### QUESTIONS AND ANSWERS. Miscellaneous.

#### SUN-SCALD ON APPLE TREES.

What causes the bark on apple trees to get dry and scraggy? Last spring, on looking over some apple trees, I noticed the bark dried on in spots, and on removing same, noticed the wood hard and cranked, with active mites running about; in color, resembling wood lice. Had those mites anything to do with the trouble? Is there any remedy? Is it necessary to have fruit trees banked during the winter? A. B. C.

Ans.—The trees have evidently been injured by sun-scauld. This injury is done in late winter and early spring, when there are warm days and cold nights. The sun shining on the south side of the tree thaws out the sap, and this followed by severe freezing at night destroys the cambium or loosens the bark. The injury usually occurs on the south or south-west side of the tree. Sun-scauld can be prevented by shading the trunk with sacking, or some other material, or by using a veneer wooden protector, or even by mounding up with soil, although it would not be practicable to cover the whole trunk. The insects were probably feeding in the decayed wood, or finding a shelter there. The dead wood should be cleaned out of the injured part, and the wound painted with white lead paint.

#### GOSSIP.

LAST CALL FOR COL. J. A. MCGILLIVRAY'S SALE.

Parties in want of choice Scotch Shorthorn cattle, Clydesdale or Shire mares, or Horned-Dorset sheep, should remember that on Friday, next, Dec. 14th, a rare-good opportunity will be offered at Col. J. A. McGillivray's dispersion sale, at Bedford Park, three miles north of Toronto, on Yonge St. Everything will be sold without reserve, as the farm is sold and everything must go. The farm implements and grade cattle will be sold at 10 a. m.; the pure-breds at 1 p. m. There is a hotel just across the street, where parties attending the sale can get dinner. Terms are cash, or 5 per cent. on approved paper. Street cars pass the door every hour from north and south. For catalogue, address the auctioneer, F. Silversides, Bedford Park P. O., Ont.

#### DUNROBIN SHORTHORNS.

Thirty head of imported and Canadian-bred Scotch Shorthorns make up the herd of Messrs. Donald Gunn & Son, of Dunrobin Stock Farm, Beaverton, Ont., breeders and importers of Clydesdale horses, Shorthorn cattle and Yorkshire hogs. The Shorthorns represent such fashionable strains as the Missie, Mayflower, Ury, Village Queen, Nonpareil and Lavender families; the get of such noted bulls as Luxury, Imp. Cronje 2nd, Imp. Village Champion, Imp. Magstrand, Imp. Bapton Fancy, Imp. Royal Prince, and Sir Wilfred Laurier, and are an essentially high-class lot, being of the low-down, thick-fleshed, good-doing order. Most of the young stuff is the get of Imp. Lucerne, by Cyprus, dam Lustre 36th, by Bruce Palatine. Lucerne, besides being a good individual, is a very successful sire, his get coming straight-lined, thick and even. One of his get in the herd for sale is a roan, six-months-old bull calf, out of Fancy Ury, a daughter of Imp. Bapton Fancy. This youngster is built on show lines, and is an extra good one. The present stock bull, Imp. Ardlethen Royal, by Baron Beauford, dam Pauline 2nd, by My Choice, grandam by Lord Lavender, is a Princess Royal, a short-legged, thick, even, mellow bull, and an extra good doer. His lieutenant in service, Nonpareil Eclipse, by Imp. Langford Eclipse, dam Nonpareil Lady, by King William, grandam by Imp. King James, is a roan, eighteen months old, big, straight-lined, full-fleshed, with a heap of quality, a show bull of no mean order. He is for sale, and can be bought well worth the money. Don't forget the Dunrobin herd when in want of something good in Shorthorns. The firm have also for sale a number of imported and Canadian-bred Clydesdale fillies and mares in foal, also up-to-date Yorkshires of both sexes and all ages.
