#### A CHALLENGE

Robert Everett Shanklin, who owns Victor Brazilian, challenges Lena B. owned by William Burdell, St. Martins, to a match race on Moosepath Park May 24, mile heats, best three in five. Race to be conducted under the National Trotting Association rules. Two hundred dollars Ottawa placed in the hands of W. B. Bentley and the challenge is open to May 31. Mr. Shanklin says he will consider any other terms named by Mr. Burdell in connection with the race.

#### DELEGATES FROM ST. JOHN TO OTTAWA

Will Urge Government to Have Maritime Lines of National Railways Administered as a Unit With Headquarters in Maritime Provinces.

The Board of Trade has authorized President Emerson to appoint delegates from St. John to go to Ottawa with a Maritime delegation for the purpose of urging upon the government the advisability, from the Maritime business standpoint, of having the Maritime lines of the National Railways administered as a unit, with headquarters in the Maritime Provinces. It is expected that the delegates will go to Ottawa about the 10th of May. Halifax and other Maritime centres may send delegations at the same time. Probably only two or three will go from St. John.

#### After Influenza, Grip

And Other Prostrating Diseases That Exhaust the Strength.

There is always a depleted condition of the blood, that extends tired feeling, nervousness and digestive weakness from which recovery is slow unless a good medicine is taken.

The lack of red corpuscles in the blood makes it too thin properly to nourish the body, and the general prostration, annoying humors, boils, loss of appetite and poor digestion prevent progress towards health.

Hood's Sarsaparilla meets these conditions perfectly, as many people know. It has proved the greatest blood-purifying, vitalizing, medicine. Nothing else so good in Spring.

It is made from a formula composed of ingredients used by the best physicians for impure blood, scrofula, rheumatism, weakness. Truly it purifies the blood and makes the weak strong. For a family cathartic, take Hood's Pills.

#### AMATEUR FARMERS BACK ON THE JOB

Local Farmers and Potato Growers Will Revise Programme This Year and Grow Flowers as Well as Vegetables.

Believing that the war is over for a while the Association of St. John City Farmers and Potato Growers propose to revise their programme this season. Members of the anxious and honorable company of hoe and spade users will not be expected to break their backs entirely on the task of perspiring spuds and cabbages to flourish on their allotments. They will be permitted to cultivate a few flowers. In fact the association propose to hold a fall fair for the benefit of the city farmers, and to offer prizes for the best exhibit of flowers as well as for garden produce.

The city garden movement developed during the war is not likely to be dropped in a hurry. It is expected that this spring nearly all the amateur farmers will be back on the job of making their allotments hardworking allies in the struggle with the high cost of living. In suburban homes the seed catalogues are now best sellers.

### PRESIDENT WILSON DISPLAYS NO DISPOSITION TO YIELD TO ITALY

Conference Circles Are Inclined to the Belief That the Italian Parliament Will Find a Way to Reach an Amicable Adjustment of Questions in Dispute.

New York, April 25.—The Associated Press tonight issues the following: Although Vittorio Orlando, the Italian Premier has withdrawn, temporarily at least from the Peace Conference, and returned to Italy to confer with the Italian Parliament, he is still in communication with conference circles in Paris. The French Premier, Georges Clemenceau, was in receipt of a message from the Italian statesman Friday morning, but no hint as to its contents has been divulged. Signor Orlando despatched the message while on his way to Rome. Baron Sonnino, the Italian Foreign Minister, will leave the French capital for Rome tomorrow, according to an announcement.

The departure of Premier Orlando is defined in conference circles not as a rupture, but as a suspension of Italian collaboration in the actual peace conference.

In some quarters the expectation has been put forth that Signor Orlando will return to Paris in time for the delivery of the peace terms to the German plenipotentiaries at Versailles—about May 1 or 2. It is expected that the Italian delegates remaining in Paris will continue to collaborate on such interrelated commissions as the economic council, and the armistice commission and commissions of like character.

