### DISPERSION OF THE HOPE FARM GALLOWAYS.

As announced in the papers some time ago, Mr. Martin has entirely sold the well-known Hope Farm, near St. Jean Baptiste, and has just lately completed the dispersion of his well-known herd of Galloway cattle, established there in 1888.

Mr. T. McMillan, of Lineham, Alta., has purchased the largest number of the herd, getting about forty females, which he will place on his ranch near Okotoks. In this lot he has nearly all the young stock, containing many animals of high breeding and quality; on account of the number, we do not give the names of this lot, but it is sufficient to say that Mr. McMillan has a very high average of the herd. He has taken the two young bulls, Eustace No. 25475, and Truant of Hope No. 25479, both by imported sire and dam; the mother of the first-named having been a prizewinner at several prominent Scotch shows, and also at the International at Chicago.

Mr. J. W. Anderson, of Winnipeg, who has a large farm near Oak Bluff, has purchased seven head, taking as herd bull, Rector of Hope No. 25477, whose sire Grandmaster No. 23317 was in the prize-list at the International at Chicago last year.

The females taken by Mr. Anderson are: Marion Stanley No. 17835, Blossom of Hope No. 13177, of a well-known prizewinning family; Maid of Hope No. 14686, a very fine cow, and one that should be in the prizewinning class at any of our local shows.

Dolly of Hope No. 13174, and two yearling heifers, Blossom 3rd of Hope No. 25456, and Belle 3rd of Hope 25459; all these animals are well-bred and should form the nucleus of a first-class herd.

Mr. T. F. Morris, of Dufresne, a prominent farmer from Illinois, who has lately come to this country, has also taken seven head as the beginning of a Galloway herd in this district. His animals are: Gladiator of Hope No. 25469, one of the picked yearling bulls of the herd; and he has taken as females the imported cow, Beauty of Boreland No. 18787; Lady Grizel No. 19035; Alpha 2nd 20003, which was exhibited at Chicago in 1903 by Messrs. Lloyd-Jones Bros., of Burford, Ont., and purchased at the International sale there by Mr. Martin; Countess of Cornwall No. 19758, bred by Mr. John Sibbald, of Annan, Ont.; and the young heifers, Blanche of Hope 23291 and Alpha of Hope No. 25464. Mr. Morris is very much pleased with his selection, and he hopes to be seen at the Winnipeg Show with some of his purchase.

Mr. J. Jickling, of Carman, Manitoba, has purchased the following small herd: The imported cow, Miss Tidy No. 18783, Priscilla 12090, Grace of Hope No. 14683, Sonnie of Hope 23301, Lintie 2nd of Hope 25460, Mary Stanley 25466; also the young bull Laurier of Hope 25479. Mr. Jickling has some grade Galloway stock on his farm at Carman, but as he said himself, he wished to get into something better, and thinks he has found the right quality in this addition to his herd.

Mr. Wm. Sharman has just selected for Mr. G. Lacerte, of Spruce Grove, Edmonton, the yearling bull Boreland 25471, from imported stock on both sides, and as Mr. Sharman's judgment on stock is well known, Mr. Lacerte is to be congratulated in getting an animal of such good quality for his district.

Mr. Menzies, of Miami, purchased some time ago some very choice animals from above herd, getting the imported cow Miss Dolly of Tarbreoch, an animal that sold for \$408 at Chicago two years ago, and is a full sister of the champion female, Baroness 2nd, at the Royal Show of England, the Highland Society Show in Scotland in 1902; also champion female at the Chicago International the same year. He also got two very fine heifers, Belle 2nd of Hope 23292, and Lady Stanley 13th 25455, which won first prize as a calf at the Winnipeg show here.

## Treated by Three Doctors for a Severe Attack of Dyspepsia,

Got No Relief From  
Medicines, But Found It At  
Last In

## Burdock Blood Bitters.

Mrs. Frank Hutt, Morrisburg, Ont., was one of those troubled with this most common of stomach troubles. She writes:—"After being treated by three doctors, and using many advertised medicines, for a severe attack of Dyspepsia, and receiving no benefit, I gave up all hope of ever being cured. Hearing Burdock Blood Bitters so highly spoken of, I decided to get a bottle, and give it a trial. Before I had taken it I began to feel better, and by the time I had taken the second one I was completely cured. I cannot recommend Burdock Blood Bitters too highly, and would advise all sufferers from dyspepsia to give it a trial."
