Railway News in Brief

Windsor, Ont.—E. C. Rice, C.P.R.
ticket agent, has relinquished his
duties here, after 11 years' service,
and has gone to Florida for a three
months' vacation, as he has not en-
joyed the best of health of late. He
is succeeded by W. A. Armstrong,
for 17 years in the ticket service of
the railway company in Toronto.

Kentville, N.S.—The Dominion
Atlantic Railway has moved 105,000
barrels of apples to Halifax for
export. There are still approxi-
mately 350,000 barrels left for ex-
port. From the beginning of the
season 1,490 more cars of apples
were moved than for the corre-
sponding period last year.

St. John, N.B.—During the present
season the Canadian Pacific has
hailed 2,048 cars of grain contain-
ing 4,265,908 bushels which have
been unloaded to the elevators at
West St. John, as compared with
2,063 cars with 3,473,545 bushels
during the corresponding season last
year. The elevators at West St.
John still contain a million and a
half bushels of grain.

The new Canadian Pacific Steam-
ship "Montcalm," with sails be-
tween St. John and Liverpool, is
equipped with motion pictures. The
showing of motion pictures on board
ship has proven a big success ever
since its inauguration last summer
and has met with the same popu-
larity and appreciation by pas-
sengers as other Canadian Pacific
features. The films are distinctly
and characteristically Canadian in
subject and treatment.

Victoria, B.C.—There are no bet-
ter known golf courses in the Do-
minion than those at Victoria on
Vancouver Island, no doubt due to
the fact that the game is played
every day in the year. It will,
therefore, come as a pleasant sur-
prise to know that the Cana-
dian Pacific Railway has completed
arrangements whereby guests of the
Empress Hotel at Victoria will be
accorded playing privileges on the
excellent 18-hole Colwood Course.

Winnipeg, Man.—Miss Hazel
Tompkins, candidate of the Canadian
Pacific Railway employees, is queen
of the Winnipeg winter carnival.
When the voting contest closed Miss
Tompkins had 27,955,000 votes to
her credit. Miss Katherine McTag-
gart, candidate of the Canadian Na-
tional employees, ran second with
14,262,000 votes and Miss Esther
Cummings of the T. Eaton Com-
pany, third with 12,484,000. There
were 25 candidates. Bonds were
sold to finance the carnival, each
bond bearing a voting coupon.

There has been more than usual
interest manifested since the an-
nouncement, first made by the Cana-
dian Pacific in December, of the
next international Eucharistic Con-
gress which is to be held in Rome
in May. The Canadian Pacific, as-
sociated with La Compagnie Fran-
caise du Tourisme, is organizing a
personally-conducted pilgrimage un-
der the spiritual direction of a well-
known Canadian priest. The pil-
grimage will include the famous
shrines of Italy and France, with
special optional tours to the Passion
Play at Ober-Amunghaus and the
battlegrounds of the Great War.

Edmonton, Alta.—Demonstrations
on raising of bacon type hogs, the
value of dairy cows on the farm and
the value of sheep are being given
from the train that has been out-
fitted by the Alberta Government
and is now on tour through the
province. The train itself is pro-
vided by the C.P.R. and has
Thos. Atcheson, C.P.R. agricultural
representative in charge. Repre-
senting the Provincial Government,
S. G. Carlyle, live stock commis-
sioner, is in charge of this work.
The speakers include Mr. Carlyle,
Guy Herbert, Medicine Hat; G. H. G.
Hutton, Calgary; Professor A. A.
Dowling, Captain Latimer, University
of Alberta; W. L. Carlyle, Calgary
and Dr. Morrison of the Dominion
Live Stock Veterinary service.

A Promise that has made good

When KING COLE TEA was in its
infancy we associated with it the
slogan—"You'll like the flavor." It
was a modest statement, yet when
you come to think of it, it covers all
that you are looking for in the tea of
your choice. How well KING COLE
has lived up to its promise is proved
by the many thousands of
users today.

Perfectly packed in bright foil
and price marked on every package.

"YOU'LL LIKE THE FLAVOR"

Montreal, Que.—J. J. Sullivan, for
many years well known here as
chief engineer for the C.P.R., was
elected president of the Engineering
Institute of Canada, at the annual
meeting of that body. Dr. Sullivan
succeeds the retiring president, J.
M. R. Fairbairn, present chief en-
gineer of the C.P.R. In his valedic-
tory address Mr. Fairbairn said
the past year had been a serious
one for engineers, following the re-
action from the feverish war activi-
ties, and he hoped the turning point
had been reached. The depression
had been particularly hard on the
younger members of the profession.
Despite the deflation period, the in-
stitute, for the first time in its his-
tory, showed a surplus, \$10,000, on
the year's operation.
