

VARIETIES.

GOING TO CUBA.—Large numbers of machinists and other mechanics, are said to be going from Boston to Cuba.

COAL AND POTATOES.—According to the New York Courier, that city has a very full supply of coal, and the price is falling, much to the annoyance of speculators.

HOW TO SECURE A LONG LIFE.—Rabbi Sera was asked by his disciples how he attained such a long life. "Never," he answered, "was I easily excited in my house; never did I think on the law in an unclean place; never did I walk four yards without studying on some part of it; never did I sleep or slumber in a house where they taught the Word of God; never did I rejoice at an evil which happened to my neighbor; and never did I call any man by a nick-name, given to him in derision or sport."

PUGILISTIC PUNCTUATION.—At a dinner-table a dandy was seated at the top, and an honest plain-dealing farmer at the bottom. When the cheese was introduced, the fop in an affected, mincing tone, asked the company whether they would take the cheese, and whether they preferred the pure or impure. On asking the farmer, the old man replied, "Hang your pure or impure, give me the musty." "Sir," said the dandy, "I must beg leave to tell you that you have made many incoherent speeches during dinner; and sir, if I have any reputation of your insolence, I shall place my thumb and finger on each side of your nose, and make a parenthesis of it."

THE VALUE OF WHAT IS COMMON.—Through the vulgar error of undervaluing what is common, we are apt, indeed, to pass these by as of but little worth. But as in the outward creation, so in the soul, the common is the most precious. Science and art may invent splendid modes of illuminating the apartments of the opulent; but these are all poor and worthless compared with the light which the sun sends into our windows, which he pours freely, impartially, over hill and valley, which kindles daily the eastern and western sky; and so the common lights of reason, and conscience, and love, are of more worth and dignity than the rare endowments which give celebrity to a few.

BREVITY.—Sidney Smith tenderly implored every writing man before he put pen to paper to think of the Deluge—to gaze on Noah and be brief. Mankind, he said, cannot now lounge over a pamphlet for ten years, as they did before their submersion, when an average life extended to eight hundred years. In the ark moreover, a great deal of matter was crowded into a very little space. Therefore, on all accounts, gaze on Noah, and be brief.

GOING THE WHOLE HOORHEAD.—What beverage did the officers of the 46th Regiment manufacture, and how much of it? They made a but of Perry. [Not bad this, for an out-cyder.]

An Anxious Student wishes to know if a man's head is anything clearer for having a pain (pains) in it.

A very honest chap in Boston, who wished to sell his horse, advertised it as follows:—"For sale, a brown horse, with a Roman nose, in condition, and very fond of travelling—having run away four times within a week!"

The sensitive actor who couldn't sit in the same room with a tea-urn on account of its hissing, has just been killed with a "burst of applause."

The celebrated artist, who crowded so naturally that the sun rose three hours before its time, has recently finished a picture of the moon, that's painted with such wonderful fidelity to nature that it can't be seen in the daytime.

The busybody who spent half his time in picking holes in the coats of his neighbours, turns out to be a tailor.

The musician who plays the Scotch fiddle has gone into partnership with the dancing-master who teaches the St. Vitus's dance.

The English lady of fashion, who sent to the fishmonger's for a pair of gutta-percha soles, has been taking her children to Madame Tussaud's to have them properly waxed.

The young lady who fancied cucumbers grew in slices has recently been married to the young gentleman who sent over to St. Petersburg a large cargo of hearstones for cleaning the steppes of Russia.

The old maid who fainted away, because she heard there was a "Bath chap" in the house, has since gone raving mad upon being asked by a gentleman at supper "whether she would put her lips to a sherry goblet."

Is a Jew's eye worth more than his I O U?

A lunatic Irishman was observed one evening slicing a potato into his hot whiskey toddy. "What are you about?" inquired Charley. "It's punch I am making, dear," replied Pat. "But what are you slicing that in for?" "To give it flavour." "What a potato flavour!" "Sure and isn't a flavour a flavour, whether it's lemon or potato?"

"Give me a kiss my charming Sal!" "A lover said to a blue-eyed girl: "I won't," said she, "you lay off; "Sweeten your mouth and help yourself!"

R. R. R. Highly Important to the Public.

The Sick cured on the R. R. R. Theory. THREE GREAT REMEDIES.

The attention of the public is particularly directed to the three quick and powerful remedies discovered by Radway & Co. So quick, so powerful, so effectual, so safe, so pleasant, are these remedies in stopping pain, checking disease, expelling from the body all food and corrupt humors, all diseased and poisonous deposits, and curing the weak, feeble, and fragile frame, worn out by disease and long suffering, to sound health and long life, that whoever uses these remedies, and becomes familiar with the R. R. R. Theory, will never want a physician, unless it is in some critical surgical case. The R. R. R. Remedies will never fail—they prove themselves in the worst cases in less than twenty-four hours.

