Kentville, March 10th, 1916.

Brigadier-Colonel Borden, Dr. (Captain) Cutten and the celebrated 85th Highlanders' Band are receiving a royal welcome all along the line. An enthusiastic welcome awaits them in the Town of Kentville. Let each of us be ready to do our share toward a general welcome on their arrival here Saturday.

PRES. WILSON HAS WON

By a vote of 276 to 142 the House of Representatives has tabled the resolution before that body which sought to warn Americans from travelling on armed merchantmen. This action leaves the president free to continue the submarine negotiations with Germany.

STILL AT IT

Mr. Howard Corning, M. L. A., is still at his game of holding political meetings during the truce and war time. Last Friday he addressed the Conservative Club at Canning, Kings Co. The above is from the Yarmouth Herald which is an uncompromising Liberal machine paper. It has never lost an opportunity during the past year to snipe away at its political adversaries through its columns, in true Prussian fashion and all the time hypocritically crying "flag of truce." In the same issue as the above clipping is found editorial and other political matter seeking to show how the Tories are being wiped out in the Western Provinces. This is done for political effect. But Mr. Corning should not be allowed to even address a Ward Club in Canning, a meeting at which only Conservatives were invited.

ENCOURAGING WORDS FROM A SUBSCRIBER

One of our Colorado, U.S.A., subscribers in sending us his P. O. Order to pay for The Advertiser a year in advance says: "Say, That is some paper you get out now. It is much better than the 'Denver Post' that we get out here."

We endeavor always to give our readers the best possible, and it is encouraging to know that these efforts are appreciated.

MILITARY NOTES

Mr. Justice McKeown in his address before the Canadian Club, Halifax, Tuesday night said in part: "It was the example of such men as President Cutten and Principal Mackinnon that set on fire the youth of the land. It is for men in public life to rise up and lead our young men to battle. Then the patriotism that is smouldering in these Lower Provinces will burst into flame."

"When the years of this great conflict have passed into history," said Mr. Justice McKeown, "those who come after us will read how forty years of preparation were set at naught by a people trained in peace but invincible in war; they will learn how a people of Imperial race counted their lives not lost in the fulfilment of their plighted word."

Those who contributed to the Tobacco Fund for C Squadron, 6th C. M. R., will be interested in the following letter received from Major Lydiard from "Somewhere in France":

"The cigarettes arrived safely and it was a great pleasure for me to give them to the boys and to tell them they were sent from friends in Kentville. As is probably known the 6th, C. M. R., was broken up in transporting into infantry establishment and C Squadron now forms the 15th and 16th platoons of the C. M. R. Battalion. There are now about 100 members of the old C Squadron in these platoons and yesterday I had them remain after the others were dismissed from church parade when I gave them two packages of cigarettes apiece and told them from whom they came. The boys were going back to the trenches that night and were delighted to be remembered by the Kentville people. Kentville still holds a warm spot in their hearts and they often speak of the pleasant time spent there when the company was mobilized a year ago. On their behalf I wish to thank all who contributed to this welcome gift."

Two hundred packages were sent across then and another consignment of the same number goes forward this week.

1700 Men Enlisted for Active Service in Nova Scotia Last Week

The splendid number of recruits enlisted for active service in Nova Scotia the past week shows that the fires of patriotism are burning brightly. Out of the number 1,556 were attached to the Highland Brigade. This shows the splendid response Nova Scotians gave to the call of Colonel Borden and the 85th Battalion. Nova Scotia last week set a record that will be hard to beat.

The fact that over fifteen hundred men have already enlisted in the Highland Brigade, and that the campaign has only been in progress a little over a week, is due greatly to the splendid efforts of the men of the 85th Battalion and the Provincial Recruiting Committees.

The Counties with the number of recruits each enlisted are as follows:
