

SHE RODE IN CULLUD CAR

Daughter of Gen. Robt. E. Lee Arrested

For Violating Rule of Washington Electric Car Line Company.

Special to the Daily Nugget.
 Washington, June 22.—Miss Mary Curtie Lee, daughter of General Robt. E. Lee, was arrested at Alexandria, Va., charged with violating the law which provides for the separation of white and colored passengers on the Washington, Alexandria & Mt. Vernon electric railway. Miss Lee boarded a car at Washington, D. C., and without realizing it took a seat in the portion reserved for colored people. Being comfortably seated and encumbered with many parcels, she refused to move forward when asked by the conductor.

Another Railroad

Chicago, June 22.—Surveyors of the Chicago, Milwaukee & St. Paul railway are in the field completing details for an extension of the road from Ewands, S.D., to Boulder, Mont., and it is expected 300 miles will be built this year of the contemplated extension to the Pacific coast by way of Lolo Pass, in Idaho, to Seattle. The Milwaukee line is planning other extensions to protect itself from any attempt of the Hill merger to divert traffic from its line to St. Paul. It is reported the merger has established a boycott against Milwaukee.

STEAMER PORTLAND

Carried Westward in Great Ice Pack.

Was Last Sighted June 10—Has 110 Passengers From Frisco and Seattle.

Nome, June 10.—Via Seattle June 21.—The steamer Portland, Captain Linquist, the pioneer of the Northern Commercial fleet, on June 4th was caught in an ice pack and is being carried up Bering straits to the Arctic ocean at the rate of two to three miles an hour.

The Nome City was nearly caught in the same manner. Three whalers are also in sight, but in the lee of the Niomede islands and in no danger. The revenue cutter Thetis, Captain Healy, has gone to the rescue. In the event of the Portland not getting crushed she will be greatly delayed, and no doubt run short of supplies of fresh water. She sailed from Seattle for Nome on April 28 with 110 passengers, 46 of whom were from San Francisco and the rest from Seattle. Many prominent Nome operators are aboard. When last seen the Portland was being carried up Bering straits at the rate of 2 miles an hour. Northern Commercial Co. officials are greatly worried, fearing the vessel will fail to find a lead to get clear of the pack and be wrecked by the heavy floes.

Are Spaniards White?

Portland, Or., June 21.—The supreme lodge A.O.U.W. seriously discussed whether a Spaniard is a white man within meaning of the regulations. It was held affirmatively. Then Arizona and New Mexico raised a debate as to whether a Mexican is a white man. The decision was that Mexicans of Spanish descent are white but Mexicans of Indian blood are not.

The biggest deal in real estate that has taken place for some time was the transfer Saturday by Mrs. Louisa Day McConnell of what is known as the Melbourne hotel property, to the syndicate Lyonnais of which M. Paillard is the local manager. The consideration is said to have been \$40,000.

FARE \$20.00 TO SKAGWAY

Is Unprecedentedly Low Rate Announced by W. P. & Y. R. This Evening—Rate War Knives Driven to the Hilt—Cheaper to Travel Than Pause at Home.

And the rate war between the White Pass Company and other companies operating steamers between Dawson and Whitehorse goes merrily on, the latest cut being made by the former company at 3:30 this afternoon when a through rate to Skagway of \$30 firstclass and \$20 secondclass was made, the latter amount being just the railroad fare alone. To Whitehorse a rate of \$15 first and \$10 secondclass is announced.

Dr. P. F. Scharschmidt, general manager of the navigation department of the White Pass Company arrived on the steamer Dawson from Whitehorse yesterday and that fact probably has something to do with the present mighty effort now being made to retire the outside companies from business.

Owing to the lateness of the afternoon at which this last slash was made Messrs. Calderhead, Mortimer and other steamer operators were not seen, but it is very doubtful if either or any of them lie down without more struggle than has yet been witnessed.

Expectant travelers smile and say "We aint kickin'."

KING MAY NOT BE CROWNED

His Illness May Interfere With Program

London, June 22.—Preparations for the King's crowning go on apace. In view of his majesty's illness at Aldershot a brisk business has been done at Lloyd's and odds of 100 to 3 have been given against the coronation occurring on the 26th. London crowds affect much interest in colonial premiers and contingents. Troops from over the sea are angry and protesting because, with the exception of their cavalry, they are to be utilized in lining the coronation route instead of taking part in the actual procession. One of the officers of the Canadian contingent is reported to have said that the Dominion contingent would not have come over if the men had known they were going to act as police.
