Mr. W. E. Bragg,  
The Colorado Fuel and Iron Company,  
Trinidad, Colorado.

Dear Mr. Bragg:

Mr. King wishes me to acknowledge your communication of the 1st instant which has been forwarded to him here and received while on his way back to Ottawa. I am to extend to you Mr. King's sincere thanks for your kindness in having forwarded to him at Ottawa a copy of the Holiday Book issued by the State Superintendent of Public Instruction, and the clipping from the Denver "Post". He will be interested in perusing their contents. Accept Mr. King's congratulations, also, on your success in securing the statement from Mrs. Bradford which appears in the first number of the "Industrial Bulletin". Her expressions of view regarding the educational work carried on in the camp schools of Las Animas and Huerfano Counties are indeed cordial, and in Mr. King's opinion have been fully deserved.

With all good wishes from Mr. King for your work,  
Believe me,

Yours sincerely,

Private Secretary.
