Ladies Achieved Success in Spite of Sickness in Home.

Annual Meeting of Home of the Friendless Yesterday.

Mrs. Robert Evans Again at Head of Institution.

The thirty-eighth annual meeting of the Home of the Friendless and Infants' Home was held yesterday afternoon in the parlors of the institution, on Caroline street, with a large attendance. The past year has been a successful one, despite the fact that a virulent skin disease broke out in the Home, which had to be combated by a large force of doctors, and the president, who worked steadily the whole time, taking considerable risk. Mrs. Evans, the president, for her unselfish effort was given a unanimous vote of thanks yesterday. The annual report showed that there had been 87 inmates during the year, 68 of whom were children—37 boys and 31 girls. Eight deaths among the infants took place and three of the officers of the Home died. The ward to ward collections increased greatly. Last year's increase over the previous year was \$60. GREAT FUR SWINDLE.

Hundred and Fifty New York Dealers Have Been Defrauded.

Poughkeepsie, N. Y., Nov. 26.—District Attorney John E. Mack, of Dutchess County, and the local police are endeavoring to uncover a swindle which promises to grow to gigantic proportions. The swindle is a statement made by the district attorney to-night. Variants of the swindle have been issued for three months of a party of seven or eight men who have been ordering furs from at least 150 furriers in New York City and having the consignments shipped to a store that has been open here but a short time. As fast as the furs came to the store, it is alleged, they were re-shipped, and the New York firms are unable to locate their furs or get any payment for them. The furs are valued at between \$15,000 and \$16,000. The District Attorney has taken possession of the store, and developments are expected within a few days.

## JAP IMMIGRATION.

MR. LEMIEUX DISCUSSES QUESTION WITH BARON HAYASHI.

Received Assurance that the Mikado's Government is Planning the Limitation of Immigration to Canada—Emigration Companies to Discuss Situation.

Tokio, Nov. 26.—Rodolphe Lemieux, Canadian Postmaster-General and Minister of Labor, to-day had a conference lasting three hours with Minister of Foreign Affairs Hayashi, at which the emigration problem was discussed. It is understood that he received assurances that the Japanese Government is now engaged in planning the limitation of immigration to Canada. The opinion is entertained here that after the return of Kiki Yiro Ishii, chief of the Bureau of Commerce of the Foreign Office, the Government will announce its decision to limit the emigration of all classes of Japanese to America, pending the adjustment of the existing differences. A meeting of the various emigration companies, at which the situation has been discussed, has been called to convene at the Chamber of Commerce on Tuesday, Dec. 3. The Emperor is indisposed and unable to grant Mr. Lemieux an audience, but the Empress will receive him at lunch on Thursday.

St. John, N. B., Nov. 26.—The Telegraph will announce to-morrow, from what it declares a source which cannot be questioned, that a few days before his execution Thomas F. Collins, hanged at Hopedale on Nov. 15, for the murder of Mary Ann McAuley at New Ireland, N. B., made a verbal confession that he committed the murder. The confession was made in the presence of Rev. H. B. Thomas, who ministered to Collins in his last hours; Sheriff Lynds, and a third party, whose name is withheld. Collins said that after killing the woman with the axe he hid it in Father McAuley's bedroom, where it was not found until months later.

New York, Nov. 26.—Louis McElroy, an electrical engineer, shot and instantly killed himself to-day on the roof of his home in Upper Eighth avenue, after a desperate struggle with his wife, in which she attempted to prevent him taking his life. ## DISASTER ON BLACK SEA.

Over Two Thousand Persons Have Perished in Storms.

Kenora, Nov. 26.—A collision occurred to-day a few miles east of Hawk, Ont., when freight No. 718, loaded with G. T. P. steel, crashed into the rear end of freight No. 602. The engine and some five cars of steel were pitched into the lake. Engineer Melvin and Fireman McKay, on the rear train, were seriously injured, and brought to the hospital here. Owing to the peculiar turn of the road at that point flagging was not observed at a sufficient distance to prevent the collision.

## BARONESS FOR HIS PARTNER.

REGINALD SPAULDING'S SCHEME RE COURT PRESENTATIONS.

Lady Suffield Denies All Knowledge of the Man—Spaulding Tells Police That He is Acting in Conjunction With Daughter of the Famous Henry Baring.

London, Nov. 26.—"I've never heard of Reginald Spaulding in my life and can't imagine how he came to select my name upon which to hang a fabrication about a debt," said Lady Suffield to-day through her husband, Baron Suffield. Lady Suffield is a daughter of the late Henry Baring, founder of the great financial house of that name, and a sister of Lord Revelstoke, the present head of the house. She is at present a Lady of the Bedchamber to Her Majesty, Queen Alexandra. The story of a debt in connection with her would seem amusing, even without a denial.

