### KING AND QUEEN ASSASSINATED

Bloody Military Uprising in Servia Wipes Out the Obrenovitch Dysasty.

Premier Markovitch, Three Ministers and Queen's Brother and Sister Also Killed.

Special to The Planet.

Belgrade, Servia, June 11.-A miliary revolution broke out here last night. The troops, who revolted un-der the leadership of Maj. Angikovics, surrounded the palace, assassinated King Alexander, Queen Draga, the latter's sister, the queen's brother, work Prosecutor E. C. Smith has secured the confession of Mrs. Mary McKnight to the dold-blooded, premediated murder of her own brother, John Murphy, Getrude Murphy, his wife, and then three-months-Nikodem; Premier Markovitch, Ministens Petrovitch and Tudorovics, Gen. Pavlovitch, the former minister of war, and some of the members of the royal guard.

> laimed king. A new government was formed and

the following proclamation issued: To The Servian People:

Monday evening, in which Mrs. McKnight denied killing the baby. Late last night Smith again called at the woman's cell at her request, and this time she made a complete confesion. In her first statement she admitted giving Mr. and Mrs. Murphy capsules of strychnine and quintine mixed. Last night she said: 'à didn't intend to harm them. I did give the baby the strychnine. It woke up and cried while its mother was gone, and I mixed up a little strychnine in a glass with some water and gave a spoonful to the haby. I didn't mean to harm the little thing at all. I confessed all to the Lord this afternoon, and I feel that He has forgiven me. I resilly didn't mean to harm any of them. When Getrude came home and found the baby dead she got awfully nervous. She came to me and said: Mary, can't you give me something to quiet me, something that, you take yourself.' I said that I would and I reality didn't think that I would hurt her if I gave her one of the capsules. She had spassms right after that, and I suppose that it was the strychnine that killed her. I really didn't mean to hurt her. Then John sseemed to feel so badly about after Gertle died that it would be better if he were to go, too. John was feeling had one night, he couple of weeks after Gertried died. He ceme to me and wanted something to quiet him. I had two or three of the capsules on my dresser, Last night the king and queen wer shot. In this grave and fateful moment friends of the fatherland have ombined to form a new government While the government makes this announcement to the people, it is con-vinced that the Servian people will gather round it and lend it their aid to maintain order and security throughout the land.

The government hereby makes snown that from to-day the constitution of April 6, 1901, comes in force. A meeting of the national representatives, dissolved by the proclamation of March 24, is summoned to meet at Belegrade June 16. sed one night a couple of weeks after Gertrude died. He crme to me and wanted something to quiet him. I had two or three of the capsules on my dresser, and I told him to go and get one of them, I didn't mean to hurt him, but I thought that it would soothe him, and then I thought that it would soothe him, and then I thought that it would soothe him, and then I thought that it would soothe him, and then I thought that it would soothe him, and then I thought that it would soothe him, and then it leads to be a him and the soothe him, and then he help and him and it would be soothe he were to go anyway. He helped him self. I don't know whether he he took one of two. Then he went to bed, and hy and he say he called me. Mother came too, and he began to have those same spasma. I suppose that the strychnine was workling. He soon died."

The whole of the confession was given soluntarily and Mrs. McKnight signed water Prosecutor Smith had written and witten four the south of several other relatives. This assertion lacks confirmation. (Signed)
