A Solution That Solves The Unemployment Question

---BUY GOODS MADE IN CANADA

THIS shipment of 365 RED BIRD BICYCLES, every one of which was made in Canada by Canadian workmen, means this: It supplied work for 8 men for one whole year, and according to the laws of averages, allowing five people to one family, it took care of forty people for one year—supplied food, clothes, shelter, education, amusement, and all the necessary things in life, including the saving of a little sum for a rainy day.

All this in addition to our staff in our store and repair shop, who work full time the year around at good pay. Just stop and think a moment what this means to you.

THEN THINK what it would mean to Canadian workmen if these bicycles had been brought in from another country. Workmen in another country would be kept busy in place of Canadians. Are we right? We'll say so.

Now then, if every Canadian citizen would demand and buy only Made-in-Canada goods, would there be any unemployment? We'll say no.

As progressive Canadian merchants we are doing our part to keep Canadian workmen busy. Are you doing yours? If not, you can, by buying RED BIRD BICYCLES, made in Canada. Remember, the money you pay for them remains in Canada and in turn helps you.

Why Does a Dealer Substitute?

For Three Reasons:

First--- Because the article he substitutes is cheaper and makes more money for him, and, therefore, of inferior quality.

Second--- Because he is afraid the branded article he offers a substitute for will become too strongly entrenched in the minds of his customers, and control of his sales will get away from him.

Third--- Because he wants to push some article, either under his own brand or that of some friend.

Parnell's Bread

Because of its high quality and purity has had many imitators. It may cost the dealer a little more than inferior breads, but it is worth it. Hundreds of our patrons complained that when they asked for Parnell's Bread they did not get it.

So to protect ourselves, our customers and the dealer who does not substitute, we labeled every loaf.

Now, for your protection, LOOK FOR THE LABEL, and patronage the dealer who gives you a square deal.

Retail Value of This Shipment---\$23,650

ALL OF WHICH WILL BE SPENT IN CANADA AND PROVIDE WORK FOR YOU.

A Few Facts

It took 200 days for one man to make the Dunlop tires, 15 days to make the tool bags, 10 days to make the grips, 11 days to make the pumps.

Guess this shows it's worth while buying RED BIRD BICYCLES, made in Canada.