## Spaulding Attempts Suicide.

Pittsburg, Nov. 26.—Reginald Spaulding, the young Englishman arrested here on Saturday, has made the astounding statement that he has been authorized by Lady Suffield, Lady of the Bedchamber to Queen Alexandra, to negotiate with Pittsburg millowners for presentation at the Court of St. James' for a financial consideration. While this sensation was sweeping over the city Spaulding put a climax to the developments of the day by attempting to kill himself. Sentenced to five days in jail, pending investigation, Spaulding was hurried to the Bertillon bureau. He fought every move made to take his measurements. When the camera was brought out he leaped toward a tray of chemicals, and before he could be prevented had swallowed the contents of a bottle. Only the fact that he seized the wrong jar saved his life. "What he swallowed was a vial of salts. Beside it was enough cyanide of potassium to kill half a dozen men."

Spaulding's revelations regarding Lady Suffield were made while he was being taken before Magistrate Brady this afternoon. Brought from the cell-room at the Central station, where he had reposed since Saturday night, and arraigned on the charge of being a suspicious person, he was asked what he had to say in his defense.

"I can't see for the life of me," was the reply, "why you have brought me here. I came to America and to Pittsburg on a legitimate enterprise, which I am fully able to carry out."

"I have a great friend in the Countess of Suffield. You may not know her, but the Countess and her husband, the Earl of Suffield, have always been very close to King Edward. In fact, they were members of his household while he was still the Prince of Wales. The Countess and the Earl entertained the King lavishly while he was Prince, and largely through his entertainment they became impoverished, and have continued so since."

"More than a year ago the Countess of Suffield borrowed a sum of money from me. She has been unable to pay it back since, and she told me that if I knew of any rich Americans who would be introduced at court she would make the presentation in lieu of the money she owed me, I to make out of it what I could."

"It was on this proposition that I came to Pittsburg. This sort of thing is done in England. I had no idea I was doing any wrong, and I was willing to introduce daughters of wealthy Pittsburgers to the Court of England."

(While the Suffields are often called Earl and Countess, it is true titles are Baron and Lady.)

"I made no false representations when I advertised that I would make the presentations. I can do it. It can be done through the Countess of Suffield, who is my friend. If she can make money through her social influence, why can't I?"

"That Spaulding is an ordinary man, there is ample reason for believing. He has all the polish of a drawing-room favorite, and his knowledge of English society is thorough, from whatever source it has been secured. And the confidence that he has been able to inspire in those whom the police declare he intended to victimize is striking. Men as well as women have been his dupes. He advertised last week for a man possessing \$500 to accompany him on a foreign trip as secretary, and received an answer from a Pittsburg man, who is worth at least \$2,000,000. This man consented to occupy the position in order that he might be introduced abroad by the Englishman."

The police believe Spaulding to be the man who under the name of Oscar Frederick Spate was connected with a proposed scheme to put chairs in Central Park, New York, a few years ago, and rent them to park visitors.

POLICEMAN DISMISSED.

Beila Commissioners Wished to Be Easy With Him.

Berlin, Ont., Nov. 26.—For having released William Castor, charged with attempted housebreaking, Police Constable Winterhalt, for twenty years on the Berlin force, has been dismissed by the Police Commission, but with the recommendation that he be granted a pension, and that his employment be found for him.

The alleged housebreaker had been handed over to the officer by Landlord Zinger, of the Hotel Brunswick, and Winterhalt's plea for having released the man was that he had not seen Castor doing anything wrong. Castor was subsequently arrested by P. C. Gertsig and is on remand.

## Winnipeg Woman's Suicide.

Winnipeg, Nov. 26.—A woman of the underworld named Amy Proctor committed suicide in apartments on Albert street by drinking carbolic acid.

## WILD TIMES.

INDIAN DEBAUCHERY ON KAMASK AND OTHER RESERVATIONS.

Girls' School Broken Into and Inmates Made Drunk and Maltreated—Whites and Halfbreeds Took a Hand in the Orgies.

Winnipeg, Nov. 26.—Unscrupulous whites, halfbreeds and Indians in search of excitement, have been debauching the Indians on the reservations at Kamask, Keyes and Pelly, forcing the Dominion Government to take action and institute wholesale prosecutions. Debaucheries have been indulged in which have left some participants lying in the bush in an incapacitated state for two days at a time. The Indian school was broken into, and the occupants of one of the girls' dormitories kept in intoxicated and assaulted by a band of young roughs, and gambling and vice have been rampant at Kamask, where the Indians, whites and halfbreeds have indulged in wild and disgusting orgies. These are facts obtained by the Department of Indian Affairs, which placed the matter in the hands of the Canadian Detective Agency.

