And Phænix bitters free from all mineral Poisons —Beware of Counterfeits.—The great population Moffat's Life Pills and Phoenix Bitters which Moffat's Life Pills and Phænix Bitters have attained in consequence of the extraordinary cures effected by their use, renders it unnecessary for the proprietor to enter into a particular analysis of their medicinal virtues or properties. Having been more than twenty years before the public, and having the united testimony of mote than Three Millions of persons who have been restored to the enjoyment of persons who have been restored to the enjoyment of persect health by them, it is believed that their reputation as the best vegetable medicine now before the public, admits of no dispute. In aimost every city and village in the United States there are many who are ready to testify to their efficacy in removing disease and giving to the whole system renewed vigor and health.

Above we present you with the likeness of Dr.

Morse—the inventor of Morse's Indian Root
Pills. This philanthrophist has spent the greater
part of his life in travelling, having visited Europe,
Asia, and Africa, and North America—has spent
three years among the Indians of our Western
country—it was in this way that the Indian Root

Saving Money! encouraged, they draw large amounts of impurity trom the blood, which is then thrown out bountifully by the urinary of water passage, and which could not have been discharged in any other way. The tourth is a Cathartic, and accompanies the other properties of the Pills which engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in greater quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely root out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the ody becomes so pure and clear.

The reason why people are so distressed when sick, and why so many die, is because they lo not get a medicine which will pass to the afflicted parts, and which will open the natural passages for the disease to be cast out; hence a larger quantity of food and other matter is lodged, and the stomach, and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable termentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery until life is taken from the body by disease. Dr. Morse's Prills have added to themselves victory upon victory, by restoring millions of the sick to blooming health and
