WILLIE HOPPE
THE BILLIARD KING

HERE
"T

Whenever you think of billiards you think of Willie Hoppe, for in the history of the game his career has no parallel. At nineteen, back in 1906, Hoppe first won the 1812 title in 1909, and has won

practically every billiard title tournament since that time. So much has been said of Hoppe's skill, with the cue, that it is almost impossible to write. He has been supreme in the billiard game for years.

Although he faces stiff opposition at every tournament, he manages to retain the title he has so long held. This billiard king is but thirty-two years old and is a resident of New York City.

SENIORS ARE IN GOOD SHAPE

As Compared To Condition in Jan. Last Winter.

TWO EXHIBITION GAMES

Kitchener's Senior O.H.A. team will play an exhibition game in Welland this evening. To-morrow evening they will play in Port Colborne as participants in the opening of the artificial rink in that town. After the game they will be banqueted by Port Colborne people. The local team is shaping up well. To-day they are in better condition as they were when the last O.H.A. season opened, namely last January. The early training and the playing on the artificial ice, in other centres is responsible. When the season opens several weeks hence they will be on the job with the real goods. To date three practices have been held on the ice in the auditorium which has developed into a splendid sheet. The players who have been turning out with the senior club and who will be among those whose duty it will be to try to bring back the two cups to this city number ten. They are Hainsworth, Trushinski, Karges, Parkes, Merrick, Hillman, all of last year's line-up, and Solomon, Krug, Burdett and Clarke. The majority of the players are showing up splendidly and their preliminary work on the ice is justification for the hope and belief that the team will make the other clubs sit up and take notice. Merrick, by the way, has been ill since yesterday and will not be able to play to-night.

SPLENDID SHOW AT IMPERIAL

The "Imperial" has a most excellent bill for the balance of this week and "Miss Travers" who plays the leading role in the feature film, "The Splendid Sinner" won the way into the hearts of the large crowds at both performances yesterday. The scene of the play is laid in England, where Lady Marion Chatham and Sir Charles Chatham live a happy life but for one thing, they are childless. This seems to be the cause of much joy to Dowager Lady St. Aubrey who covets the estate for her son who will be the Chatham heir should Sir Charles die without issue. Sir Charles being commissioned to go to Egypt on an important diplomatic mission leaves just at the time that Stephen Hartley, an American diplomatic agent and who is secretly affianced to Sir Charles 16 year old sister, arrives. His arrival lays the foundation for the Dowager to get busy and wag her gossiping tongue and from then on until the final fade away of the picture the patrons were held as if in a grip so realistic were the many situations. We refrain from giving the story in detail; it must be seen to be appreciated. There is a fine Christie Comedy, "See the Doctor" and the tenth episode of the "Great Gamble", making up a most excellent bill.
