THE FEAST OF THE REV. P. DOWD. THE PARTOR OF ST. PATRICK'S CHURCH AND THE CHILDREN OF ST. PATRICK'S SCHOOL.

The respected and esteemed Pastor of St. Patrick's Church, the Rev. P. Dowd, was this afternoon the object of a special manifestation of gratitude and affection from the young ladies and children of St. Patrick's School, on the occasion of his feast. The programme was headed by the words "The happiest day of the year for the children of St. Patrick's School," and if one had only appearances to judge from, the truth of the heading could be easily accepted. The Academic Hall where the pupils delighted to honor their pastor, was tastefully decorated with evergreens. The Rev. Mother Superior-General of the Congregation of Notre Dame presided over the ceremonies, and the seat of honor was occupied by Rev. Father Dowd. There were also present on the platform about forty of the Sisters and a large number of the clergy.

The performance was epened by the execution of a charming selection on the piano by 24 hands; the harmony of this music was simply fine, and produced a most pleasurable effect. "The Meeting of the Waters" was then rendered nicely by one of the pupils. A comic scene entitled "No Oure, No Pay," kept the audience in continual roars of laughter, the perfermers playing with confidence and evincing considerable elecution. Other vocal and instrumental selections followed and were worthy of high praise, as they indicated the kind of oulture the children receive at the hands of

The presentation of the address then took place. It referred in felicitous terms to all that their Rev. Father had done for them in the past, and contained the warmest expressions of their gratitude and affection. It concluded as follows:-

"Bev. Father, we now beg you to look around on those four hundred blooming plants cultivated by your own hand and tended by your zealous auxiliaries. Leave to them that spot they could never yield to fairest lily or choloest rose, their place in your large paternal heart."

Miss Hattie Mullarky then stepped forward with a basket of richly laden and beautiful flowers, and presented then to the Rev. gentleman as the symbol of the abundance of all good gifts which their grateful hearts solicited for him on this happy anniversery.

The pupils of the school presented a mag-nificent floral harp, which was alluded to as follows in the address: "Here is the harp, the symbol of faith from remotest ages; even when the son of Jesse, that shepherd king, viewing through its golden strings the wonderful future, anticipated more than a thousand years the first "Christmas Gloria." and sounded on it along the mountains of Bethelehem, the praise of Jehovah. Justly has it been chosen to represent that country of undying faith, that renowned casis of the black ocean on which angels love to rest after their wearisome flight over an unboly

Miss Alice Mullins also presented a beautiful horseshoe composed of the choicest flowers. The Rev. Father Dowd, on the receipt of these gifts, and during the address, was evidently much impressed; the entertainment is in progress as weg o to press.

FANCIES ABOUT A MILLIONAIRE'S MONEY.

A correspondent sends the following calculations with regard to the reputed wealth of William H. Vanderbilt: Estimating it at \$300,000,000, to count it, at the rate of \$2 each second and 10 hours a day, it would take 11 years, 151 days, 5 hours, and 40 minutes. In gold it would weigh 781 tons and 500 pounds, requiring a train of 79 cars of 10 tons capacity to move it; in silver 10,714 tons and 571 pounds, requiring 1,072 cars for its transportation. In \$1 bills, lying lengthwise in a continuous line, it the distance from our planet to the moon. If laid "widthwise," these \$1 bills would reach 14,500 miles, 151 rods and 8 feet, or from New York city to more than 30 miles beyond Cheyenne, added to half the cirwould spread a carpet 103 feet and 3 inches wide and 86 miles long; a carriage drive 4 feet and 11 inches wide and over 1,806 miles long; or a comfortable promenade 2 feet and 51 inches in width, and more than 3,612 miles in length. In \$20 gold pieces, lying side by side, it would construct a sidewalk 43 inches wide, but few rods short of ten miles long; in silver dollars, lying contiguous, a boulevard 100 feet wide and 8; miles in length. - Chicago

The latest song is, " Matel, hear the bluebirds sing." We fear Mabel won't be able to hear the bluebirds sing for about six months, unless she has a telephone just put into the house. You can hear most anything you care to in a telephone. -

THE QUEEN'S GRATITUDE.

LONDON, March 13 .- The Gazette says that the Queen has written to the Secretary of State for the Home Department that she wishes, before she leaves England, to express from her heart how very deeply she is touched by the outburst of enthusiastic loyalty, affection and devotion which the painful event of the 2nd inst. called forth from all classes and from all parts of ner vast empire, as well as by the universal sympathy evinced by the sovereigns and people of other nations. The Queen cannot sufficiently express how deeply abe is gratified by these demonstrations. She wishes to convey to all, from the highest to the humblest, her warmest andmost heartfelt thanks. The Queen says it has ever been her greatest object to do all she can for her subjects, to uphold the Onbs, 750 to 81c. She prays He will continue to protect her for her people's sake as He has hitherto so visibly

Matters do not appear to be in a very flourishing condition in the French colony of Martinique just now. At last accounts bands of roughs were running riot in the colony, impeding every kind of agricultural labor by forcibly unyoking the oxen, cutting the harness, and wounding the cattle. Attacks had even been made on private houses and farms, the owners of which employed weapons in

self-defence. Hutchins, the champion sprinter of England, has arranged to visit America at the end of April. Before leaving he will attempt to lower the records at 100 and 440 yards. Hutchins assisted in training Myers during the visit of the latter to England. It is believed his principal attention is to oppose | business also more removals than usual at this Myers.

REVIEW OF BOOKS.

MASSES FOR THE DEAD, by the Rev. A. A. Lamburg, is a pamphlet of 86 pages. It deals extensively with purgatory and the benefits the souls therein confined obtain from the prayers and masses offered up by the faithful in their behalf.

HARPER'S MAGAZINE for April is, as usual, full of interesting matter and general information from "grave to gay, from lively to severe." It is also studded with etchings and engravings, illustrating the reading matter. It contains a rare engraving of Athena Parthenos (Minerva). Harper's is now recognized as one of the best literary magazines in the world, and as such it has a very large circulation which is increasing every month.

THE MONTH .- This fine Catholic periodical for March contains a number of articles of the greatest interest. The leading article, by the editor, treats of the positive argument of endless punishment in a masteraly, logical style. A chapter on "The Irish Agrarian War," by R. HOME RULE FOR IRELAND.

At the last meeting of the F. M. T. A. of Almonte, the following resolutions were inanimously adopted :--WHEREAS We, the members of the Father Mathew Temperance Association of Almoute

believe that the Irish people in Ireland are entitled to the same system of local government and land laws which have worked so beneficially in Canada. We hereby resolve: 1st. That we heartly and sincerely sympathize with our fellow-countrymen in Ireand in their struggle for freedom and justice, and that we consider it would be in the in-

terest of the Empire that "Home Bule" should be granted to Ireland, and that the political prisoners be immediately released. 2nd. That we request Mr. John Costigan, M. P., to move a resolution in the House of Commons at Ottawa to the effect that such are the opinions and wishes of the members of this Association.

3rd. That M. D. G. Macdonnell, member

of Parliament for North Lanark, be requested to support any address to this effect that may be made by Mr. Costigan, M. P. 4th. That a copy of these resolutions be

sent to Messrs. D. G. Macdonell, John Costigan and the press.