They investigate, they separate, they regulate, they relieve the suffering, pain-stricken invalid from the most torturing pain in a few minutes.

They restore the sick and diseased body to health and longevity.

To the low spirited and nervous they impart joyfulness, vigor, and a happy sleep.

To the aged and infirm, whose constitutions are worn out by decrepitude and limbs palsied and enfeebled, they impart the elasticity and buoyancy of manhood in its prime.

To the young, who, between the period of youth and manhood, undergo their natural strength, who are afflicted with languor, lassitude, loss of appetite, gloomy feelings, &c., they impart to the recuperative organs a healthy regularity of action.

To the thoughtless and victims of animal passions, who have wasted away their strength in folly and revelry, they check the waste of manhood, and restore every organ to a sound and natural condition.

To all who suffer pain, to all afflicted with disease, the R. R. R. REMEDIES will quickly and effectually free the sufferer from misery, and render the body more capable of enjoying sound health and long life.

R. R. R. REMEDIES.

The R. R. R. Theory requires only three remedies for the cure of the sick, and the protection of the human system against sudden attacks of violent diseases.

No. 1.—RADWAY'S READY RELIEF.—For the instant Relief of Pain, and quick cure of Acute Maladies.

No. 2.—RADWAY'S REVOLVING RESOLVENT.—For the efficient cure of all Chronic and Scrophulous Diseases that have been lingering in the System, corrupting the Human Body, for Five, Ten, Twenty, or Forty Years.

No. 3.—RADWAY'S REGULATORS.—For restoring and regulating to a healthy and harmonious action all the Organs in the System. A mild and effectual cathartic.

R. R. R.—No. 1.—RADWAY'S READY RELIEF is for the instant relief of the sufferer from pain, and to check and arrest the progress of disease; to disinfest animal, malarious, and infectious poisons, thus protecting whoever uses it against all poisonous infection, from Contagion, and from sudden attacks of Cholera, Pneumonia, Shilly Fever, Fever and Ague, &c. Liberates for the effectual and radical removal of all pains and diseases of the Joints, Limbs, Nerves, &c., in from five to fifteen minutes.

RADWAY'S READY RELIEF will stop the most distressing and violent pains, either internal or external—Nervous, Neuralgic, Bilious, or Rheumatic.

A FETTER IN THE FAMILY.—Every family should keep a supply of RADWAY'S READY RELIEF in their houses—it is useful in so many ailments—it is always beneficial; he guarantees it is a sure cure for Cholera, if taken in its first symptoms. If used when violent epidemics prevail, it will save life.

R. R. R.—No. 2.—RADWAY'S REVOLVING RESOLVENT.—We have said that for all chronic diseases, the REVOLVING RESOLVENT is the most effectual remedy that has been discovered in the system for TEN, TWENTY, or FORTY YEARS.

Every person who has been troubled with any complaint for years, will receive the REVOLVING RESOLVENT to cure a perfect cure. The action of the RESOLVENT is directed first to the absorbents, stimulating them into action; and, second to the blood, which it dephlegmas by its alternative action over the glands of the liver, pancreas, kidneys, &c., which are the sources that nature has established for purifying the blood. You will, after this description, we hope, appreciate the name we have given to the second of the R. R. R. REMEDIES OF REVOLVING RESOLVENT. It resolves away diseased deposits; purifies the blood, and restores the system. Tumors are removed and dissolved by its operation; Chronic Swellings are dissipated; Nodes are softened and melted away. The most loathsome Skin diseases disappear under its action; Scrophulous constitutions are soon amended, and the disease checked wherever it has attacked the system. Syphilis, with all its horrible train of concomitants, here find a certain and infallible cure; and Consumption, too, often finds its master. For Chronic Dyspepsia, RADWAY'S REVOLVING RESOLVENT is not only an effectual, but quick cure.

BRONCHITIS.—We know of no remedy, nor of any treatment that will so quickly and effectually cure Bronchitis as the RESOLVENT. It is in all old Chronic cases where RADWAY'S REVOLVING RESOLVENT will be most appreciated.

De Procrustes Power.—Married persons, who are not blessed with offspring, if the difficulty arises from imperfect organs and incompetency, will find the R. R. R. Resolvent of great benefit.

DYSPEPSIA, WATER BRASH.—This distressing disease is generally the result of a low grade of Chronic inflammation of the Stomach. The patient, who generally feels well enough when the stomach is empty, is afflicted with the most distressing symptoms on taking food. Water Brash originates, with various causes, but is generally accompanied with costive bowels.

TREATMENT.—Resolvent three times per day after meals, dessert spoonful. One Regulator on going to bed at night, to keep the bowels open and regular. When the Heart Burn is very distressing, a dose of the Relief taken in water will promptly relieve it.

