THE COAL QUESTION.

From a point of view apart from that of immediate convenience, it is a matter of some regret that the anthracite coal strike has been settled so soon. Had it been prolonged we in Canada would, as a matter of fact, have been compelled to have made yet more vigorous effort to develop our own resources as regards combustibles and find a substitute for United States coal, and thus render ourselves independent of supplies from the neighboring republic. What remains now to stimulate our efforts in this direction is the exorbitant price we are asked to pay for American anthracite—a price which will no doubt, be immediately increased as a result of the settlement of the present difficulties.

BANK DEPOSITORS ARE REASSURED.

No Occasion for Uneasiness, Sir Frederick Williams-Taylor States.
From the Montreal Gazette:
'Sir Frederick Williams-Taylor, General Manager of the Bank of Montreal, on being asked with regard to the banking situation, stated that as president of the Canadian Bankers' Association and otherwise, he thought there had been too much talk of further banking mergers and this, obviously, had a very unsettling effect. So far as I know as president of the association and general manager of the Bank of Montreal, there are no mergers likely in the near future, and in my opinion there is no occasion whatsoever for alarm or uneasiness on the part of depositors in Canadian banks, he added.

A Word to Bank Depositors.

From the Toronto Globe:
'The Globe is constrained by a sense of duty to say to bank depositors that upon their steadiness and confidence at the present time the financial well-being of Ontario in the immediate future largely depends.
'Some of the depositors in our Canadian chartered banks have recently been making inquiries concerning their financial standing.
'Some have gone farther and have changed their deposit accounts from one bank to another.
'The Globe is assured, on the highest financial authority, that the deposits in every chartered bank carrying on business in Ontario today are amply secured, and that there is not the least necessity for concern as to their safety.
'The removal of deposits from one bank to another does not necessarily decrease their security, and it is unnecessary that the banks themselves, in times like the present, do not favor such action. It only tends still further to disturbance and unrest when confidence and security are essential.
'The Globe hopes its readers will take no part in rocking the boat.'

Two cars, one on route from Delta fair, met in collision on Wednesday in front of the Post office, causing considerable damage. A wheel on one was demolished, but the occupants escaped uninjured.

A. E. Haskins and Mrs. Putnam left for Ottawa yesterday where they will visit relatives and attend the exhibition.
