Hon. Arthur Meighen,

Dear Arthur,-

Answering yours of 3rd, I do not want to try to crowd you into the purchase of a car, but if you decided to get one I think a closed Willys-Knight would be what you want.

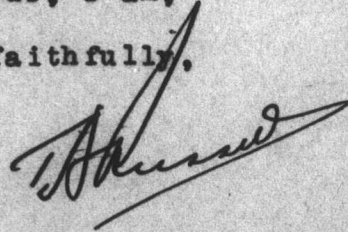

We have one which sells for about \$2400.00 and if the matter is not being handled through any dealer I would fix a confidential price to you of \$2,000.00, including sales taxes, etc, but not the freight from here to Ottawa. - This is for our Willys-Knight Coupe-Sedan.

Our Sedan car costs about \$2650.00, and I would make a price on it in the same way, of \$2150.00.

I am sending you a catalogue by separate mail and will be glad to know whether this has any interest for you.

With kind regards, I am,

Yours faithfully,
