is practically no change in the time of trains arriving. No. 13 Express, the connection with the Westbound Ocean Limited, will arrive at 5:30 p.m. as usual, but not on Sundays. No. 357-358 Suburban between St. John and Hampton will be discontinued.

A RESPECTED LADY OF APOHAQUI DEAD

Miss M. Janet Fowler Passed Away Saturday morning After An Illness of Two Months—George B. Jones, M. L. A., a Brother-in-Law.

Special to The Standard.
Apoquoit, Sept. 29.—After an illness of two months, the death of Miss M. Janet Fowler took place at her home here on Saturday morning, September 28. The deceased was the daughter of the late William and Catherine Fowler, of Salmos Creek, Queens County, where she was born 56 years ago, and where she spent all her life until she came to make her home in this village. During her brief residence here she made for herself many friends by her kind and considerate disposition and pleasant personality.

The immediate relatives surviving are two sisters, Mrs. Jones, wife of George B. Jones, M. L. A., of Apohaqui, and Mrs. George Chase, of Chipman, and two brothers, William H. Fowler, of Montserrat, and James A. Fowler, of this place.

Service on Sunday.

A service was held on Sunday afternoon attended by many sorrowing friends. Rev. A. J. Morash conducted the service, and gave a most impressive address, concluding with a very fitting eulogy of the deceased.

The Psalm, "The Lord Is My Shepherd," and the hymn, "Jesus Lover Of My Soul," were beautifully rendered by the choir. The casket was laden with beautiful floral offerings, bearing silent testimony to the esteem in which the deceased lady was held.

On Monday morning the body, accompanied by relatives, will be taken to Chipman, where a service, conducted by Rev. Mr. Kowatt, will be held in the Presbyterian Church. Interment will be made in the family lot, Red Bank Cemetery, Chipman.

FILIPINO DOUBLES OF SIAMESE TWINS LIVE IN WASHINGTON

Washington, Sept. 27.—It has been discovered that the only living counterpart of the Siamese twins are living in Washington under the guardianship of Theodore Yanco, resident Commissioner of the Philippine Islands, in Congress.

The boys whose names are Simplicity and Lucio Dodino, are joined together at the base of the spine by a cord thicker than a man's wrist and were born in Samar Province, the Philippine Islands, in 1908. Their father, who is very poor, turned them over to a mail box man named Dularay, who brought them to this country many years ago for the purpose of exploiting them.

The Brooklyn Society for the Prevention of Cruelty to Children, at present their legal guardian, took them away from him. Mr. Yanco, who is a wealthy merchant and shipowner of Manila, will adopt them at the earliest possible moment and will give them the best education that money can buy.

The children are developed mentally as much as the average child sixteen years old. They were in the Senate barber shop this morning having their hair cut and talked with a number of Congressmen. Simplicity announced that they would have to register tomorrow as each was ten years old, and ten and ten made twenty, which brought them within the draft age.

At the present time the twins are at Mr. Yanco's home. They are studying music and will be sent to St. John's College to complete their education. The best surgeons in the country have been consulted and it is the opinion of every doctor who has seen them that any attempt to separate them will result in the death of one or the other.

Mr. Yanco, well known for his philanthropies, has sent them to Europe and America to study. He defrayed the expenses of training the first Filipino nurses at St. Paul's Hospital, Manila.

GRACE DARLING IS CRUSHED TO DEATH BY AUTOMOBILE

Motion Picture Actress, Who Has Been Seen in St. John, Run Down By Motor Car Racing To Hospital.

San Francisco, Cal., Sept. 27.—Grace Darling, noted motion picture actress, was crushed to death here when an automobile racing to hospital with an injured man struck the automobile she was riding in.

Miss Darling was born in New York in 1893. She was a newspaper writer before entering the motion picture field. She acted the title part in "The Perils of Pauline" for the Pathe Company, and later became a star for the International Film Corporation.

York city in 1893. She was educated in the schools of Manhattan and for a short time was a newspaper writer in this city. In 1915 she made a trip on the steamship Great Northern from New York through the Panama Canal to San Francisco carrying a letter from Governor Whitman to Governor Johnson of California, upon the opening of the Panama-Pacific Exposition.

Miss Darling's first engagement as a motion picture actress was with the Pathe Company. She played the title role in the serial "The Perils of Pauline." In this picture she showed her athletic ability and daring. "The Perils of Pauline" consisted of thrills which necessitated the star to leap from moving trains, off high cliffs and swim turbulent streams. Miss Darling's ability about these things, as well as her acting, resulted in the picture's success.

Later Miss Darling went under the management of the International Film Corporation and played the title role in "Beatrice Fairfax." For the last two years she has made her home on the coast, acting before the camera for the International Company.

Movie patrons will remember Grace Darling in "The Perils of Pauline" and "Beatrice Fairfax," both films have been seen at local picture theatres.

AURORA IS BRILLIANT EARLY THIS MORNING

Bright Display of Northern Lights Indication of a Cool Wave.

There was a brilliant display of the aurora borealis (Northern Lights) shortly after one o'clock this morning or about midnight, solar time. The deep flashes of yellowish green extended well towards the north at times. The appearance of northern lights is not unusual at this season, and indicates atmospheric conditions which generally lead to high air pressure and a short period of decidedly cool weather.

By Taking Lydia E. Pinkham's Vegetable Compound. Many Others Have Done the Same.

Troy, N. Y.—"I suffered for more than seven months from a displacement and three doctors told me I would have to have an operation. I had dragging down pains, backache and headaches and could not do my housework. My sister who had been helped by Lydia E. Pinkham's Vegetable Compound asked me to try it. I have taken several bottles and am now entirely well—and not a trace of my old trouble. I have told many of my friends what wonderful results they will get from its use."—Mrs. S. J. "Unto the least of these"

RIVET your eyes on this picture of a Belgian mother and child, until you feel the full horror of the situation! Thousands of these orphans, dying of starvation, might now be living in comfort and plenty, had their soldier fathers not flung themselves into the breach when the Hun invaded Belgium.

The fathers died to save us. Are we going to let the orphans starve?

Conditions are simply ghastly. The United States loans to the Belgian Government finance the general relief work, but this only provides a bowl of soup and two pieces of bread to each person per day.

What is that for a growing child?

The Slaughter of the Innocents is less terrible than what is now occurring in Belgium—practically a whole generation of the Belgian nation in the grip of Consumption, Rickets and other ills all directly due to insufficient nourishment.
