

HALLOCK'S Success ^{Anti-Clog} WEEDER and Cultivator

THE BEST CULTIVATOR IN THE WORLD -- SO DECLARED BY FARMERS WHO HAVE TESTED IT.

READ WHAT A FEW OF THEM SAY:

Carleton, Neb., Jan. 8, 1900.
 Dear Sirs,—I bought one of your weeders last spring, a 12-foot rider. I think it is one of the best tools I have. I went over 40 acres of wheat, and I am convinced that it increased the yield from three to five bushels per acre. I am well pleased with it. I let one of my neighbors have it to use on his corn, and he likes it very much indeed; thought he would buy one for himself next season. Kindly send me some circulars, and I will see what I can do.
 Yours truly,
 L. H. WATERMAN.

Comments: Cultivated 40 acres of wheat. Increased the yield three bushels per acre at the least; this would be 120 bushels. Even at 50 cents a bushel, the weeder made for him \$60 the first season—more than twice the price of it.

Deloraine, Manitoba, July 15, 1899.
 Weeders received; some time on the road, though. It takes some little time to convince the people that cultivating their wheat is a real benefit; but I am fully satisfied that it is, and that the weeder is a good, strong farm tool that we cannot succeed without. I have found that the more I cultivate the wheat, the thicker and better the crop grows, and I have used it on nearly 300 acres of wheat.
 Respectfully yours,
 JOHN SCOTT.

We have received thousands just like these. Write for sheets of them. Can you afford to farm this year without this wonderful cultivator? We do not quite give away the first one in a place, but do make a big reduction for introduction, because big trade always follows.