The public may rely upon an effectual cure of the following diseases by using the Revolving Resolvent:—

Chronic Rheumatism, Scrophulous Affections, Glandular Swellings, Hoarseness, Hacking dry Cough, Cancerous Affections, Syphilitic Complaints, Bleeding of the Lungs, Dyspepsia, Water Brash, Tic Dolorous, White Swellings, Tumors, Ulcers, Skin Diseases, Hip Diseases, Female Complaints, Gonorrhoea, Stricture, Salt Rheum, Consumption, Liver Complaint.

R. R. R.—No. 3.—RADWAY'S REGULATORS.—THE THIRD GREAT MEDICAL DISCOVERY OF RADWAY & CO.—Our Regulator is sufficient to regulate the Bowels, Liver, and Pancreas to a healthy and harmonious discharge of their functions.

It will induce a pleasant discharge from the bowels at a regular period of time every day.

Four to six will purge thoroughly all corrupt and poisonous humors from the alimentary canal.

IMPORTANT TO PILL TAKERS.—Every one who is in the habit of taking pills will find RADWAY'S REGULATORS the most pleasant, safe, effectual regulator of the Bowels, Liver, and Pancreas, and the most CERTAIN PURGER OF THE BLOOD in use.

One of RADWAY'S REGULATORS is superior in point of medical strength and efficacy, to six of the most powerful and best approved Cathartic Pills.

All Positive or Cathartic Pills are made from the crude materials of their composition: the inert and active principles are combined together, and the pills are made up of this common mass, so that out of six pills the patient has to swallow, all the really and truly medicinal virtues of the same would not make more than two pills. Every chemist well knows that out of the crude materials of drugs, roots, herbs, barks, plants, &c., there is only a yield of one tenth of medicinal virtue. We seriously believe that more health may be secured by extending the system with useless physic than from disease. No more medicine should be given to a patient than what is necessary to produce the desired effect, and to overload the system with useless drugs is not only checking the action of active virtues, but is inflicting serious labour upon the already shattered constitution.

R. R. R. Remedies are based upon this principle—there is no such difference, in point of strength and efficacy, between Radway's Regulators and all other Cathartic Pills, as there is between quinine and common bark, or medicine and opium.

RADWAY'S REGULATORS, therefore, are the best pills for the sick to take, one being sufficient in all ordinary difficulties, and two possessing a greater and better power than any six of the most approved pills known.

RADWAY'S REGULATORS are a certain cure for Constipation, Liver Complaint, Kidney Complaint, Jaundice, Head Aches, Nervousness, Melancholy, Diseases of the Bladder, FEMALE DYSPEPSIA, Leucorrhoea, Fluor Alba, Whites, and Irregularities of all kinds. BLENNORRHOEA, Stricture, the Stricture, Bilious Colic, Relaxation of the Spleen, and all Chronic Affections of the Liver and Kidneys.

RADWAY'S REGULATORS are most carefully prepared from extracts and gums of roots, plants, roots, and herbs. There are no pills in use that will act upon the Liver, Pancreas, Bowels, the Salivary Glands and Nerves, so pleasantly and so effectually as the R. R. REGULATORS. No pills can be taken for any length of time with the same safety to the constitution; for, instead of debilitating the system by powerful and drastic purging, they act pleasantly on the bowels, and impart strength to every nerve and tissue of the body.

One of the REGULATORS, taken on going to bed, will induce a regular and healthy discharge from the bowels in the morning. In cases where eight or ten of the REGULATORS are used for one or two consecutive, two or three of the REGULATORS are sufficient.

NO CALOMEL or other poisonous drug enters their composition—they are entirely vegetable. They are pleasant to take, elegantly coated with a medicinal gum, are perfectly tasteless, and free from smell. No person can take any quantity of them for one or two consecutive, two or three of the REGULATORS are sufficient.

CAUTION.—There is a counterfeit Ready Relief in the market; the labels are very similar to the labels on the genuine. Purchase only of authorized agents, and inquire of the person you purchase from if they know it to be genuine. If you do not find relief from pain taken upon the label, do not take more, but return the purchase, and inform us from whom you purchased.

Elkington & Co's Patent Electroplate.

HAS been before the public since 1841, and after the most severe test of wear, in the vessels of the Royal Mail Steam Packet Company, the Peninsular and Oriental Company, the General Steam Ship Company, the Pacific Steam Navigation Company, and numerous Club Houses, Hotels, and Private Houses, every part of the world, continues to give the most unqualified satisfaction, applying as it does all the advantages of silver in utility and beauty of effect; and it will be found that the interest of money upon the cost of silver Goods for a period of seven years is sufficient to purchase Electro Plate, and this, with the now established fact of its extreme durability, makes it a matter of great importance to all purchasers of silver articles. It must be evident that the wear of all articles depends on the thickness of the deposit, and the Patents offer with great satisfaction to the award made by the Royal Commission of the Great Exhibition, 1851, OF THE FIRST CLASS ON COUNCIL MEDAL for these productions.

A large assortment of the above Goods has just arrived per Clove, direct from the manufacturers, and is now ready for sale. WILLIAM HEARD.
