"MAPLE SHADE" HERDS AND FLOCKS. BROOKLIN, ONT., Sept. 4th, 1895.

DEAR SIR,—I cannot afford to be without your "Little's Sheep Dip and Cattle Wash." It is not merely useful for Sheep, but it is invaluable as a wash for Cattle, etc. It has proved the surest destroyer of lice, with which so many of our stables are infested. I have ever tried; it is also an effectual remedy for foul in the feet of Cattle. I can heartily recommend it to all farmers and breeders.

Seventeen Gold, Silver and other Prize Medals have been awarded to "Little's Patent Fluid Dip" in all parts of the world. Sold in large tins at \$1.00. NOTICES.

We direct the attention of our readers to the advertisement in another column of Steele, Briggs Maroon Seed Co., Toronto, who announce seed wheat for this season's seeding. Communicate with them at once for circulars and other information. There will be a large area of winter wheat sown this season, and special care should be taken in deciding not only on good varieties but in selecting the choicest possible samples.

It is not many years since people were beginning to wonder what they would do for fences when timber became scarce and dear. They little thought that something much better and more economical than ever rails and boards had been would rise up to take their place. At this age, even though rails were as cheap as ever they were, it would be a poor plan to separate fields by the old zigzag structure, as they harbor weeds and rubbish, occupy a great deal of land, need frequent repairing, blow down and allow stock into the grain, cause snow blockades, and finally sink into oblivion, or summer fire wood. Yes, this inventive age has given us something better in the Lock Grip Wire Fence, made by the Toronto Picket and Wire Fence Co., from the best galvanized Bessemer Steel Wire No. 12. It is safe, firm, visible to stock, and easily put up.

FREE LUNCH.

Manning, and you can rely on finding everything as represented. GOULD, SHAPLEY & MUIR CO.'S WINDMILLS.

Messrs. Gould, Shapley & Muir Co., Ltd., Brantford, Ont., manufacturers of the celebrated "Ideal" Steel Windmills for pumping and power purposes, inform us that although they are very busy filling orders, they intend making a first class exhibit of their goods at both Toronto and London Fairs.
