GRAND FALLS POWER DEVELOPMENT

Latest Reports of Important Subject Give Apparent Assurance

Movements in relation to hydro development are rapidly culminating in a confirmation of the Globe's recent report that Chief Engineer Acres had reported favorably on the general scheme of developing the Grand Falls, so far as feasibility is concerned. The announcement of a survey which would provide for a hydro line from Grand Falls to Campbellton also supports the assumption that the development of New Brunswick's "Niagara" is assured.

Hon. D. E. Smith, Chairman of the N. B. Hydro Commission; Hon. J. B. Michaud, member of the commission, and acting Chief Engineer S. R. Weston of the commission, leave on Monday for Quebec, where they will enter into negotiations with the Quebec government in relation to storage rights in Quebec for the Grand Falls scheme of development. The Quebec storage area, in its bearing on Grand Falls, is largely centered in the Temiscouata Lakes.

C. H. Lowry, C. E., expert of the Ontario Hydro Commission in the department of civil engineering and representative of Chief Engineer Acres, that commission in the latter's capacity as consulting engineer to the New Brunswick government in the matter of Grand Falls development, arrived at noon from Toronto. Mr. Lowry will leave on Friday for Grand Falls to make a survey of the storage possibilities at the head waters of the St. John. He will be accompanied by C. McN. Steeves, M. Sc., M.E.I.C., of the engineering staff of the N. B. Hydro Commission, formerly chief engineer of the Federal Public Works Department here—St. John Globe.

MRS. ROBERT SUTHERLAND

Death has claimed another victim in Riley Brook in the person of Mrs. Robt. Sutherland. The deceased had been in failing health for the last two years or more. She suffered much but was patient during it all. A husband, five boys and three girls are left to mourn the loss of a faithful companion and mother.

The funeral service was held in the Presbyterian church on Wednesday, Jan. 16, conducted by Rev. H. A. Slipprelle, Baptist, who spoke from II Timothy 4:7-8. "I have fought a good fight, I have finished my course, I have kept the faith. Henceforth there is laid up for me a crown of righteousness, which the Lord, the righteous judge shall give me at that day, and not to me only, but unto all them also that love his appearing." Not only was this her selection of a text, but she asked to have the following hymns sung at her funeral—How firm a foundation, and "There's a land that is fairer than day." The burial service was conducted at the grave by the L. O. B. A. of which she was a member.

\$5,000 DAMAGE IN HARTLAND BLAZE

Residence, Barn and Woodshed Completely Destroyed by Fire

The residence, barn and woodshed of Thomas Thistle, situated in High street, were totally destroyed by fire Friday morning, only the furniture of the downstairs rooms being saved. The loss is estimated at about \$5,000, although there is some insurance.

The fire caught at about 10 o'clock in the morning in the upper storey and spread so rapidly that nothing of the upstairs furniture could be saved. It is believed that a defective fuse was the cause as there were no stores in the upper part of the house. The flames licked up the whole property, and only charred embers were left.

Fire Marshall H. H. McEldan was passing through Hartland having completed his inquiry into the cause of the recent fire in Florenceville, and he stopped off to look over the ruins of the Thistle property.

ELECTED OFFICERS

The New Brunswick Seed Potato Growers' Association which was organized at Fredericton last week at the annual meeting of the N. B. Farmers' and Dairymen's Association, completed organization by electing of officers as follows: President, A. D. McCain, Florenceville; Vice-president, Dr. S. McL. Doherty, Petit Rocher; Secretary Treasurer, O. C. Hicks; Auditor, A. J. Donnett, M. P., Notre Dame; Managing Committee, A. D. McCain, Florenceville; J. T. Stewart, Dalhousie; Alex. Secord, Mouth Kenwick; Harold Secord, Penobscia.

CARLETON ELECTRIC LIGHT BETTER THAN AROOSTOOK

The Presque Isle Star-Herald says: It is claimed that the newly installed extension of the Gould Electric Company, which lights Woodstock and other St. John River Valley towns is a better service than most of the towns in Aroostook are getting. This is not very satisfactorily accounted for but it is claimed to be a fact by those who have noted the difference there and here.

HARD TIMES ON WHEELS

Fredericton Mail.) Premier Veniot told the farmers and dairymen last evening that there were twenty thousand automobiles owned in New Brunswick at the present time, estimated to be worth \$20,000,000. It costs about \$4,500,000 annually to keep them in repair and \$1,500,000 is expended each year for gasoline. And yet people are constantly complaining of hard times.

NEW ROUTE FOR M. C. CONNECTION

Connecting Link Between Prince William and Vanceboro Now Being Surveyed

According to the Fredericton Mail, the C. N. R. is contemplating the construction of a connecting link between Prince William station on the Valley railway and Vanceboro. This will do away with the Meductic to Danforth extension passed by parliament but defeated by the Senate last session. The route now proposed would give the C. N. R. direct connection with the Maine Central and access to New England points without going over C. P. R. rails as is at present necessary. It is said the new route can be found at easy gradient and miles shorter than the existing rail route, and for North Shore, Prince Edward Island and Nova Scotia products, shorter than the proposed Meductic route.

Last session of Parliament T. W. Caldwell, M. P., was active in pushing through the Meductic connecting link.

MR. G. E. KNIGHT WILL PREACH AT HARTLAND U. B. CHURCH

In spite of the severe cold weather the services at the Hartland United Baptist church were well attended on Sunday last especially in the evening when the church was filled to capacity. At the close of the service the ordinance of baptism was administered to four candidates. Next Sunday Mr. G. E. Knight will preach at both the morning and evening services, in the absence of the pastor. Mr. Knight has rendered exceptionally fine service to the church as leader of the singing in connection with the special meetings just closed. Mr. Knight is a clear forceful speaker and well worth hearing. Special music will be rendered by Mr. Knight and the choir.

GRAND FALLS

We are certainly having cold stormy weather here now. The coldest this winter.

Miss Bessie Fraser had quite a bad fall near the school house Thursday afternoon. Miss Fraser had just been getting out after a sick spell and the fall and shock has put her back again. Ford Merritt is home from a visit with friends in Truro.

Mr. and Mrs. Arthur Chamberland entertained a number of their friends Thursday evening in honor of Leo St. Pierre of Edmundston. Among those present were Mr. and Mrs. J. D. Bloddeau, Misses Helena Burgess, Ida McCluskey, Juliet Bonleau, Monica Martin and Lodvina Long; Messrs. (Dr.) Verrille, Alpha Levesque, Rene Cyr, Gerald Brochan, Leo St. Pierre. Cards were the amusement of the evening. Luncheon was served and all enjoyed a very pleasant time.

Nor in New York

Mr. A. T. O'Leary, of A. T. O'Leary & Co. Colliery Agents, has received a letter from New York which says in reference to Mr. O'Leary's Chocolates, "Nothing can be bought in this country to equal them."

And in almost identical lan-

guage comes a letter direct to Mr. O'Leary from Roxbury, Massachusetts, saying: "Nothing to be had here like Mr. O'Leary's."

The people of Nova Scotia deserve the credit for Mr. O'Leary's Chocolates. The high standard of their taste led to the high standard of the chocolates.