The American delegates, while expressing regret over the controversy with the Italians, seem confident that a settlement will be arrived at on the questions in dispute after a conference of Premier Orlando with the Italian plenipotentiaries. At Italian headquarters in Paris the prevailing sentiment is distinctly more hopeful, and the seemingly irreconcilable spirit at first manifested has been vitiated.

Wait and hope was the watchword expressed at the Italian headquarters Friday.

President Wilson outwardly has displayed no disposition to yield to the Italians on the question of Italy's aspirations, and the opinion voiced in American circles is that only through the Italian incident will delay somewhat a change in the attitude of the Italian can an agreement be reached. The belief is general in Paris that the Italian incident will delay somewhat the final signing of the peace treaty.

#### NOT TRUSTED BY HIS OWN

Follower of Government Has No Faith in Its Administration of Affairs—Peter's Department Gets the Hook.

Twenty-two ratemakers of School District No. 2 in the Parish of Bedford in Armstrong's Hall Monday, April 21st, to talk over Peter Vent's new plan in regard to roads. The question was whether the ratepayers be paid by these ratemakers in place of statute labor, and the vote against the payment of money stood twenty against two. It was decided not to expend any money on breaking winter roads. One supporter of the present government, who was at the meeting, openly declared that the ratemakers handed over cash instead of labor, the money would not be spent on the roads, but would be squandered, as it has been in the past, going to two or three favored individuals, and the roads would be left in just as bad shape as at present. There was complaint about calling the meeting on such insufficient notice when so many of the ratemakers are away.

#### COMPLAINTS ABOUT THE ENGLISH MAILS

Ships Carrying Mails Arrive at Halifax But Land the Canadian Mails at New York, Making Four or Five Days Delay.

Complaints have been made for some time past that the English mails delivered here have been a long time on the passage. The reason for this is that practically all the ships coming to Halifax with troops have carried mails, but for some cause have not landed them at that port. All the larger ships which usually carry considerable quantities of mail go on to New York and discharge Canadian mails there. This policy has the result that overseas mails reach St. John and other parts of the Maritime Provinces four or five days later than is necessary, while there is a corresponding delay in deliveries all over Canada. Besides being annoying, this delay may mean serious losses to business men who are more reaching out for new trade in European countries, but though the government pays large subsidies to Canadian ships for the quick despatch of that port, all the shipping authorities are apparently indifferent to the delays which have marked the handling of the overseas mails for some time past. Why Canadian mails should not be landed at Halifax from the large steamers is a mystery, unless it is covered by mail for the United States. It could seem to be a simple matter to have the Canadian mail placed aboard these boats so it could be delivered at Halifax without trouble.

#### DIED THIS MORNING

Many friends of Mrs. James Dana, who will learn with regret of her death which occurred at an early hour this morning at her home, 55 Elmwood street.

Berlin, April 25.—(By The Associated Press)—Herr Elchhorn, formerly chief of police at Berlin, was arrested Thursday at Halberstadt, Prussian Saxony, but was liberated by workmen after a fight lasting three hours, according to advices received here.

### ST. JOHN STUDENTS DELIVER SPEECHES

William Osborne and Joseph Floyd Heard to Advantage at St. Joseph's—Bi-Lingual Society Meeting and Programme.

At St. Joseph's College, Memramcook, recently, a special meeting of the Bi-Lingual Society was held for the purpose of adding new members. There were about half a dozen students initiated among who were two well known St. John boys, William Osborne and Joseph Floyd. These young men who are general favorites with their classmates, scored a decided hit in their speeches, both French and English, which was included in the tests for entrance into the society. The addresses were delivered before the honorable president, Rev. Father J. Guerin, C. S. C. D. Ph. D., the reverend priests and brothers and all the students. The meeting was held in the Memorial Hall of the College and was a very appropriate programme was carried out for the occasion which comprised of selections from the French and English classics, and the French and English speeches delivered by the new members. Mr. Osborne spoke with the utmost ease and fluency, showing that he was master of the French language as much as that of his native tongue. In delivering the English oration he took for his subject "St. John's National Post." This speech was received with great enthusiasm and applause by the vast assembly gathered in the auditorium and especially the St. John boys who comprised a great part of the audience. This St. John boy has established a record in the annals of the society as being one of the most forcible speakers who have yet entered it. Mr. Floyd in his French discourse showed that he was an adept speaker in French as well as English. In his English speech he spoke on the life of "Cardinal Newman," the great English prelate of the church in modern times. Mr. Floyd has attained the eminence of a noted speaker and was with his classmates due to share the honors and congratulations bestowed upon them by their fellow students. The following is the programme:

