

CURES

Dysentery, Diarrhoea, Cramps, Colic, Pains in the Stomach, Cholera, Cholera Morbus, Cholera Infantum, Sea Sickness, Summer Complaint, and all Fluxes of the Bowels.

Has been in use for nearly 60 years and has never failed to give relief.

est, the fording of the rushing river, the glimpses of the wild life of the hills and the display of gardens of wild flowers filled each moment with an exaltation of spirit.

No less memorable was the upper trail trip, past the Twin falls and their gloomy canyon, over the moraine of Emerald glacier and along lofty paths, cut from the precipitous mountain slopes, from which points glorious views were had of the entire valley, enclosed at its upper end by a glistening sea of ice, barred at the lower part by the gigantic masses of Cathedral Peak and Mount Stephen, and hemmed in on either side by peaks and ranges equally awe-inspiring.

The ascent of the Emerald glacier provided another day's experience. Once more, a steep bit of climbing was involved, testing the tenderfoot's capacity. The upward way yielded entrancing views of the Yoho Valley and its mighty cataract. Leaving Lookout Point, the ascent of the rocky hillside was started, great care being necessary to avoid starting a rock slide. Higher and higher the leader led us, around hazardous spurs and over noisy torrents of milky water. At length the snow line was reached, soon followed by the ice field, where even greater care had to be exercised. The guide cut steps in the slippery slope, each climber using

the same precarious foothold, avoiding the yawning crevasses that marked the way. Even then the crust that bore us was ominously thin, for the ear could distinctly hear the rushing of waters just below the surface, and but a slight movement would have served to detach the snow-cap and sent its creeping climbers whirling to the depths of the valley below.

The first annual meeting of the club was held on one of the camp evenings, when the following officers were re-elected:—President, Arthur O. Wheeler, Calgary; First Vice-President, Rev. J. C. Herdman, Calgary; Second Vice-President, Prof. A. P. Coleman, Toronto; Secretary, Mrs. H. G. Parker, Winnipeg; Treasurer, Mr. Laird, Winnipeg; Librarian, Miss Jean Parker, Winnipeg.

The objects of the club are distinctly patriotic and praiseworthy, viz.: to accentuate and make more widely known the fact that Canada has one of the most wonderful mountain regions in the world, a vast playground among the hills, and to attract thereto not only Canadians, but all who love the majestic in nature.

The Rockies and Selkirks, moreover belong to and are an asset of the Empire and the club hope to let the Britisher know that he can find within the boundaries of this empire the grandest mountain scenery on the globe.

Scientific work will not be overlooked. To this end the Wapta glacier was marked as to provide a basis of measurement of its recession and movement in years to come.

The study of the flora and fauna of the mountain will also be encouraged along these and other lines. The Alpine Club of Canada hopes to prove its usefulness and to make good its right to live and flourish.

The camp for 1907 will probably be held in the famous Paradise Valley, near Lake Louise.—FRANK YEIGH, in *Toronto Globe*.

TRADE NOTES.

THE ONTARIO WIND ENGINE & PUMP CO. OF WINNIPEG have just been advised of the acceptance of their tender for a 100,000 gal. steel water tank on 80 ft. steel tower, amounting to \$9,315.00, for the town of Macleod, Alta., to be used in connection with the new water works system, now being installed at that point.

GOLD STANDARD ICE CREAM POWDER for the manufacture of delicious ice cream in the home is the latest addition to the already extensive line of Gold Standard food products put up by The Codville-Georgeson Co. Limited, of Winnipeg. This unique product is put up in the usual tasty and attractive Gold Standard way and the ease and quickness with which it makes delicious ice cream is said to be simply marvellous by those who have been fortunate enough to test it. The manufacturers are advertising it extensively and expect to place it in the hands of the retail trade in a very few days and readers of the FARMER'S ADVOCATE can secure this dainty delicacy from their nearest grocer—attention is called to their advertisement on page 1300 of last issue.

ERE SLEEP COMES DOWN.

Ere sleep comes down to soothe the weary eyes,
Which all the day with ceaseless care have sought
The magic gold which from the seeker flies;
Ere dreams put on the gown and cap of thought,
And make the waking world a world of lies,—
Of lies most palpable, uncouth, forlorn,
That say life's full of aches and tear and sighs,—
Oh, how with more than dreams the soul is torn,
Ere sleep comes down to soothe the weary eyes.
Ere sleep comes down to soothe the weary eyes,
How questioneth the soul that other soul,—
The inner sense that neither cheats nor lies,
But self exposes unto self, a scroll
Full writ with all life's acts unwise or wise.
In characters indelible and known,
So, trembling with the shock of sad surprise,
The soul doth view its awful self alone,
Ere sleep comes down to soothe the weary eyes.

When sleep comes down to seal the weary eyes,
The last dear sleep whose soft embrace is balm,
And whom sad sorrow teaches us to prize
For kissing all our passions into calm.
Ah, then, no more we heed the sad world's cries,
Or seek to probe th' eternal mystery,
Or fret our souls at long-withheld replies,
At glooms through which our visions cannot see,
When sleep comes down to soothe the weary eyes.
—PAUL LAWRENCE DUNBAR.

FREE TRIAL UNTIL CURED

My offer to all who lack Strength and Vigor, who have Rheumatism, Lumbago, Sciatica, Lame Back, etc., is:—Use my Invention until Cured, then pay me. I ask not one Penny in advance or on deposit.

A man in good, vigorous health is full of electricity. The eye and brain sparkle with it, and his nerves and muscles are strong and elastic as steel. He is successful in business or his occupation, and his wit and general good nature makes him sought after by all. Could electricity be seen he would appear as in the illustration—emanating "something" you instantly feel as you approach him. This "something" is simply his natural electricity. We call such men "magnetic." Are you one? If not, don't you want to become one? During 40 years practice in Electricity I have aided more than a hundred thousand to become so. Men have come to me broken down from overwork, worry, or abuse of nature's laws, having exhausted all medical and drug treatments and apparently past aid, suffering tortures from Nervousness, Exhaustion, Varicocele, Rheumatism, Lumbago, Sciatica, Lame Back, Wrecked Stomach, etc., and even these I have helped to regain their health and strength—made them men like the above. I can do the same for any man who will use my invention, and who is not too far gone for help.

I Cure you before you pay me One Penny

My treatment is very simple. I use Electricity as given by my famous Dr. Sanden Electric Herculex Body-Battery (latest patent, Mar. 7, 1905). Worn only during time you sleep, it fills your body full of the soothing, strengthening current, and in the morning you awake full of life and vigor, prepared to face the world however you find it. Two months' use generally cures the worst cases. Use the Herculex for that length of time, and if you are well, pay me. If not, return it—price when cured from \$5 up. Liberal discount if you pay cash for it.

As the originator and founder of the Electric Body-Battery system of treatment, my 40 year's success is the envy of many, and my Herculex is, of course, imitated (what good thing is not?), but my great knowledge to advise and direct my patients is mine alone and cannot be imitated. It is given free to all who use my invention until the cure is complete. My Herculex is guaranteed to give a current instantly felt, or I forfeit \$5,000, and to last for at least one year.

Call or send for My Electric Herculex to-day, or if you want to look into the matter further, I have two of the best little books ever written on electricity and its medical uses, which I send free, sealed, upon request.
