Farmer's Institute meetings will be held at North Augusta on Dec. 10, Addison on Dec. 12. The fact that no date is fixed for Athens is probably due to the lack of interest manifested by the people of the village and surrounding country. The local institute is well worthy of recognition and support, and should Athens be placed in the supplementary list of meeting places, it is to be hoped that there will be a large attendance.

Who shall say that Canadian girls are not remarkably athletic? Out of eighty-four who started in a ten mile walking contest in Toronto only three or four failed to finish, and the winner made the distance in the record time of 91 minutes, a rate of over six miles an hour. For some time several Athenian young ladies have been practicing the art of easy, graceful, swift walking, and have made records (not official) that read like a romance: To settle a question of speed, the Reporter has been asked to act as custodian of a box of chocolates, so that if citizens some evening soon see airy, fairy forms flit by and disappear in the darkness they will know that the race is on. The date is a dead secret.

The annual Thank-Offering meeting of the Woman's Foreign Missionary Society of St. Paul's Presbyterian church was held in the basement on Wednesday evening last. There was a good attendance, among those present being the officers of the Missionary Society of the Methodist church. An interesting programme bearing on missionary topics, consisting of readings and recitations, was rendered. These were varied by missionary hymns, sung by the girls of the Mission Band, and selections on the auto-harp by Miss Present. The speaker of the evening was Mrs Beach of Lyn, Presbyterian Vice-President. Her address was interesting, inspiring and helpful. Refreshments were served before the gathering dispersed. The very generous collection which was taken up expressed in a practical way the pleasure and interest of those present.