Moderator—Moderator—Very Rev. J. Guerin, C. S. C. D. Ph. D.  
President—Francis—G. Gaudet.  
English speech—H. Reilly.  
French speech—H. Reilly.

The Misses Odella, Miss Helen Shepherd who have been visiting at their home, Musquash, have returned to St. John to resume their studies in the St. Stephen Business College.

#### STRENGTH OF THE BOLSHEVIK EBBING

Capture of Kiev by Petlura Partisans Breaks Their Back

Vienna, April 24.—(Thursday) the Associated Press)—The capture of Kiev from the Bolsheviks by partisans of General Petlura, the Ukrainian nationalist leader, is interpreted here as signifying the ebb of the Bolshevik strength in Southwestern Russia. As soon as the Bolshevik troops came into contact with the untrained but determined partisans of General Petlura, they deserted the red standard and forced the Bolsheviks to give up Kiev.

It is apparently the intention of Lenin and Trotsky to hold the Ukraine until the crops could be harvested and transported to Moscow, but they are now withdrawing. Trotsky, as head of the red army, used all his skill in attempting to subvert the Ukraine.

#### REV. DR. CLARENCE MCKINNON, Returns from Overseas

The Principal of Pine Hill College has been taking a leading part as a chaplain in the Khaki College. Asked regarding the work of the Y. M. C. A. he said:

"It is a very great pleasure to offer my testimonial to the splendid work of the Y. M. C. A. has done in the army during the war, and never since the Armistice was signed."

"To Christian people it is a matter of peculiar gratification that the social and sports, including their games and sports, should be so intimately associated with a religious organization. It has prevented many of our young men from drifting into demoralization when the patience of the mind and weariness of the body, the Y. M. C. A. entertained them at cinema, concerts, lectures, erecting large halls and filling them two or three times a day."

"On the transports they relieved the tedium of the voyage with lectures, games and other amusements. They welcomed them on their arrival in refreshments and they minister as far as possible to their needs during the fatiguing journey on the train."

"What is asked from the general public for the support of this institution is very small in comparison with the rendered, and those who have so generously contributed their time to its management ought not to be embarrassed by any sympathy on the part of the general public."

"To the majority of us there is no other way open in which we can so well help the returned soldier as through this organized movement."

Halifax, N. S., April 14th, 1919.

#### MONTHLY MEETING HELD.

The monthly meeting of the hospital committee of the Provincial Red Cross was held yesterday morning. Reports from committees and letters from hospitals acknowledging Eastern gifts from the Red Cross were read—gifts from Matron Heenan of the St. John Military Hospital; Miss Horden of the Jordan Sanitarium, River Glade, and from the East John County Hospital. A satisfactory report came from the Ashburnham branch of the Red Cross, at Fredericton, Mrs. I. P. D. Tilley, the president, was in the chair.

#### WHY RUN-DOWN PALE EXHAUSTED WOMEN SHOULD TAKE IRON

"There's nothing so beautiful as a woman who is healthy, vigorous, and full of life. When a woman is run-down, pale, and exhausted, it is because she is lacking in iron. Iron is the life-giving element in the blood, and without it the body cannot function properly. Nuxated Iron is the best way to get the iron you need. It is a pure, natural iron compound that is easily absorbed by the body. It will give you the strength and vitality you need to live a full and active life."
