

to endeavor to procure information at your early convenience in respect to the material which should be used in the construction of the school building and the cost of the same delivered at Metlakatla.

The Dept. would also be glad of any suggestions from you in respect to the plan of construction of the building. It should be constructed in such a manner as to admit of an addition being conveniently made to the same should necessity arise therefor.

Yours

Sr,

Your obedient servant

H. B. Thompson

Deputy Supt General

of Indian Affairs.
