Avon, May 14th, 1914. "I have used 'Fruit-a-tives' for Indigestion and Constipation with most excellent results, and they continue to be my only medicine. I saw 'Fruit-atives' advertised with a letter in which some one recommended them very highly, so I tried them. The results were more than satisfactory, and I have no hesitation in recommending 'Fruit-atives" ANNIE A. CORBETT. Time is proving that 'Fruit-a-tives' can always be depended upon to give

prompt relief in all cases of Constipation and Stomach Trouble. 50c. a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruita-tives Limited, Ottawa.

That Liquor Collection

Abuse is not an argument.

Hon. Mr. Baxter has yet to learn

this truth. Yesterday in the

Legislature he used his favorite

dealers made by E. S. Carter in

his letter to L. A. Dugal, M. P. P.,

which that member read in his

speech. What is wanted is an

investigation into this whole bus-

iness. It is admitted by the liq-

thousands of dollars-were cul-

lected from them while amend-

ments to the Liquor License Act

What was the reason tor col-

until the contract ends. Q-Well, surely you strike a Burney. palance some time? A-They do not strike a balance until the contract is com-

pleted Q-What contract is that? A-The contract with the government for pressing hay. Q-And you are going on and getting along all the time without

striking a balance? A-It only takes three or four months. They only work in the weapon in dealing with the exwinter time. They do not work posure of the raid upon the liquor in the summer. It is only a small

Q-So you cannot tell me what profits have been realized by the Atlantic Hay Company?

A-I could not tell you because the government has limited them to \$1 a ton, and an auditor is going to be put on the books.

Q-You are limited to \$1 per ton profit j A-Yes.

Q-How many ton? A-Fifteen thousand tons. Q-So that the Atlantic Hay

Company will realize \$15,000? A-Yes, and the government has limited it to that. They had a better contract before in which they made about \$45,000 or \$50,000 but it was cut down after Carvell got after them in O tawa. He is responsible for getting \$2 a ton

Q-When do you expect to finish the contract.? A-I think they will have about another month's workthree or four weeks. Q-And then you close up the

company? A-I could not tell you that, but I know it has come. It is mentioned in the papers that Burrill and Carvell were at one another about it. I know we are

to make \$1 a ton out of it. Q-Well, that is for the present, but for the past, you must have received these \$3 a ton.? A-No, from the start of the

Q-And you agreed to that? A-B. F. Smith agreed to it. I had nothing to do with the makin of the contract.

made to the men in the ...de ? Were they falsely led to think that the opinion of the Legislature could be influenced by money? It is to their best interests, as well as the interests of the Legislature, that the facts should be exposed.

There has been too much speculating about this wretched business. Mr. Carter says one company paid \$800 to this fund. What for? What representations were made to this concern and to others that would make them think it necessary to pay over such sums? We can understand that the liquor interests would protect themselves as far as possible. But to protect themselves would not be an expensive mat-

ter of itself. There is evidence that even while their legal representatives were here demands for more were sent to St. John.

Why? That is what a Royal Commissioner would find out. Fredericton Mail.

Why Recommended

"My case was very serious and I was so sick that everybody expected my death any day. No suffering could ever be worse than what I had to endure.

I could feel at first the gravel passing through my bladder but now I am as strong as ever. I weigh about 20 lbs. more than when I started to take Gin Pills.

I beg you to publish my letter so that people may know what Gin Pills had done for me. The first box relieved me a good deal, eight boxes were sufficient to cure me entirely, and bring me back to perfect health.

B. B. Genuine White Lead links up B. H. "ENG. LISH" PAINT with a supremacy record of nearly two centuries.

LINKS IN THE B.B. AND B. H. CHAIN

1729 saw the founding of the firm of Brandram Bros., the inventors of the Brandram Process of corroding White Lead,-a process that produces a lead that has been the standard White Lead of the world ever since.

In 1906 after handling Brandram's White Lead for many years, in the Canadian market, the firm of Brandram-Henderson purchased the Brandram Bros. formulae and exclusive rights to manufacture it

in Canada. In 1909 the final link was forged when the firm decided to use B. B. Genuine White Lead in the manufacture of their B. H. "ENGLISH PAINT and after

practical tests and most careful research arrived at an exact formula guaranteed on every can under the President's signature. Thus was the chain completed.

The B. H. "ENGLISH" PAINT formula of 70 units of Brandrain's B. B. Genuine White Lead and 30 units of pure White Zinc, in all tints and white with its ironclad guarantee, makes B. H. "ENG-LISH" PAINT the Quality-Service-Paint of Canada.