Mr. Charles Driver, the local superintendent, despatched a detective to the scene of the alleged trouble, with the result that some forty odd prosecutions are taking place, while a report has been received by the department showing that the state of affairs was deplorable. As far as information has been received there have been twenty-three convictions. After working for some time the detective collected sufficient material to convict a large number of offenders, and the department decided on stamping out the evil at once.

"Notice was sent to the reserve that a 'give-away dance,' an Indian dance, that usually results in excesses and vicious freedom, would take place at Kamask on Nov. 21. All the suspects therefore were counted on attending, and when they did there was a wholesale raid by the police, who worked from early morning of Thursday and the greater part of the following day, in placing the men they wanted under arrest."

On Saturday morning the court was opened at 10 o'clock, and many fines and sentences were imposed. A man who ran a butcher shop there was sent to jail for nine months, and fined \$500.

## TOOK HIS LIFE.

DEPOSED PRESIDENT OF BROOKLYN BANK SUICIDES.

Had Been Indicted on Charges of Forgery and Larceny—Made Despondent by the Desertion of His Financial Friends.

New York, Nov. 26.—Howard Maxwell, deposed President of the Borough Bank of Brooklyn, who was under indictment for grand larceny and forgery, and was last seen in the city on Nov. 20, committed suicide to-day. He cut his throat and left wrist with a razor and penknife in the bathroom at his home in Brooklyn, and died to-night at the Long Island College Hospital.

Maxwell, who was locked up last Thursday, had felt his humiliation keenly, and during his incarceration had appeared hopelessly despondent. He had, however, given his family no intimation so far as known that he contemplated making away with himself. His wife was petrified by the tragedy, and was under the care of physicians to-night.

Maxwell was 49 years old and leaves a wife but no children. On November 21 he was jointly indicted for grand larceny and forgery by the grand jury.

Maxwell was a partner in the Borough Bank with Cashier Arthur Campbell and Director William Gov. of the Borough Bank, who were indicted for grand larceny and forgery in a quarterly bank statement made to the State banking department. When these three men were arraigned Campbell and Gov. secured bondmen, but to the surprise of many who knew Maxwell's popularity in financial circles and socially, none offered to go up his bond. For some time only his four sisters, who, offering the home left them by their mother, who died three days after the Borough Bank suspended, could secure only a \$10,000 bond, came to his aid.

The desertion on the part of men to whom he had looked for his freedom, it is said, embittered and depressed Maxwell, and the despondency increased before his release was brought about. During his arraignment Maxwell's counsel stated that his client had put up every dollar in the world that he possessed to secure the bail, and that he had actually stripped himself to protect that institution.

## ROBBED OF SILVERWARE.

Burglars Do a Well-Planned Job at Montreal.

Montreal, Nov. 26.—The residence of Mr. James Crathern, MacGregor street, was robbed early this morning and about \$3,000 worth of silverware taken. About midnight two men were noticed on Sherbrooke street west, and while near a citizen one made the remark to his comrade, "Crathern or Shaughnessy, which?" These two men are suspected of the robbery. They brought a ladder with them and opened a door leading from the balcony to the dining room. The booty was put in bags and lowered from the balcony by means of a rope made from two linen table cloths. The balcony had been carefully swept of snow with a broom, probably so that no traces might be left. The loss is partially covered by insurance.

## IN THE TOILS.

J. F. LAVERN WANTED IN OTTAWA ON CHARGE OF BIGAMY.

Wonderful Tales Told at Sault Ste. Marie Regarding the Prisoner's Adventures in New York, and His Matrimonial Experiences.

Sault Ste. Marie, Ont., Nov. 26.—J. F. Lavern, alias Lange, was arrested on the American side yesterday and brought to Canada by Chief of Police Downey. He will be sent to Ottawa to answer a charge of bigamy. Canadian officers were notified of the case by the Chief of Police of Ottawa, and the man was identified from a picture enclosed in a letter from there. It is also asserted by the police that Lavern was connected with a recent diamond robbery in New York.

When taken to police headquarters he was attired in fashionable wearing apparel, and appeared to be a man of prosperity. He promptly asserted his innocence and demanded a lawyer. The police ransacked his pockets and brought to light 40 cents, apparently all the money he had. When arrested Lavern was told that American officers intended to notify the New York police, so he consented to come to the Canadian side without trouble.

Lavern's pockets contained a number of letters from women, mostly from Duluth, Calgary and Hancock. Lavern is wanted in Ogdensburg, N. Y., on a bigamy charge. It is said he graduated from a livery stable to the well set of New York, and secured \$5,000 in jewels from Olive Jewett there before decamping from the metropolis on a marrying tour.

Lavern has a wife in Ottawa, where he posed as a New York millionaire. While there he masqueraded under the name of Lange. It is said Lavern has two children in Ogdensburg, aged six and ten years.
